2017 STRATEGIC PRIORITIES:

High Speed Rail

The City of Morgan Hill will directly advocate for our community's needs through our communications, discussions, and decisions. We will continue to engage the community, the High Speed Rail Authority, our state and federal legislators, and other regional agencies to mitigate negative impacts and convey our position that the High Speed Rail Authority should only use the existing Highway 101 right-of-way to avoid all impacts to residents, schools, and businesses. Should the Authority decide the 101 right-of-way is not feasible, we will strongly advocate for the route with the least impact on Morgan Hill.

Inclusiveness

We will celebrate the diversity, history, and culture of our community. Through City Council workshops, community meetings, and researching successes in other communities, the City will listen to and collaborate with the community to define how inclusiveness will be further woven into our community's fabric and to increase public participation. The City's communications, services, public spaces, and projects will embrace all community members as partners, advancing our vision of being a socially responsible community.

Infrastructure

The City will review its streets, parks, and public facilities infrastructure needs initially by updating its 2014 infrastructure study to quantify the funding gap. We will identify potential funding options as ongoing revenue is insufficient to fund our vital community assets at a sustainable level without significantly impacting existing service levels that our community has come to expect. Morgan Hill will actively work with the Valley Transportation Agency, the County, and the State to secure funding for the Santa Teresa extension and road maintenance. We will continue to work closely with our community to inform them of the needs and engage them to find an affordable and sustainable solution.

Regional Initiatives

City Council and staff will focus on influencing regional decisions that benefit Morgan Hill. This regional involvement will include, but not be limited to, partnering with the League of California Cities, Valley Transportation Authority, Santa Clara Valley Water District, Cities Association of Santa Clara County, the City of Gilroy, Santa Clara County, Morgan Hill Unified School District, the Local Agency Formation Commission, the Open Space Authority, and Silicon Valley Clean Energy to advance projects that further Sustainable Morgan Hill.

Telecommunications

The City will collaborate with the private sector to explore ways to provide fast, reliable access and wireless connectivity for residents and businesses. The 2016 Telecommunications Infrastructure and Economic Development Blueprint reports will be the foundation for continuing discussions with broadband providers, public utilities, and other infrastructure service providers in developing an implementation plan for growing our telecommunications infrastructure. The plan will be used to signal Morgan Hill's support for business expansion.

PARKS AND RECREATION COMMISSION STAFF REPORT

MEETING DATE: June 20, 2017

APPROVED BY: Chris Ghione, Community Services Director

COMMUNITY SERVICES DEPARTMENT FACILITY RENTAL REPORT

RECOMMENDATION(S)

Receive report on facility rentals at recreation facilities

REPORT NARRATIVE:

The Community Services Department (CSD) is responsible for event management, facility leases, and daily reservations for use of the City's parks and recreation facilities. Balancing cost-recovery with community access and affordability is the foundation for all recreation service delivery. The CSD Team strives to balance local and regional use to ensure that the Morgan Hill community's recreation facility needs are satisfied, while at the same time encouraging individuals and groups from the Bay Area to utilize the City's facilities. This provides the City with an opportunity to serve its local groups and generate additional revenue by hosting large events (such as sports tournaments), including sales and transient occupancy taxes. The RCSD Team continually evaluates facility usage, user demand and CSD program needs.

Room Rentals

Rooms are available to rent at the Community and Cultural Center (CCC), Centennial Recreation Center (CRC), Aquatics Center (AC) and Council Chamber Building. Hourly room rental rates are differentiated by time of rental between peak time (Friday 5:00pm through Sunday night), sub-peak (CCC only – Friday 5:00pm-1:00am) and non-peak (CCC – Sunday 2:00pm-Friday 5:00pm, CRC and AC – Monday 6:00am-Friday 5:00pm), as well as by the status of the group or individual renting (resident, non-resident, non-profit). Rental rates are highest during peak rental times and vary depending on the status of the renter. Residents receive a 5% discount off the non-resident peak rate, while non-profits receive a 15% discount. Sub-peak rates at the CCC are 25% less than peak rates. Non-peak rates are lower than sub-peak rates and are the same regardless of renter status.

Community Use Policy

The City's Community Use policy promotes the use of the City's public facilities' meeting rooms by community groups by offering a subsidized flat rate of \$15 per use. This rate is offered to Morgan Hill based service organizations, non-profits and other groups that directly provide a public service for residents. Organizations/groups qualify if 60% of

their participants reside in Morgan Hill and they are a formal or informal non-profit. Rental reservations must also involve a typical room set up, be for a meeting that is directly related to conducting the group's business, be free and open to the public and serve a "Morgan Hill" purpose. Organizations may request up to two meetings per month under this policy.

Sports Fields and Courts

City sports fields and courts are open to the public and may be reserved for a rental fee. This does not include fields at the Outdoor Sports Center managed by the Morgan Hill Youth Sports Alliance.

Over the last few years the CSD has seen an increase in facility usage at all of the facilities. This increase can be associated with multiple factors, including the upturn of the economy, improved customer service and ease of renting a facility, and the additional marketing to help educate residents and organizations about rental opportunities.

Leases and Agreements

In addition to the room rentals and sports and field rentals, a substantial portion of the rental revenue for the Department comes from the leases and agreements the City manages. Currently the City has a lease with Gavilan College, South Valley Civic Theater for use at the Playhouse, Aquatic Center pool rentals and the Outdoor Sports Center concessionaire agreement with the Morgan Hill Youth Sports Alliance.

Fiscal Year 17/18 Goals

This coming year CSD will be working on updating and improving our rental marketing materials. These new materials will help with our continued efforts on renting underutilized facilities (playhouse and council chambers) and during underutilized rentals days and times.

Additionally, updates to the current municipal code on city facilities and public parks will be brought to City Council to include usage of drones as part of rental permits.
