ADJOURNMENT

NOTICE

Any documents produced by the City and distributed to the majority of the City Council less than 72 hours prior to an open meeting, will be made available for public inspection at the City Clerk's Counter at City Hall located at 17575 Peak Avenue, Morgan Hill, CA, 95037 and at the Morgan Hill Public Library located at 660 West Main Avenue, Morgan Hill, California, 95037 during normal business hours. (Pursuant to Government Code 54957.5)

PUBLIC COMMENT

Members of the Public are entitled to directly address the City Council concerning any item that is described in the notice of this meeting, before or during consideration of that item. If you wish to address the Council on any issue that is on this agenda, please complete a speaker request card located in the foyer of the Council Chambers and deliver it to the Minutes Clerk prior to discussion of the item. You are not required to give your name on the speaker card in order to speak to the Council, but it is very helpful. When you are called, proceed to the podium and the Mayor will recognize you. If you wish to address the City Council on any other item of interest to the public, you may do so during the public comment portion of the meeting following the same procedure described above. Please limit your comments to three (3) minutes or less.

Please submit written correspondence to the Minutes Clerk, who will distribute correspondence to the City Council.

Persons interested in proposing an item for the City Council agenda should contact a member of the City Council who may plan an item on the agenda for a future City Council meeting. Should your comments require Council action, your request may be placed on the next appropriate agenda. Council discussion or action may not be taken until your item appears on an agenda. This procedure is in compliance with the California Public Meeting Law (Brown Act) Government Code §54950.

City Council Policies and Procedures (CP 03-01) outlines the procedure for the conduct of public hearings. Notice is given, pursuant to Government Code Section 65009, that any challenge of Public Hearing Agenda items in court, may be limited to raising only those issues raised by you or on your behalf at the Public Hearing described in this notice, or in written correspondence delivered to the City Council at, or prior to the Public Hearing on these matters.

The time within which judicial review must be sought of the action by the City Council, which acted upon any matter appearing on this agenda is governed by the provisions of Section 1094.6 of the California Code of Civil Procedure.

For a copy of City Council Policies and Procedures CP 97-01, please contact the City Clerk's office (408) 779-7259, (408) 779-3117 (fax) or by email cityclerk@morganhill.ca.gov.

AMERICANS WITH DISABILITIES ACT (ADA)

In compliance with the Americans with Disabilities Act, if you are a disabled person and you need a disability-related modification or accommodation to participate in this meeting, please contact the City Clerk's Office at (408)779-7259, (408)779-3117 (fax) or by email cityclerk@morganhill.ca.gov. Requests must be made as early as possible and at least two-full business days before the start of the meeting.

REPORT NARRATIVE:

On April 20, 2022, the City Council approved the installation of new gateway signage (Attachment 1) at two locations (Attachment 2) by the current Class of Leadership Morgan Hill. The Class has proposed the installation of the two monument signs along Monterey Road. The locations for the monument signs are at the northwest corner of the intersection of Monterey Road and old Monterey Road and the southeast corner of the intersection of Monterey Road and Butterfield Boulevard.

In addition to the monument sign, the class has proposed artwork for the rear side of the signs. At the April 20 meeting, the artwork had not yet been provided, but is now available for review by the City Council. The proposed artwork is included as Attachment 3. The proposed artwork is a reuse of previous temporary artwork that was commissioned by the City from Debbie Arambula (often referred to as the heart artist).

The previous artwork was created in a temporary fashion on plywood for use with the construction work occurring during the downtown renovation several years ago. Since the artwork is to be used in a permanent fashion on the back side of the permanent monument sign, it requires a recommendation from the Library, Culture and Arts Commission and approval by the City Council. Debbie Arambula has agreed to allow the use of the artwork with the signs at no cost. On June 7, 2022, the Commission reviewed the art and recommended approval by the City Council.

COMMUNITY ENGAGEMENT:

Empower

The project was brought forward by community members enrolled in the Leadership Morgan Hill (Class) and will be implemented by these community members. Since the artwork is a proposed reuse of art that is already completed, no input was provided to the artist regarding development of the art at this time.

ALTERNATIVE ACTIONS:

The City Council could choose not to approve the artwork and provide additional direction to City staff.

PRIOR CITY COUNCIL AND COMMISSION ACTIONS:

The City Council approved the installation of the Gateway signs on April 20, 2022.

FISCAL AND RESOURCE IMPACT:

The installation of the monument signs in the proposed location, including the artwork, is not anticipated to create significant ongoing operational expenses. The maintenance of the signs themselves shall be limited to graffiti removal and repair associated with the signs.

CEQA (California Environmental Quality Act):

Categorical Exemption

Minor alterations to existing City facilities, including the installation of signs, falls within the CEQA categorical exemption of Class 1, Existing Facilities.

Bikeways, Trails, and Recreation Master Plan

REPORT NARRATIVE:

In 2021, the City of Morgan Hill issued a call for artists to submit proposals for the design, fabrication, and installation of public art at the planned Morgan Hill Magical Bridge Playground. This project seeks to create a new mural on the new restroom building located within the Playground. The City of Morgan Hill had set a limit on funding for the mural project at \$10,000 with a goal to create an art piece on the newly installed restroom within the Playground. The City and Commission had previously worked with an artist to complete artwork on a similar restroom in Railroad Park. Construction of the park is nearing completion and opening of the park occurred on June 4, 2022. The funding is intended to cover all project costs including design, fabrication, and installation.

The City received two proposals from artists, Taylor Gallegos (Attachment 1) and Lina

Valesquez (Attachment 2). A sub-committee of the Library, Culture and Arts Commission and the Parks and Recreation Commission provided the initial review of the artwork and conducted interviews with the artists. The Sub-committee felt both artists could do the job but are recommending Taylor Gallegos as the selected artist based on his proposal, experience, and belief his artwork could be adjusted to best fit within the Playground and specifically, the restroom building. The Committee further recommended that Taylor work with the Commission, youth, and City staff to adjust a concept that focuses the subject of the artwork on the nature of the State of California, including Morgan Hill. The artist was open to this idea and excited about engaging. The full Commission agreed with these recommendations and has recommended award of the project to Taylor Gallegos.

After reviewing the proposals, staff and the Sub-committee discussed opportunities for Lina Valaesquez to take on paid work for the City. Lina is a local artist out of Gilroy and has provided significant work for the City in the past. The Commission is further recommending that the Council approve awarding an agreement for the development of art on the utility boxes at the Playground. There are two boxes within the playground and one box outside the playground that could benefit from the artwork. Should the Council agree with this recommendation, City staff and the Sub-committee of the Commission would work with Lina to develop the art for the Playground. It is important to note that the subject of the art would be developed to match the Playground and would not be the art Lina had proposed for the restroom building.

COMMUNITY ENGAGEMENT:

Involve

If approved, the Sub-committee of the Library, Culture and Arts Commission will work with the artists to engage participants visiting the Playground to solicit comments and feedback on the artwork. This feedback will be incorporated into the final development of the artwork.

ALTERNATIVE ACTIONS:

The Council may choose not to move forward with the recommended actions, move forward with only one of the artists, or provide other alternative direction to City staff.

PRIOR CITY COUNCIL AND COMMISSION ACTIONS:

The Library, Culture and Arts Commission recommended approval for both artists to complete the work required on June 7, 2022.

FISCAL AND RESOURCE IMPACT:

The proposed artists agreements would include funding of \$10,000 for the restroom art and \$3,000 for the utility box art. Funding for the artwork is included in the Magical Bridge Project Budget within the Park Impact Fund (301).

CEQA (California Environmental Quality Act):

Categorical Exemption

Minor alterations to existing City facilities fall within the CEQA categorical exemption of Class 1, Existing Facilities.

Name of Artist	Taylor Gallegos
Description of Art Being Proposed (200 Words Max)	My concept for the Morgan Hill Magical Bridge Playground Mural will be wrapping the Restroom building on premises. The design goes as follows. The artwork is to be wrapped around the 4 walls of the building. With this in mind, the building will be a microcosm of the world. The wall to the North will depict landscapes and animals from the north of our planet, and the same will go with the other three directions. The design will feature standout landscapes from all the specified directions like Yosemite, the Great Wall of China in the East, Antarctica, and the great Alaskan mountains. The mural will also be populated with animals from all around the globe specific to the region where they live. All of the animals will be lifelike but happy, acknowledging the viewer as much as possible. The style of the mural will be what I call “Cartoon Realism.” This is a sort of blend of realism, with a slight cartoon feel. The landscapes will look realistic, and the animals will as well while keeping a happy, light, inviting tone. You can see an example of this style in my recent work at Together We Grow.

Proposed Mural

Concept Sketch

A detailed oil painting of a polar bear's head, shown in profile facing right. The bear's fur is rendered with thick, expressive brushstrokes in shades of white, cream, and light blue. Its eye is a deep, dark blue, and within its reflection, a small coastal scene is visible, featuring a body of water, a small boat, and a shoreline with trees. The background is a complex, layered composition of green, blue, and white, suggesting a misty or snowy environment. The overall style is painterly and textured.

ATTACHMENT 5: STATEMENT OF INTEREST

“Wild Coast”

Statement of Interest

I'm extremely interested in the Morgan Hill Magical Bridge Playground Mural Project for several reasons. One reason is that I love the fact that the building upon which it will be painted is a box and that the artwork will go all the way around it, which works perfectly for the concept I'm proposing. Another reason is that I love making art for the public, and more specifically, a wide range of ages and perspectives, it's the best. The main reason for my interest is the close connection between this project and a recent project I completed in Temecula, CA. They tie together beautifully. For these reasons, and also because of my unique skill set and qualifications, I feel that I'm a perfect candidate to create the artwork for the project.

My first area of interest is based on the wrapping element of the building. As you can see with my design, I'm using the building as a microcosm of the world. The four sides will act as our cardinal directions that will then lay out the imagery connected to that part of the planet. Each side will be a depiction of some of the incredible landscapes, plants, and animals that our amazing world has to offer. Each side will also connect and blend with the next creating a seamless image that you could go around and around, finding new elements each time. Because of the shape and design, it will be like having a mini planet on premises for all to enjoy.

The second reason I'm interested is the public element. I absolutely love that the intention for the playground project is that it's for everyone. The act of making art for everyone has a similar line of thinking. You create for all people, perspectives, and ability levels.

With that being said, the artwork should speak to all ages, backgrounds, and cognitive abilities. The earth and all its inhabitants is something every living being has in common. And when everyone is spoken to, everyone feels respected and at home.

The main reason for my interest is that this project is similar to a large project I completed midway through 2020 at a place called Together We Grow, which is a recognized leader in pediatric care. It is a place where medically fragile and typical children grow together in an inclusive environment. I was brought in to paint all the walls, floor to ceiling of their new facility in Temecula, CA. I turned every room into a unique environment like the arctic, the tropics, the Far East, a farm, etc. The intention was to bring these environments to the children because they most likely weren't going to be able to travel to them. Just knowing the effect it was going to have on the children throughout time made it a favorite project of mine.

To recap, I'm very interested in being the artist for this project. I think that the physical design of the project is awesome and has some really great advantages. The public element of this project is so cool because of the wide range of viewers this artwork will reach. This mural project will be a great next step to the work that I've done in the past. Basically, I think that the project sounds amazing and I'd love to be a part of it. It will be beautiful, educational, and enjoyable for everyone for years to come.

About Us

Meet Taylor Gallegos, Founder and CEO of Taylor Gallegos Art

Taylor Gallegos is a painter specializing in murals, studio painting, and live art. In general, his work focuses on unity, connection, love, and creativity.

As a professional artist, his work has ranged from large-scale murals to portraits to abstracts in the studio to live art, mostly in the fields of painting and drawing with acrylics and oils. His work with live art has taken him on tour with musicians and has developed into a business venture in the world of weddings called Live Wedding Art. In recent years his studio art has developed a focus on environmental and philosophical concepts stretching into the Life series and through the Meditations and Abstractions series'.

Taylor is currently living and working in Carlsbad, California, and is originally from Boulder, Colorado. He received a Bachelor of Fine Art from Colorado State University, and during that time, studied abroad in Castiglion Fiorentino, Italy.

Taylor has been painting and drawing his whole life but has been doing so professionally for the past 15 years. This passion has developed into his current work as a custom muralist, creating large-scale wall murals in different styles for different intentions and causes. This work brings his skill set together with individual people and organizations to bring visions and ideas to life for all to see. His

brush is the instrument that plays the tunes of people's imaginations.

Taylor created his first mural right after college for a local restaurant and loved the process, although it was a huge undertaking. That restaurant had a handful of locations, so they hired him to decorate all of their interiors. It was a great experience that set the groundwork for lots of future paintings. Thanks to a muralist mentor, he had the opportunity to dive into the world of mural painting more and more.

Artist's Design Philosophy

I work closely with my clients, going back and forth on their concepts and imagery so that what's left is a work of art that is absolutely loved. The process begins with an idea, builds to a concept sketch, is laid out on the wall, and then brought to life in color.

My art is about the ways we connect. Every painting is an effort to find common ground with the viewer. Whether it be through light and shadow, color, or the message in the work, the focus is commonalities. Artwork transcends borders, skin color, and material differences. It can be a tool for good, and that's my aim.

Light and shadow are a primary focus of mine. Light and shadow are key to an image. It's the first thing that we see when we observe a 3D object. It's how we can recognize a friend walking a ways away or how we see out of the corner of our eye and know exactly who's there. Light and shadow build our understanding of form. These things are essential, and they fall and reflect on all of us in precisely the same way, no matter our background.

Color is something all humans can relate to. The color palette is a spectrum that has infinite variation to it. Color creates effects in us in terms of emotion and energy, and combinations work in different ways

to achieve different effects. Color is a metaphor for life on this planet in terms of the variety and beauty. All of this and more go into my work. In terms of the messages, I want to speak to the highest good in all of us. I strive to speak about ethics, morals, and values that unite. I want my work to fight against injustice and negativity, but I don't want to focus there. Like attracts like. If we want more good, we need to visualize it, portray it, and then bring it forth into reality. These underlying messages are the backbone of my work and are central to my mission as an artist.

My paintings come in different shapes, sizes, and styles but have a common thread throughout. My work speaks to the highest forms of humanity, what's good in all of us. My work visualizes a bright and colorful reality where all are equal, and beauty is fostered and stewarded into being. My painting is about that common energy which we all feel and understand on a deeper level. It's all about our human connection.

APPROVED BY: City Manager

APPROVE A REIMBURSEMENT AGREEMENT WITH RAHMATOLLAH AHMADI FOR THE UNDERGROUNDING OF OVERHEAD UTILITIES ALONG CORY LANE

RECOMMENDATION(S)

1. Approve a Reimbursement Agreement with Rahmatollah Ahmadi; and
2. Authorize the City Manager to execute the Reimbursement Agreement.

COUNCIL PRIORITIES, GOALS & STRATEGIES

Guiding Documents

Morgan Hill 2035 General Plan

REPORT NARRATIVE:

The San Pedro - Ahmadi Project is a 3-lot residential subdivision located on the southeast corner of the San Pedro Avenue and Cory Lane intersection (see Attachment 1) that has been in the development process since 2004. As part of the project's conditions of approval, the developer, Rahmatollah Ahmadi, was required to underground the overhead utilities along the project's frontage on San Pedro Avenue and Cory Lane. Subsequently, City staff determined that it was not reasonable to require the developer to underground the overhead utilities along San Pedro Avenue given the short distance. Instead, the developer was conditioned to pay the City's undergrounding in-lieu fee for the project frontage along San Pedro Avenue. Additionally, the developer agreed to work with the City to underground the overhead utilities along the full length of Cory Lane with the understanding that the cost for this work would be shared by the developer and the City as follows:

- The developer to pay for all costs associated with undergrounding the overhead utilities along the Cory Lane project frontage, which is a distance of 166 feet.
- The City to reimburse the developer for undergrounding the remaining overhead utilities along Cory Lane; which is a distance of 229 feet.

Instead of paying the undergrounding in-lieu fee to the City for San Pedro Avenue, it was agreed that these funds would be used to reduce the amount owed by the City to the developer for the City's share of the undergrounding work on Cory Lane. Unfortunately, at the time, City staff did not develop a formal agreement or seek the required approval from the City Council as required for such an agreement. The timing of this occurrence was over a decade in the past. City staff are now seeking approval of the agreement for this past omission.

The following table shows the breakdown of the construction cost for undergrounding the overhead utility lines along Cory Lane, the amount to be reimbursed to the developer, and the undergrounding in-lieu fee owed by the developer for San Pedro Avenue which will be deducted from the reimbursement amount.

Undergrounding of Cory Lane	Total Cost	Cost for Developer's Frontage (166 feet)	Cost for Reimbursement Frontage (229 ft)
Design Drawings	\$11,300	\$4,746	\$6,554
Electric Contract - PG&E	\$23,787	\$9,991	\$13,796
Telecommunications Contract - Frontier	\$12,727	\$5,345	\$7,382
Cable Contract – Spectrum	\$8,132	\$3,415	\$4,717
Undergrounding Work by Contractor	\$425,616	\$171,981	\$253,635
Totals	\$481,562	\$195,478	\$286,084
San Pedro frontage underground in-lieu fee =			-\$50,125
<u>\$401/feet x 125 feet = \$50,125; in place of paying this fee, the reimbursement amount will be reduced by this fee.</u>			
Reimbursement Total			\$235,959

The total cost for the design, contract, and construction cost of undergrounding the overhead utilities along Cory Lane, south of San Pedro Drive, is \$481,562. The total reimbursement amount is \$235,959. The cost and construction work has been reviewed and deemed complete. Therefore, staff recommends that the City enter into a Reimbursement Agreement (see Attachment 2) with the developer, Rahmatollah Ahmadi, for a reimbursement amount of \$235,959 to cover the construction cost of undergrounding overhead utilities on Cory Lane beyond the project's frontage.

COMMUNITY ENGAGEMENT:

None

No engagement was made in regards to the development of this reimbursement agreement.

ALTERNATIVE ACTIONS:

There is no feasible alternative action as the Developer has completed the undergrounding of overhead utility lines along Cory Drive at the City's direction.

PRIOR CITY COUNCIL AND COMMISSION ACTIONS:

On December 20, 2006, the City Council approved the Subdivision Improvements Agreement for the 3-lot residential subdivision. On May 2, 2018, the City Council approved an Amended Subdivision Improvements Agreement.

FISCAL AND RESOURCE IMPACT:

The reimbursement amount of \$235,959 for undergrounding of overhead utilities will be funded from the City's Undergrounding Fund (350) and allocated in the FY 2022/23 Capital Improvement Program.

CEQA (California Environmental Quality Act):

Categorical Exemption

The project is categorically exempt from the California Environmental Quality Act Section 15135 - Minor Land Divisions and Class 3 Section 15303 - New Construction.

Morgan Hill 2035 General Plan

REPORT NARRATIVE:

The Below Market Rate Housing (BMR) Homeownership and Rental Program helps qualifying buyers and renters obtain affordably priced homes and apartments. The genesis of this program began in 1977 through the program formally known as the Residential Development Control System (RDCS). The homes are typically provided by private market developers based on the affordable requirements of the Inclusionary Housing Ordinance. In the "post Redevelopment Agency (RDA)" and "post RDCS Era," Morgan Hill has evolved to keep pace with the changing environment and rules to ensure that BMR units continue to be delivered to Morgan Hill residents.

Participating homebuyers and renters must be income eligible. Homebuyers must be

pre-approved to be able to financially qualify for a fixed-rate, fixed-term mortgage, and must have a minimum 3 percent down payment from their own funds to purchase a home. Applicants are placed in a lottery for an opportunity to purchase or rent a unit when they become available either through new construction or resale/vacancy of an existing unit. Priority in the lottery is provided for eligible buyers who live or work within the city limits. The BMR program helps moderate-income households purchase BMR homes and it helps lower income households to access rental opportunities that are affordable and adequate to their needs. At the time of sale, properties will have a resale affordable restriction recorded on the title in order to preserve the long-term affordability of the unit for an additional 45 years. The BMR monthly rental prices are consistent with the State HCD income guidelines and adjusted for household size.

HouseKeys, Inc. (formerly Nyanda & Associates, LLC) formed HouseKeys in 2015, and teamed up with the City of Morgan Hill in a public-private partnership to incubate housing policy ideas and to develop solutions to administer a Housing Program in a post redevelopment era. This has included long-term management and preservation of the City's BMR Program. As a Program Administrator, HouseKeys supports the City's BMR program by offering assistance in Home Ownership, Rental, and Finance Programs. The contract has been sole sourced. HouseKeys possesses unique historical knowledge of the City's program and remains the single business that can fulfill the comprehensive service requirements of the City's BMR portfolio.

HouseKeys provides general BMR administration to the City, including the marketing and sale or rental of BMR units, outreach and education, identification and income qualification of homebuyers and renters, general asset management monitoring and compliance, assisting the County Tax Assessor to provide annual BMR valuation updates, and many other activities required to maintain the integrity and sustainability of the BMR program. Additionally, HouseKeys continues to work with the City to identify solutions to the various complex transactional scenarios that arise as a result of administering a robust portfolio with varying historical rules and requirements, "layered" down payment assistance, and various financing structures and sources of funds.

The BMR Program portfolio consists of a total of 587 owner-occupied units, with approximately 79 for sale new units in the development pipeline. These numbers exclude the number of resale units that are processed each year. The BMR rental portfolio currently consists of 15 rental units with an additional 78 new BMR rental units under construction. The Program continues to require additional focus on asset management, education, monitoring, and compliance to maintain integrity and guarantee sustainability of the Program. With a 40+-year program that currently has over 600 BMR properties spread out in over 89 subdivisions, Morgan Hill has one of the region's oldest, largest, rapidly growing affordable housing portfolios.

The expertise that HouseKeys has provided the City has created a valuable partnership, while providing ongoing opportunities to continue to fine tune the BMR program. Consistent with the budget, it is recommended that Council approve the HouseKeys agreement for continued BMR administration services through June 30, 2024, for \$550,000 each year, totaling \$1,100,000.

COMMUNITY ENGAGEMENT:

This report serves to inform the community on the proposed consultant agreement with HouseKeys.

ALTERNATIVE ACTIONS:

The Council could choose not to approve the proposed contract. Should Council not approve the proposed contract, staff asks that Council provide further direction regarding the management of the BMR program or, alternatively, direct staff to return to Council with alternative options for management.

PRIOR CITY COUNCIL AND COMMISSION ACTIONS:

On July 15, 2015, the Council adopted a transition plan to contract with Nyanda & Associates (HouseKeys) to provide the continued administration of the BMR program.

On May 18, 2016, the Council approved an agreement with HouseKeys for BMR administration services for FY 2016-17 for \$500,000.

On December 7, 2016, the Council approved a contract amendment which extended HouseKeys BMR administration contract through FY 2017-18 for an additional \$500,000. Additionally, at that time, loan administration services were added to Housekey's scope of work for FY 2016-17 and 2017-18 for \$50,000 in total.

On May 16, 2018, the Council approved an agreement with HouseKeys for BMR Administration for FY 2018-19 and FY 2019-20 in the amount of \$1,050,000.

On June 2, 2021, the Council approved the HouseKeys agreement for BMR administration services through June 30, 2022, for \$550,000 each year.

FISCAL AND RESOURCE IMPACT:

The contract is funded from the Housing Fund 255. The total cost of this contract (FY 2022-23 through FY 2023-24) is not to exceed \$1,100,000 and has been included in the Recommended Budget.

CEQA (California Environmental Quality Act):

This is not a Project; it is an administrative activity that will not result in direct or indirect physical changes in the environment.

1. **City Authority.** This Agreement is entered into pursuant to the action of the Morgan Hill City Council taken on _____, _____, 20____.
2. **Term of Agreement.** This Agreement shall cover services rendered from the Effective Date of this Agreement until June 30, 2024 at which time CONSULTANT'S services shall be completed. The City Manager is authorized to extend the term of this Agreement for a maximum period of one year. Any such extension shall be in writing and signed by both Parties to this Agreement.
3. **Scope of Service.** The services to be performed by CONSULTANT shall be administer Morgan Hill's Below Market Rate Ownership and Rental Housing Program as further described in **Exhibit A.**
4. **Compensation.** CONSULTANT shall be compensated as follows:
 - 4.1. **Amount.** \$1,100,000.00. Total compensation to CONSULTANT under this Agreement during its initial term set forth in Section 2 above shall not exceed one million - one hundred thousand dollars and shall be billed based on the rate and basis set forth in **Exhibit B.** If the City Manager extends the term of this Agreement for up to one year pursuant to the provisions of Section 2 above, the City Manager shall have the authority to increase the maximum compensation allowed to be paid to CONSULTANT, so long as City Council has appropriated sufficient funds therefor, the Parties mutually agree to such amount in a writing signed by both Parties to this Agreement and provided further that in no event shall such maximum compensation allowed for the term exceed the City Manager's authority pursuant to Chapter 3.04 of the Morgan Hill Municipal Code, unless otherwise authorized by City Council.
 - 4.2. **Billing.** CONSULTANT shall provide CITY with an invoice containing the dated, detailed, and itemized descriptions of all services performed and expenses incurred (if such expenses are reimbursable pursuant to Exhibit B) by CONSULTANT on a monthly basis unless otherwise specified in Exhibit B. All invoices shall be sent to the CITY addressed to the department head or project manager identified below in Section 13 Notices. Any rate charged shall be prorated where services are interrupted or not provided for any rate period (for example, any monthly rate charge should be prorated when services were interrupted or provided for only part of the month). For services billed on an hourly rate, the minimum unit of billed time shall not exceed one tenth of one hour. CITY shall pay for services and expenses (if so provided in Exhibit B) up to the limit of compensation set forth above, that in the CITY's judgment were necessary and reasonable. Services for work performed and expenses incurred in excess of the total compensation set forth in paragraph 4.1 above shall be at no cost to CITY.
5. **Termination.** CITY or CONSULTANT shall have the right to terminate this Agreement, without cause, by giving thirty (30) days' written notice or less under urgent circumstances. Upon such termination, CONSULTANT shall submit to CITY an itemized statement of services performed for which compensation has not been paid. CITY may require CONSULTANT to complete certain work product or documents and CONSULTANT shall deliver to CITY all documents in its possession without additional compensation to

CONSULTANT. The City Manager of CITY is authorized to terminate this Agreement, in whole or in part, on behalf of CITY.

- 5.1. **Non-Appropriations.** Notwithstanding anything contained in this Agreement to the contrary, if insufficient funds are appropriated, or funds are otherwise unavailable in the budget for CITY for any reason whatsoever in any fiscal year, for payments due under this Agreement, CITY will immediately notify CONSULTANT of such occurrence, and this Agreement shall terminate after the last day during the fiscal year for which appropriations shall have been budgeted for CITY or are otherwise available for payments.

6. **Performance of Work.** CONSULTANT represents that it is qualified by virtue of experience, training, education, and expertise to accomplish these services. Services shall be performed by CONSULTANT in accordance with professional practices in a manner consistent with a level of care, competence and skill exercised by qualified members of the CONSULTANT'S profession. By delivery of completed work, CONSULTANT certifies that the work conforms to the requirements of this Agreement and all applicable federal, state and local laws. CONSULTANT shall perform all work and services under this Agreement in conformance with the time schedule set forth on Exhibit C, "Schedule of Performance," attached hereto and incorporated herein by this reference. CITY's City Manager is authorized on behalf of CITY to modify the timeframes set forth on the Schedule of Performance within the term of this Agreement. If CONSULTANT desires to leave or store any of CONSULTANT's equipment at a CITY site while CONSULTANT is performing work or service pursuant to this Agreement, CONSULTANT will first obtain the consent of CITY's City Manager, or his/her delegate, to do so, and any such storage shall occur only in the manner and location allowed by such CITY official and entirely at CONSULTANT's sole risk.

Certificate Holder address:

City of Morgan Hill
Attn: Risk Management
17575 Peak Avenue
Morgan Hill, CA 95037

8. **Non-Liability of Officials and Employees of the CITY.** No official or employee of CITY shall be personally liable for any default or liability under this Agreement.

9. **Compliance with Law.**

9.1. CONSULTANT and its officers, employees, agents, and subcontractors shall comply with all applicable laws, ordinances, administrative regulations, and permitting requirements in carrying out their obligations under this Agreement. CONSULTANT and its officers, employees, agents, and subcontractors covenant there shall be no discrimination based upon race, color, creed, religion, gender, marital status, age, sexual orientation, national origin, mental disability, physical disability, medical condition, or ancestry, in any activity pursuant to this Agreement.

9.2. Compliance with Wage and Hour Laws: Consultant, and any subcontractor it employs to complete work under this Agreement, shall comply with all applicable federal, state and local wage and hour laws. Applicable laws may include, but are not limited to, the Federal Fair Labor Standards Act and the California Labor Code.

Final Judgments, Decisions, and Orders: For purposes of this Section, a “final judgment, decision, or order” refers to one for which all appeals have been exhausted or the time to appeal has expired. Relevant investigatory government agencies include: the federal Department of Labor, the California Division of Labor Standards Enforcement, or any other governmental entity or division tasked with the investigation and enforcement of wage and hour laws.

Prior Judgments against CONSULTANT and/or its Subcontractors: BY SIGNING THIS AGREEMENT, CONSULTANT AFFIRMS THAT IT HAS DISCLOSED ANY FINAL JUDGMENTS, DECISIONS OR ORDERS FROM A COURT OR INVESTIGATORY GOVERNMENT AGENCY FINDING – IN THE FIVE (5) YEARS PRIOR TO EXECUTING THIS AGREEMENT – THAT CONSULTANT OR ITS SUBCONTRACTOR(S) HAS VIOLATED ANY APPLICABLE WAGE AND HOUR LAWS. CONSULTANT FURTHER AFFIRMS THAT IT OR ITS SUBCONTRACTOR(S) HAS SATISFIED AND COMPLIED WITH – OR HAS REACHED AGREEMENT WITH THE CITY REGARDING THE MANNER IN WHICH IT WILL SATISFY – ANY SUCH JUDGMENTS, DECISIONS OR ORDERS.

Judgments or Decisions During Term of Contract: If at any time during the term of this Agreement, a court or investigatory government agency issues a final judgment, decision or order finding that CONSULTANT or an subcontractor it employs to perform work under this Agreement has violated any applicable wage and hour law, or CONSULTANT learns of such a judgment, decision, or order that was not previously disclosed, CONSULTANT shall inform

the City Attorney, no more than fifteen (15) days after the judgment, decision or order becomes final or of learning of the final judgment, decision or order. CONSULTANT and its subcontractors shall promptly satisfy and comply with any such judgment, decision, or order, and shall provide the City Attorney with documentary evidence of compliance with the final judgment, decision or order within five (5) days of satisfying the final judgment, decision or order. The City reserves the right to require CONSULTANT to enter into an agreement with the City regarding the manner in which any such final judgment, decision, or order will be satisfied.

City's Right to Withhold Payment: Where CONSULTANT or any subcontractor it employs to perform work under this Agreement has been found in violation of any applicable wage and hour law by a final judgment, decision or order of a court or government agency, the City reserves the right to withhold payment to CONSULTANT until such judgment, decision or order has been satisfied in full.

Material Breach: Failure to comply with any part of this Section constitutes a material breach of this Agreement. Such breach may serve as a basis for immediate termination of this Agreement and/or any other remedies available under this Agreement and/or law.

Notice to City Related to Wage Theft Prevention: Notice provided to the City Attorney as required under this Section shall be addressed to: City Attorney, City of Morgan Hill, 17575 Peak Avenue, Morgan Hill, CA 95037. The Notice provisions of this Section are separate from any other notice provisions in this Agreement and, accordingly, only notice provided to the above address satisfies the notice requirements in this Section.

10. **Independent Contractor.** CONSULTANT is an independent contractor and not an agent or employee of CITY.

11. **Confidentiality.** All data, documents, or other information received by CONSULTANT from CITY or prepared in connection with CONSULTANT'S services under this Agreement are deemed confidential and shall not be disclosed to any third party by CONSULTANT without prior written consent by CITY.

12. **Conflict of Interest and Reporting.** CONSULTANT shall at all times avoid conflict of interest or appearance of conflict of interest in performance of this Agreement.

13. **Notices.** All notices shall be personally delivered or mailed, via first class mail to the below listed address. These addresses shall be used for delivery of service of process. Notices shall be effective five (5) days after date of mailing, or upon date of personal delivery.

Address of CONSULTANT is as follows:

Housekeys, Inc.

City of Morgan Hill
17575 Peak Avenue
Morgan Hill, CA 95037

with a copy to:
City Clerk
City of Morgan Hill
17575 Peak Avenue
Morgan Hill, CA 95037

14. **Licenses, Permits and Fees.** CONSULTANT shall obtain a City of Morgan Hill Business License, all permits and licenses to the extent required by ordinances, codes and regulations of the federal, state and local government.

15. **Consultant's Proposal.** If applicable, this Agreement shall include CONSULTANT'S proposal or bid which is incorporated herein. In the event of any inconsistency between the terms of the proposal and this Agreement, this Agreement shall govern.

16. **Maintenance of Records.**

16.1. **Maintenance.** CONSULTANT shall prepare, maintain, and preserve all reports and records that may be required by federal, state, and CITY rules and ordinances related to services provided under this Agreement. CONSULTANT shall maintain records for a period of at least 3 years after receipt of final payment under this Agreement. If any litigation, claim, negotiation, audit exception, or other action relating to this Agreement is pending at the end of the 3-year period, then CONSULTANT shall retain said records until such action is resolved.

16.2. **Access to and Audit of Records.** The CITY shall have the right to examine, monitor and audit all records, documents, conditions, and activities of the CONSULTANT and its subcontractors related to services under this Agreement. Pursuant to Government Code Section 8546.7, if this Agreement involves the expenditure of public funds in excess of \$10,000, the Parties to this Agreement may be subject, at the request of the CITY or as part of any audit of the CITY, to the examination and audit of the State Auditor pertaining to matters connected with the performance of this Agreement for a period of three years after final payment under the Agreement.

16.3. **Ownership of Work Product.** All documents or other information developed or received by CONSULTANT for work performed under this Agreement shall be the property of CITY. CONSULTANT shall provide CITY with copies of these items upon demand or upon termination of this Agreement.

17. **Familiarity with Work.** By executing this Agreement, CONSULTANT represents that: (1) it has investigated the work to be performed; (2) it has investigated the site of the work and is aware of all conditions there; and (3) it understands the difficulties and restrictions of the work under this Agreement. Should CONSULTANT discover any conditions materially differing from those inherent in the work or as represented by CITY, it shall immediately inform CITY and shall not proceed, except at CONSULTANT'S risk, until written instructions are received from CITY.

18. **Time of Essence.** Time is of the essence in the performance of this Agreement.

19. **No Assignment.** Neither this Agreement nor any portion shall be assigned by CONSULTANT, without prior written consent of CITY. Any attempted assignment not first approved by CITY shall be void and, at CITY's option, shall terminate this Agreement effective as of the date of such attempted assignment.

20. **Attorney Fees.** In any legal action, dispute or arbitration arising out of or relating to this Agreement, the prevailing party shall be entitled to an award of its reasonable attorney fees, costs and expenses incurred.

21. **Defense and Indemnification.**

21.1. **Defense and Indemnification.** CONSULTANT shall, to the fullest extent permitted by law, indemnify, defend and hold harmless CITY, its elected or appointed officials, boards, agencies, officers, agents, employees, and volunteers ("INDEMNITEES") from and against any and all claims, liabilities, expenses, liens, or damages of any nature, including liability for bodily injury, property damage or personal injury, and including reasonable attorneys' fees and expenses, that arise out of, pertain to, or relate to the performance of this Agreement or the failure to comply with any obligations contained in this Agreement by CONSULTANT, and/or its agents, officers, employees, subcontractors, or independent contractors ("CLAIM").

21.2. **Exceptions.** CONSULTANT is not required to indemnify INDEMNITEES against liability for bodily injury, property damage or personal injury, or any other loss, damage or expense arising from the sole negligence or willful misconduct of the CITY.

21.3. **Not limited by insurance.** The indemnity, defense and hold harmless provisions of this Agreement apply to all CLAIMs alleged against an INDEMNITEE, regardless of whether any insurance policies are applicable. Policy limits do not act as a limitation upon the amount of indemnification or defense to be provided by CONSULTANT.

21.4. **Right to Offset.** CITY shall have the right to offset against any compensation due CONSULTANT under this Agreement any amount due CITY from CONSULTANT as a result of CONSULTANT's failure to pay CITY promptly any indemnification arising under this Section (21) and any amount due CITY from CONSULTANT arising from CONSULTANT's failure either to (i) pay taxes on amounts received pursuant to this Agreement or (ii) comply with applicable workers' compensation laws.

21.5. **Interpretation.** This Section shall constitute an agreement or contract of indemnity, incorporating the interpretations under California Civil Code Section 2778. It is expressly understood and agreed that the obligation of the CONSULTANT to indemnify the INDEMNITEE shall be as broad and inclusive as permitted by the laws of the State of California and shall survive termination of this Agreement.

22. **Entire Agreement; Modification; Conflicting Provisions.** This Agreement constitutes the entire Agreement between the Parties and supersedes any previous agreements, oral or written. This Agreement may be modified, or provisions waived only by a subsequent mutual written agreement executed by CITY and CONSULTANT. If the provisions contained in the main body of this Agreement conflict with any provision contained in an exhibit to this Agreement, the provisions of the main body of this Agreement shall govern and control over any provision contained in an exhibit to this Agreement.

23. **Governing Law and Venue.** This Agreement shall be construed in accordance with the laws of the State of California. This Agreement was entered into and is to be performed in the County of Santa Clara. Any action or dispute arising out of this Agreement shall only be brought in Santa Clara County.

24. **Interpretation.** This Agreement is a negotiated document and shall be deemed to have been drafted jointly by the Parties, and no rule of construction or interpretation shall apply against any particular Party based on a contention that the Agreement was drafted by one of the Parties including, but not limited to,

California Civil Code § 1654, the provisions of which are hereby waived. This Agreement shall be construed and interpreted in a neutral manner.

25. **Preservation of Agreement.** If any term, provision, covenant, or condition of this Agreement is held by a court of competent jurisdiction to be invalid or unenforceable, the rest of the Agreement shall remain in full force and effect and shall in no way be affected or invalidated.

26. **Binding Agreement.** Notwithstanding the provisions of Section 19 above, this Agreement shall bind any and all successors in interest, legal representatives and/or other permitted assignees or transferees of CONSULTANT in the same manner as if those successors in interest, legal representatives or other permitted assignees or transferees had entered into this Agreement originally.

27. ☐ **Data Sharing.** This Agreement requires access by CONSULTANT to CITY's Geographic Information System (GIS) DATA for CONSULTANT to perform the work. CITY agrees to provide the GIS DATA to CONSULTANT solely for the purpose of performance of contracted work with the CITY upon the terms and conditions specified in Exhibit D, incorporated herein by this reference.

EXHIBIT A SCOPE OF SERVICES

The Scope of Work details the roles and responsibilities of the City and Consultant. The Schedule starts from the date the contract is signed by both parties.

A. Consultant will continue BMR (Below Market Rate) Program Ownership Program Administration, Begin and CalHome Administration, and Below Market Rate Rental Program Administration for the term of the contract.

B. Consultant will administer BMR ownership and rental program and assure BMR Deed Restrictions are recorded and followed by all parties as applicable for each property.

C. Consultant will host BMR program at 356 Digital Dr., Morgan Hill, CA 95037

D. Consultant will regularly update BMR guidelines and program materials on the City's website and HouseKeys website, in conjunction with direction from the City Council, City Manager, and Staff's direction to reflect policies and procedures approved by the City Council.

The guidelines will include the Consultant's administrative process for BMR Administration including, but not limited to:

- 1. Applications, program pamphlets, continuously updated program marketing materials in both English and Spanish, resale calculations, buyer selection process, sale and**
- 2. Resale of units, refinancing requests, collection of City fees and other applicable fees, and default monitoring/resolution process. Consultant's objective will be to work alongside City Staff to incorporate "learnings" from the City's 40 + year old BMR Program into a go-forward plan focused on best practices, cost recovery, and sustainability of the BMR Program.**

E. Consultant will continue to maintain the City BMR program website presence that will link to the City of Morgan Hill website.

F. Consultant and the City will develop mutually acceptable response times to BMR inquiries and processing times required to obtain City signatures.

G. Consultant shall maintain the City's existing databases of which the City will have full access to, and files for program administration, and establish a file retention and management system for the program that is always accessible by City Staff. All electronic records, databases, and correspondence will be considered work products that are property of the City of Morgan Hill. The consultant will update the City's records monthly and notify city of updates, to ensure a coordinated seamless record keeping process.

H. Consultant will provide the applicant with the following services:

- 1. Conducting income qualifications including review of assets, income, Verification of Employment (VOE) and all other necessary approvals to ensure qualification for the City BMR Program.**
- 2. Make necessary revisions to the City's existing program materials and legal documents, subject to City approval**
- 3. Underwriting loan applications in accordance with program requirements.**
- 4. Preparing all loan documents, overseeing proper execution thereof, and conducting final approval reviews**
- 5. Ensuring timely delivery of all necessary documents into escrow and preparing escrow demands.**
- 6. Overall management and implementation of specific program policies.**
- 7. Preparation of BMR program materials, revised as needed on an ongoing basis.**
- 8. Calculating all pay off demands and issuing any disclosures and tax forms as required by State and/or Federal Law.**
- 9. Calculating the resale value of each individual BMR unit, and annually submitting accurate property BMR values on behalf of the City to the County Tax Assessor via a detailed workbook of data. This information shall be accessible to the City and simultaneously submitted to the City in an electronic report with the transparent calculation used to generate the BMR value.**

10. Work with City Staff to ensure a seamless and coordinated development of documents as it relates to the BMR Program, including the Inclusionary Housing Affordable Agreement and any subsequent amendments to the Development.

I. Consultant shall act as a transaction coordinator for all real estate transactions and will follow the current City BMR Fee Schedule approved by City Council. Consultant will charge BMR re-sale transaction fee in line with applicable recorded Deed Restrictions per the Fee Schedule. Consultant will charge the developer transaction coordination fees in accordance with the Affordable Housing Agreement pertaining to the subject development project per the fee schedule.

J. Consultant will coordinate document transmittals between buyers, homeowners, developers, and City as needed. Consultant will be responsible for ensuring all documents submitted for City signatures are complete and accurate. Consultant will be responsible for making any necessary corrections to documents. Consultant will submit accurate documents to the city at which point a 2-week processing period will begin at the City level to review and obtain signatures.

K. Consultant will work with City staff to coordinate tracking of BMR units produced.

L. Consultant shall work alongside Staff to conduct monitoring and compliance of the terms and conditions of BMR recorded deed restrictions including the following:

1. Mailing monitoring letters to all the BMR units for self-certification.
2. Reviewing in conjunction with City Staff, City or County Assessor data as needed (e.g., water utility bills, property records)
3. Review City's preliminary monitoring list to identify follow up actions required.
4. Meet with City staff to develop guidelines for acceptable default remedies
5. Attempt to cure asset management issues with proactive measures as approved by City Council procedures, and/or the City Manager or his or her designee.

M. Consultant shall work alongside Staff to investigate and identify cure for potential BMR defaults including:

1. Conduct follow-up to those BMR owners who do not submit their compliance documentation
2. Reviewing information from calls from BMR neighbors and interested parties.
3. Conduct reasonable follow-up investigation to assess potential BMR defaults including unit site visits and provide a summary report to the city within 7 business days.
4. Schedule virtual and in person appointments with BMR owners as needed.
5. For confirmed defaults, provide owners with list of actions needed with a timeline to remedy the default and conduct follow-up to monitor compliance. Subsequently, provide the City with a letter documenting the efforts made thus far by the administrator to cure the situation, include dates and times, response, or lack thereof of the homeowner, and various ways in which the administrator tried to remedy the situation prior to escalation. This will be done on a case-by-case basis, coordinated with Staff, to ensure enforcement efforts are escalated as needed to preserve the affordability of the BMR home and assist families with guidance as needed.
6. Maintain a log of actions taken to remedy the defaults.
7. For those defaults in which the owners choose to not remedy the situation within a reasonable amount of time, Consultant will meet with City staff to determine the course of action to pursue.
8. Monthly, provide City with a list of any current BMR defaults and actions taken to date.

N. Consultant shall provide the City with a monthly list of "problem properties" that have been identified with a case study description of the issue, concern, efforts made thus far, recommendations and solutions, and a timeline of next steps and results. This report is ongoing.

O. Consultant will provide the city with monthly reports reflecting the following performance measures for BMR program administration. Additional measures may be developed in conjunction with City staff. Performance measures will be included in monthly BMR summary reports.

REPORT NARRATIVE:

The Morgan Hill Police Department currently has a Consultant Agreement with Secure Solutions Inc. to conduct hiring background investigations for police and information technology personnel. The current Consultant Agreement expires on June 30, 2022. Staff recommends entering into a new agreement beginning July 1, 2022 to June 30, 2026.

Background:

On July 31, 2018, the Police Department entered into a Consultant Agreement with Secure Solutions Inc. Secure Solutions Inc. conducts thorough background investigations on each candidate according to guidelines established by Peace Officer Standards of Training (POST). Each individual investigation includes the following:

- An in-depth interview with the candidate and review of the Personal History Statement and any supplemental questionnaires depending upon the desired position.
- An investigation that includes local law enforcement criminal history check, verification of citizenship, education, DMV history, financial history, military history, and other applicable legal documents.
- Civil court records include dissolution of marriages, social media checks, contact with neighbors, relatives, and references, contact with current and past employers and coworkers, review of available personnel files, academy files, and other relevant documents.
- Status of applications with other agencies where the candidate has sought employment within the last two years.
- Background investigations are conducted for all Police Department positions, including Police Officer, Animal Services Officer, Multi-Services Officer, Dispatcher, Records Specialist, and other administrative/support positions.
- Background investigations are conducted for all Information Technology positions as they have unique access to data and information located within the Police Department's Records Management and Computer Aided Dispatch Systems (RMS and CAD).

Background investigations can cost a few hundred dollars to \$2,500 depending on the location of the applicant and the length of the investigation. Multiple applicants are sent to backgrounds for each position since the hiring standards are substantial. Prior to the background investigations, most applicants will have already passed the application screening, oral boards, polygraph, and pre-psychological assessment in order to keep costs at a minimum.

Staff recommends entering into a new agreement beginning July 1, 2022 through June 30, 2026 for the current and any future public safety vacancies to include but not limited to Police Officer(s), Record Services positions, Dispatcher(s), and other critical positions as needed for the City of Morgan Hill. The Agreement sets forth rates for Secure Solutions and ensures in-depth backgrounds will be conducted.

COMMUNITY ENGAGEMENT:

This staff report serves to inform the community of the City's desire to enter into a four-year Agreement with Secure Solutions Inc. for in-depth background check services beginning on July 1, 2022 to June 30, 2026.

ALTERNATIVE ACTIONS:

Council could direct staff to seek and contract with alternative firm(s) to provide background investigation services to fill the current vacancies within the Police Department.

PRIOR CITY COUNCIL AND COMMISSION ACTIONS:

In June 2020, Council approved a second two-year contract with Secure Solutions in the amount of \$100,000.

FISCAL AND RESOURCE IMPACT:

Sufficient funds for background investigations have been included in the Recommended Budget for FY2022-2023 and 2023-2024. Funds for FY2024-2025 and FY2025-2026 will be included in the next two-year budget development process. During the term of the agreement, background investigations will be conducted on an as-needed basis, depending on staffing needs.

CEQA (California Environmental Quality Act):

Not a Project

This Agreement entails organizational or administrative activities of governments and will not result in direct or indirect physical changes in the environment.

CONSULTANT AGREEMENT Secure Solutions

THIS AGREEMENT is entered into and becomes effective on _____ (Effective Date), by and between the CITY OF MORGAN HILL, a municipal corporation, ("CITY"), and Secure Solutions a California sole proprietorship ("CONSULTANT") hereinafter referred to collectively as "Parties." In consideration of the promises and the mutual covenants contained in this Agreement, the Parties agree as follows:

1. **City Authority.** This Agreement is entered into pursuant to the action of the Morgan Hill City Council taken on _____, _____, 20____.
2. **Term of Agreement.** This Agreement shall cover services rendered from the Effective Date of this Agreement until June 30, 2026 at which time CONSULTANT'S services shall be completed. The City Manager is authorized to extend the term of this Agreement for a maximum period of one year. Any such extension shall be in writing and signed by both Parties to this Agreement.
3. **Scope of Service.** The services to be performed by CONSULTANT shall be background investigations as further described in **Exhibit A.**
4. **Compensation.** CONSULTANT shall be compensated as follows:
 - 4.1. **Amount.** \$200,000.00. Total compensation to CONSULTANT under this Agreement during its initial term set forth in Section 2 above shall not exceed Two Hundred Thousand dollars and shall be billed based on the rate and basis set forth in **Exhibit B.** If the City Manager extends the term of this Agreement for up to one year pursuant to the provisions of Section 2 above, the City Manager shall have the authority to increase the maximum compensation allowed to be paid to CONSULTANT, so long as City Council has appropriated sufficient funds therefor, the Parties mutually agree to such amount in a writing signed by both Parties to this Agreement and provided further that in no event shall such maximum compensation allowed for the term exceed the City Manager's authority pursuant to Chapter 3.04 of the Morgan Hill Municipal Code, unless otherwise authorized by City Council.
 - 4.2. **Billing.** CONSULTANT shall provide CITY with an invoice containing the dated, detailed, and itemized descriptions of all services performed and expenses incurred (if such expenses are reimbursable pursuant to Exhibit B) by CONSULTANT on a monthly basis unless otherwise specified in Exhibit B. All invoices shall be sent to the CITY addressed to the department head or project manager identified below in Section 13 Notices. Any rate charged shall be prorated where services are interrupted or not provided for any rate period (for example, any monthly rate charge should be prorated when services were interrupted or provided for only part of the month). For services billed on an hourly rate, the minimum unit of billed time shall not exceed one tenth of one hour. CITY shall pay for services and expenses (if so provided in Exhibit B) up to the limit of compensation set forth above, that in the CITY's judgment were necessary and reasonable. Services for work performed and expenses incurred in excess of the total compensation set forth in paragraph 4.1 above shall be at no cost to CITY.
5. **Termination.** CITY or CONSULTANT shall have the right to terminate this Agreement, without cause, by giving thirty (30) days' written notice or less under urgent circumstances. Upon such termination, CONSULTANT shall submit to CITY an itemized statement of services performed for which compensation has not been paid. CITY may require CONSULTANT to complete certain work product or documents and CONSULTANT shall deliver to CITY all documents in its possession without additional compensation to

CONSULTANT. The City Manager of CITY is authorized to terminate this Agreement, in whole or in part, on behalf of CITY.

- 5.1. **Non-Appropriations.** Notwithstanding anything contained in this Agreement to the contrary, if insufficient funds are appropriated, or funds are otherwise unavailable in the budget for CITY for any reason whatsoever in any fiscal year, for payments due under this Agreement, CITY will immediately notify CONSULTANT of such occurrence, and this Agreement shall terminate after the last day during the fiscal year for which appropriations shall have been budgeted for CITY or are otherwise available for payments.

6. **Performance of Work.** CONSULTANT represents that it is qualified by virtue of experience, training, education, and expertise to accomplish these services. Services shall be performed by CONSULTANT in accordance with professional practices in a manner consistent with a level of care, competence and skill exercised by qualified members of the CONSULTANT'S profession. By delivery of completed work, CONSULTANT certifies that the work conforms to the requirements of this Agreement and all applicable federal, state and local laws. CONSULTANT shall perform all work and services under this Agreement in conformance with the time schedule set forth on Exhibit C, "Schedule of Performance," attached hereto and incorporated herein by this reference. CITY's City Manager is authorized on behalf of CITY to modify the timeframes set forth on the Schedule of Performance within the term of this Agreement. If CONSULTANT desires to leave or store any of CONSULTANT's equipment at a CITY site while CONSULTANT is performing work or service pursuant to this Agreement, CONSULTANT will first obtain the consent of CITY's City Manager, or his/her delegate, to do so, and any such storage shall occur only in the manner and location allowed by such CITY official and entirely at CONSULTANT's sole risk.

7. **Insurance Requirements.** CONSULTANT shall procure and provide proof of the insurance coverage required by this section in the form of certificates and endorsements. The required insurance must cover the activities of CONSULTANT, including its subcontractors, employees and agents, relating to or arising from the performance of any work or service under this Agreement, and must remain in full force and effect at all times during the period covered by this Agreement. The coverages may be arranged under a single policy for the full limits required or by a combination of underlying policies with the balance provided by excess or "umbrella" policies, provided each such policy complies with the requirements set forth herein. Any deductibles or self-insured retentions must be declared to and approved by City. CONSULTANT further understands that the CITY reserves the right to modify the insurance requirements set forth herein, with thirty (30) days' notice provided to CONSULTANT, at any time as deemed necessary to protect the interests of the CITY.

7.1. **Insurance Types and Amounts.**

8. **Non-Liability of Officials and Employees of the CITY.** No official or employee of CITY shall be personally liable for any default or liability under this Agreement.

9. **Compliance with Law.**

9.1. CONSULTANT and its officers, employees, agents, and subcontractors shall comply with all applicable laws, ordinances, administrative regulations, and permitting requirements in carrying out their obligations under this Agreement. CONSULTANT and its officers, employees, agents, and subcontractors covenant there shall be no discrimination based upon race, color, creed, religion, gender, marital status, age, sexual orientation, national origin, mental disability, physical disability, medical condition, or ancestry, in any activity pursuant to this Agreement.

9.2. Compliance with Wage and Hour Laws: Consultant, and any subcontractor it employs to complete work under this Agreement, shall comply with all applicable federal, state and local wage and hour laws. Applicable laws may include, but are not limited to, the Federal Fair Labor Standards Act and the California Labor Code.

Final Judgments, Decisions, and Orders: For purposes of this Section, a "final judgment, decision, or order" refers to one for which all appeals have been exhausted or the time to appeal has expired. Relevant investigatory government agencies include: the federal Department of Labor, the California Division of Labor Standards Enforcement, or any other governmental entity or division tasked with the investigation and enforcement of wage and hour laws.

Prior Judgments against CONSULTANT and/or its Subcontractors: BY SIGNING THIS AGREEMENT, CONSULTANT AFFIRMS THAT IT HAS DISCLOSED ANY FINAL JUDGMENTS, DECISIONS OR ORDERS FROM A COURT OR INVESTIGATORY GOVERNMENT AGENCY FINDING – IN THE FIVE (5) YEARS PRIOR TO EXECUTING THIS AGREEMENT – THAT CONSULTANT OR ITS SUBCONTRACTOR(S) HAS VIOLATED ANY APPLICABLE WAGE AND HOUR LAWS. CONSULTANT FURTHER AFFIRMS THAT IT OR ITS SUBCONTRACTOR(S) HAS SATISFIED AND COMPLIED WITH – OR HAS REACHED AGREEMENT WITH THE CITY REGARDING THE MANNER IN WHICH IT WILL SATISFY – ANY SUCH JUDGMENTS, DECISIONS OR ORDERS.

Judgments or Decisions During Term of Contract: If at any time during the term of this Agreement, a court or investigatory government agency issues a final judgment, decision or order finding that CONSULTANT or an subcontractor it employs to perform work under this Agreement has violated any applicable wage and hour law, or CONSULTANT learns of such a judgment, decision, or order that was not previously disclosed, CONSULTANT shall inform

the City Attorney, no more than fifteen (15) days after the judgment, decision or order becomes final or of learning of the final judgment, decision or order. CONSULTANT and its subcontractors shall promptly satisfy and comply with any such judgment, decision, or order, and shall provide the City Attorney with documentary evidence of compliance with the final judgment, decision or order within five (5) days of satisfying the final judgment, decision or order. The City reserves the right to require CONSULTANT to enter into an agreement with the City regarding the manner in which any such final judgment, decision, or order will be satisfied.

City's Right to Withhold Payment: Where CONSULTANT or any subcontractor it employs to perform work under this Agreement has been found in violation of any applicable wage and hour law by a final judgment, decision or order of a court or government agency, the City reserves the right to withhold payment to CONSULTANT until such judgment, decision or order has been satisfied in full.

Material Breach: Failure to comply with any part of this Section constitutes a material breach of this Agreement. Such breach may serve as a basis for immediate termination of this Agreement and/or any other remedies available under this Agreement and/or law.

Notice to City Related to Wage Theft Prevention: Notice provided to the City Attorney as required under this Section shall be addressed to: City Attorney, City of Morgan Hill, 17575 Peak Avenue, Morgan Hill, CA 95037. The Notice provisions of this Section are separate from any other notice provisions in this Agreement and, accordingly, only notice provided to the above address satisfies the notice requirements in this Section.

10. **Independent Contractor.** CONSULTANT is an independent contractor and not an agent or employee of CITY.

11. **Confidentiality.** All data, documents, or other information received by CONSULTANT from CITY or prepared in connection with CONSULTANT'S services under this Agreement are deemed confidential and shall not be disclosed to any third party by CONSULTANT without prior written consent by CITY.

12. **Conflict of Interest and Reporting.** CONSULTANT shall at all times avoid conflict of interest or appearance of conflict of interest in performance of this Agreement.

13. **Notices.** All notices shall be personally delivered or mailed, via first class mail to the below listed address. These addresses shall be used for delivery of service of process. Notices shall be effective five (5) days after date of mailing, or upon date of personal delivery.

Address of CONSULTANT is as follows:

Secure Solutions

Gilroy, CA 95020

Address of CITY is as follows:

Shane Palsgrvoe,
Chief of Police
City of Morgan Hill
17575 Peak Avenue
Morgan Hill, CA 95037

with a copy to:
City Clerk
City of Morgan Hill
17575 Peak Avenue
Morgan Hill, CA 95037

14. **Licenses, Permits and Fees.** CONSULTANT shall obtain a City of Morgan Hill Business License, all permits and licenses to the extent required by ordinances, codes and regulations of the federal, state and local government.

15. **Consultant's Proposal.** If applicable, this Agreement shall include CONSULTANT'S proposal or bid which is incorporated herein. In the event of any inconsistency between the terms of the proposal and this Agreement, this Agreement shall govern.

16. **Maintenance of Records.**

16.1. **Maintenance.** CONSULTANT shall prepare, maintain, and preserve all reports and records that may be required by federal, state, and CITY rules and ordinances related to services provided under this Agreement. CONSULTANT shall maintain records for a period of at least 3 years after receipt of final payment under this Agreement. If any litigation, claim, negotiation, audit exception, or other action relating to this Agreement is pending at the end of the 3-year period, then CONSULTANT shall retain said records until such action is resolved.

16.2. **Access to and Audit of Records.** The CITY shall have the right to examine, monitor and audit all records, documents, conditions, and activities of the CONSULTANT and its subcontractors related to services under this Agreement. Pursuant to Government Code Section 8546.7, if this Agreement involves the expenditure of public funds in excess of \$10,000, the Parties to this Agreement may be subject, at the request of the CITY or as part of any audit of the CITY, to the examination and audit of the State Auditor pertaining to matters connected with the performance of this Agreement for a period of three years after final payment under the Agreement.

16.3. **Ownership of Work Product.** All documents or other information developed or received by CONSULTANT for work performed under this Agreement shall be the property of CITY. CONSULTANT shall provide CITY with copies of these items upon demand or upon termination of this Agreement.

17. **Familiarity with Work.** By executing this Agreement, CONSULTANT represents that: (1) it has investigated the work to be performed; (2) it has investigated the site of the work and is aware of all conditions there; and (3) it understands the difficulties and restrictions of the work under this Agreement. Should CONSULTANT discover any conditions materially differing from those inherent in the work or as represented by CITY, it shall immediately inform CITY and shall not proceed, except at CONSULTANT'S risk, until written instructions are received from CITY.

18. **Time of Essence.** Time is of the essence in the performance of this Agreement.

19. **No Assignment.** Neither this Agreement nor any portion shall be assigned by CONSULTANT, without prior written consent of CITY. Any attempted assignment not first approved by CITY shall be void and, at CITY's option, shall terminate this Agreement effective as of the date of such attempted assignment.

20. **Attorney Fees.** In any legal action, dispute or arbitration arising out of or relating to this Agreement, the prevailing party shall be entitled to an award of its reasonable attorney fees, costs and expenses incurred.

21. **Defense and Indemnification.**

21.1. **Defense and Indemnification.** CONSULTANT shall, to the fullest extent permitted by law, indemnify, defend and hold harmless CITY, its elected or appointed officials, boards, agencies, officers, agents, employees, and volunteers ("INDEMNITEES") from and against any and all claims, liabilities, expenses, liens, or damages of any nature, including liability for bodily injury, property damage or personal injury, and including reasonable attorneys' fees and expenses, that arise out of, pertain to, or relate to the performance of this Agreement or the failure to comply with any obligations contained in this Agreement by CONSULTANT, and/or its agents, officers, employees, subcontractors, or independent contractors ("CLAIM").

21.2. **Exceptions.** CONSULTANT is not required to indemnify INDEMNITEES against liability for bodily injury, property damage or personal injury, or any other loss, damage or expense arising from the sole negligence or willful misconduct of the CITY.

21.3. **Not limited by insurance.** The indemnity, defense and hold harmless provisions of this Agreement apply to all CLAIMs alleged against an INDEMNITEE, regardless of whether any insurance policies are applicable. Policy limits do not act as a limitation upon the amount of indemnification or defense to be provided by CONSULTANT.

21.4. **Right to Offset.** CITY shall have the right to offset against any compensation due CONSULTANT under this Agreement any amount due CITY from CONSULTANT as a result of CONSULTANT's failure to pay CITY promptly any indemnification arising under this Section (21) and any amount due CITY from CONSULTANT arising from CONSULTANT's failure either to (i) pay taxes on amounts received pursuant to this Agreement or (ii) comply with applicable workers' compensation laws.

21.5. **Interpretation.** This Section shall constitute an agreement or contract of indemnity, incorporating the interpretations under California Civil Code Section 2778. It is expressly understood and agreed that the obligation of the CONSULTANT to indemnify the INDEMNITEE shall be as broad and inclusive as permitted by the laws of the State of California and shall survive termination of this Agreement.

22. **Entire Agreement; Modification; Conflicting Provisions.** This Agreement constitutes the entire Agreement between the Parties and supersedes any previous agreements, oral or written. This Agreement may be modified or provisions waived only by a subsequent mutual written agreement executed by CITY and CONSULTANT. If the provisions contained in the main body of this Agreement conflict with any provision contained in an exhibit to this Agreement, the provisions of the main body of this Agreement shall govern and control over any provision contained in an exhibit to this Agreement.

23. **Governing Law and Venue.** This Agreement shall be construed in accordance with the laws of the State of California. This Agreement was entered into and is to be performed in the County of Santa Clara. Any action or dispute arising out of this Agreement shall only be brought in Santa Clara County.

24. **Interpretation.** This Agreement is a negotiated document and shall be deemed to have been drafted jointly by the Parties, and no rule of construction or interpretation shall apply against any particular Party based on a contention that the Agreement was drafted by one of the Parties including, but not limited to,

California Civil Code § 1654, the provisions of which are hereby waived. This Agreement shall be construed and interpreted in a neutral manner.

25. **Preservation of Agreement.** If any term, provision, covenant, or condition of this Agreement is held by a court of competent jurisdiction to be invalid or unenforceable, the rest of the Agreement shall remain in full force and effect and shall in no way be affected or invalidated.

26. **Binding Agreement.** Notwithstanding the provisions of Section 19 above, this Agreement shall bind any and all successors in interest, legal representatives and/or other permitted assignees or transferees of CONSULTANT in the same manner as if those successors in interest, legal representatives or other permitted assignees or transferees had entered into this Agreement originally.

27. ☐ **Data Sharing.** This Agreement requires access by CONSULTANT to CITY's Geographic Information System (GIS) DATA for CONSULTANT to perform the work. CITY agrees to provide the GIS DATA to CONSULTANT solely for the purpose of performance of contracted work with the CITY upon the terms and conditions specified in Exhibit D, incorporated herein by this reference.

[Signatures on Next Page]

28. **Authority to Execute.** Those individuals who are signing this Agreement on behalf of entities represent and warrant that they are, respectively, duly authorized to sign on behalf of the entities and to bind the entities fully to each and all of the obligations set forth in this Agreement.

IN WITNESS THEREOF, these Parties have executed this Agreement on the day and year shown below.

AS SET FORTH IN CA. CORP. CODE § 313, TWO SIGNATURES ARE REQUIRED FOR CALIFORNIA CORPORATIONS:

GIS Strategic Plan

REPORT NARRATIVE:

The purpose of this agreement is to purchase software licensing from Esri, the City's current GIS software vendor.

How the licensing is used:

The GIS Division provides geographic mapping and spatial data analysis to departments and divisions Citywide. Staff are continuing to build out the GIS program by focusing on increasing access to GIS data and applications through business system integration, data development and staff training, all of which are made possible through

our current software licensing agreement.

Some examples of how City teammates are using Esri software to access GIS:

- Through the City's internal web map, CityMaps
- Through integration with City business applications: GIS has been integrated with Cityworks, Sedaru, and POSM. Integration with Community Development (formerly TRAKiT) is scheduled for FY 2022-23
- Through desktop and web software
- Through data in enterprise databases
- Through redundant servers. The GIS system includes redundant servers, so that if one fails or needs to be taken down for maintenance, the second server will continue to provide access to GIS software and data
- And planned for FY 2022-23, through both internal and external GeoHub application which will include a public access data download portal

Proposed Agreement Specifics:

The vendor is Environmental Systems Research Institute, Inc. (Esri), maker of the GIS software (ArcGIS) currently in use at the City. ArcGIS software is the industry standard in the U.S. and Esri's position in the GIS software market can be compared to Microsoft's dominance in office software applications. Using the same software as other cities, counties, and businesses is efficient and allows the City to easily use, share, and obtain data from outside sources and also facilitates collaboration.

Because there is no reasonable alternative to this software, City staff requested a quote from Esri for a new small government agreement. The terms are similar to our existing three-year agreement with Esri which expires in July of 2022. The agreement is for cities of similar population size to Morgan Hill and is called a "Small Government Enterprise Agreement" that allows the City to purchase licensing from Esri for a discounted, flat-rate yearly fee. It covers unlimited licensing of core Esri products.

The agreement will be effective July 17th, 2022 through July 16th, 2025. The total cost of the agreement is \$115,500 which is billed yearly at \$38,500 per year. This is a 9% cost increase over our current agreement.

If the City were to purchase the licensing from Esri on an ad-hoc basis rather than through this agreement, the cost would be significantly greater. The agreement includes multiple products including the ArcGIS Enterprise server license. For example, the two server licenses alone would cost \$80,000 for the first year and \$20,000 for subsequent years.

This is a standard Esri agreement that cannot be modified. The proposed agreement contains three components which are included as attachments:

1. Quotation- Esri uses this as the primary agreement
2. Small Enterprise Agreement- sets out the terms and contains the signature page
3. Master Agreement - referenced in the Small Enterprise Agreement, which sets out rights and restrictions of the desktop and web software

Staff recommends Council approve this three-year agreement with Esri to continue City

access to necessary GIS software.

COMMUNITY ENGAGEMENT:

Inform.

This staff report serves to inform the community of the proposed service agreement with ESRI.

ALTERNATIVE ACTIONS:

The City Council could choose not to move forward with the proposed agreement and direct staff to purchase its GIS software licenses from Esri on an ad-hoc basis, which would be significantly more expensive and provide fewer products.

PRIOR CITY COUNCIL AND COMMISSION ACTIONS:

On June 26, 2019, the City Council approved the current software licensing agreement with Esri.

FISCAL AND RESOURCE IMPACT:

The amount of \$77,000 (\$38,500 per year) for the initial two years is included in the Recommended Fiscal Years 2022-23 and 2023-24 budget, therefore no additional appropriations are required at this time. Funding for the third year will be included in the GIS division's proposed budget for the next biennial budget.

CEQA (California Environmental Quality Act):

Not a Project:

Since the resulting activity is software licensing that will not result in a change to the physical environment, this action is not a project under the California Environmental Quality Act.

1.0—ADDITIONAL DEFINITIONS

In addition to the definitions provided in the Master Agreement, the following definitions apply to this Agreement:

"Case" means a failure of the Software or Online Services to operate according to the Documentation where such failure substantially impacts operational or functional performance.

"Deploy", "Deployed" and "Deployment" mean to redistribute and install the Products and related Authorization Codes within Customer's organization(s).

"Fee" means the fee set forth in the Quotation.

"Maintenance" means Tier 2 Support, Product updates, and Product patches provided to Customer during the Term of Agreement.

"Master Agreement" means the applicable master agreement for Esri Products incorporated by this reference that is (i) found at <https://www.esri.com/en-us/legal/terms/full-master-agreement> and available in the installation process requiring acceptance by electronic acknowledgment or (ii) a signed Esri master agreement or license agreement that supersedes such electronically acknowledged master agreement.

"Product(s)" means the products identified in Table A—List of Products and any updates to the list Esri provides in writing.

"Quotation" means the offer letter and quotation provided separately to Customer.

"Technical Support" means the technical assistance for attempting resolution of a reported Case through error correction, patches, hot fixes, workarounds, replacement deliveries, or any other type of Product corrections or modifications.

"Tier 1 Help Desk" means Customer's point of contact(s) to provide all Tier 1 Support within Customer's organization(s).

"Tier 1 Support" means the Technical Support provided by the Tier 1 Help Desk.

"Tier 2 Support" means the Esri Technical Support provided to the Tier 1 Help Desk when a Case cannot be resolved through Tier 1 Support.

2.0—ADDITIONAL GRANT OF LICENSE

2.1 Grant of License. Subject to the terms and conditions of this Agreement, Esri grants to Customer a personal, nonexclusive, nontransferable license solely to use, copy, and Deploy quantities of the Products listed in Table A—List of Products for the Term of Agreement (i) for the applicable Fee and (ii) in accordance with the Master Agreement.

2.2 Consultant Access. Esri grants Customer the right to permit Customer's consultants or contractors to use the Products exclusively for Customer's benefit. Customer will be solely responsible for compliance by consultants and contractors with this Agreement and will ensure that the consultant or contractor discontinues use of Products upon completion of work for Customer. Access to or use of Products by consultants or contractors not exclusively for Customer's benefit is prohibited. Customer may not permit its consultants or contractors to install Software or Data on consultant, contractor, or third-party computers or remove Software or Data from Customer locations, except for the purpose of hosting the Software or Data on Contractor servers for the benefit of Customer.

3.0—TERM, TERMINATION, AND EXPIRATION

3.1 Term. This Agreement and all licenses hereunder will commence on the Effective Date and continue for the duration identified in the Term of Agreement, unless this Agreement is terminated earlier as provided herein. Customer is only authorized to use Products during the Term of Agreement. For an Agreement with a limited term, Esri does not grant Customer an indefinite or a perpetual license to Products.

3.2 No Use upon Agreement Expiration or Termination. All Product licenses, all Maintenance, and Esri User Conference registrations terminate upon expiration or termination of this Agreement.

3.3 Termination for a Material Breach. Either party may terminate this Agreement for a material breach by the other party. The breaching party will have thirty (30) days from the date of written notice to cure any material breach.

3.4 Termination for Lack of Funds. For an Agreement with government or government-

owned entities, either party may terminate this Agreement before any subsequent year if Customer is unable to secure funding through the legislative or governing body's approval process.

3.5 Follow-on Term. If the parties enter into another agreement substantially similar to this Agreement for an additional term, the effective date of the follow-on agreement will be the day after the expiration date of this Agreement.

4.0—PRODUCT UPDATES

4.1 Future Updates. Esri reserves the right to update the list of Products in Table A—List of Products by providing written notice to Customer. Customer may continue to use all Products that have been Deployed, but support and upgrades for deleted items may not be available. As new Products are incorporated into the standard program, they will be offered to Customer via written notice for incorporation into the Products schedule at no additional charge. Customer's use of new or updated Products requires Customer to adhere to applicable additional or revised terms and conditions in the Master Agreement.

4.2 Product Life Cycle. During the Term of Agreement, some Products may be retired or may no longer be available to Deploy in the identified quantities. Maintenance will be subject to the individual Product Life Cycle Support Status and Product Life Cycle Support Policy, which can be found at <https://support.esri.com/en/other-resources/product-life-cycle>. Updates for Products in the mature and retired phases may not be available. Customer may continue to use Products already Deployed, but Customer will not be able to Deploy retired Products.

5.0—MAINTENANCE

The Fee includes standard maintenance benefits during the Term of Agreement as specified in the most current applicable Esri Maintenance and Support Program document (found at <https://www.esri.com/en-us/legal/terms/maintenance>). At Esri's sole discretion, Esri may make patches, hot fixes, or updates available for download. No Software other

than the defined Products will receive Maintenance. Customer may acquire maintenance for other Software outside this Agreement.

a. Tier 1 Support

1. Customer will provide Tier 1 Support through the Tier 1 Help Desk to all Customer's authorized users.
2. The Tier 1 Help Desk will be fully trained in the Products.
3. At a minimum, Tier 1 Support will include those activities that assist the user in resolving how-to and operational questions as well as questions on installation and troubleshooting procedures.
4. The Tier 1 Help Desk will be the initial point of contact for all questions and reporting of a Case. The Tier 1 Help Desk will obtain a full description of each reported Case and the system configuration from the user. This may include obtaining any customizations, code samples, or data involved in the Case.
5. If the Tier 1 Help Desk cannot resolve the Case, an authorized Tier 1 Help Desk individual may contact Tier 2 Support. The Tier 1 Help Desk will provide support in such a way as to minimize repeat calls and make solutions to problems available to Customer's organization.
6. Tier 1 Help Desk individuals are the only individuals authorized to contact Tier 2 Support. Customer may change the Tier 1 Help Desk individuals by written notice to Esri.

b. Tier 2 Support

1. Tier 2 Support will log the calls received from Tier 1 Help Desk.
2. Tier 2 Support will review all information collected by and received from the Tier 1 Help Desk including preliminary documented troubleshooting provided by the Tier 1 Help Desk when Tier 2 Support is required.
3. Tier 2 Support may request that Tier 1 Help Desk individuals provide verification of information, additional information, or answers to additional questions to

supplement any preliminary information gathering or troubleshooting performed by Tier 1 Help Desk.

4. Tier 2 Support will attempt to resolve the Case submitted by Tier 1 Help Desk.
5. When the Case is resolved, Tier 2 Support will communicate the information to Tier 1 Help Desk, and Tier 1 Help Desk will disseminate the resolution to the user(s).

6.0—ENDORSEMENT AND PUBLICITY

This Agreement will not be construed or interpreted as an exclusive dealings agreement or Customer's endorsement of Products. Either party may publicize the existence of this Agreement.

7.0—ADMINISTRATIVE REQUIREMENTS

7.1 OEM Licenses. Under Esri's OEM or Solution OEM programs, OEM partners are authorized to embed or bundle portions of Esri products and services with their application or service. OEM partners' business model, licensing terms and conditions, and pricing are independent of this Agreement. Customer will not seek any discount from the OEM partner or Esri based on the availability of Products under this Agreement. Customer will not decouple Esri products or services from the OEM partners' application or service.

7.2 Annual Report of Deployments. At each anniversary date and ninety (90) calendar days prior to the expiration of this Agreement, Customer will provide Esri with a written report detailing all Deployments. Upon request, Customer will provide records sufficient to verify the accuracy of the annual report.

8.0—ORDERING, ADMINISTRATIVE PROCEDURES, DELIVERY, AND DEPLOYMENT

8.1 Orders, Delivery, and Deployment

- a. Upon the Effective Date, Esri will invoice Customer and provide Authorization Codes to activate the nondestructive copy protection program that enables Customer to download,

operate, or allow access to the Products. If this is a multi-year Agreement, Esri may invoice the Fee up to thirty (30) calendar days before the annual anniversary date for each year.

- b. Undisputed invoices will be due and payable within thirty (30) calendar days from the date of invoice. Esri reserves the right to suspend Customer's access to and use of Products if Customer fails to pay any undisputed amount owed on or before its due date. Esri may charge Customer interest at a monthly rate equal to the lesser of one percent (1.0%) per month or the maximum rate permitted by applicable law on any overdue fees plus all expenses of collection for any overdue balance that remains unpaid ten (10) days after Esri has notified Customer of the past-due balance.

- c. Esri's federal ID number is 95-2775-732.

- d. If requested, Esri will ship backup media to the ship-to address identified on the Ordering Document, FOB Destination, with shipping charges prepaid. Customer acknowledges that should sales or use taxes become due as a result of any shipments of tangible media, Esri has a right to invoice and Customer will pay any such sales or use tax associated with the receipt of tangible media.

8.2 Order Requirements. Esri does not require Customer to issue a purchase order. Customer may submit a purchase order in accordance with its own process requirements, provided that if Customer issues a purchase order, Customer will submit its initial purchase order on the Effective Date. If this is a multi-year Agreement, Customer will submit subsequent purchase orders to Esri at least thirty (30) calendar days before the annual anniversary date for each year.

- a. All orders pertaining to this Agreement will be processed through Customer's centralized point of contact.
- b. The following information will be included in each Ordering Document:
 - (1) Customer name; Esri customer number, if known; and bill-to and ship-to addresses
 - (2) Order number
 - (3) Applicable annual payment due

9.0—MERGERS, ACQUISITIONS, OR DIVESTITURES

If Customer is a commercial entity, Customer will notify Esri in writing in the event of (i) a consolidation, merger, or reorganization of Customer with or into another corporation or entity; (ii) Customer's acquisition of another entity; or (iii) a transfer or sale of all or part of Customer's organization (subsections i, ii, and iii, collectively referred to as "**Ownership Change**"). There will be no decrease in Fee as a result of any Ownership Change.

- 9.1** If an Ownership Change increases the cumulative program count beyond the maximum level for this Agreement, Esri reserves the right to increase the Fee or terminate this Agreement and the parties will negotiate a new agreement.
- 9.2** If an Ownership Change results in transfer or sale of a portion of Customer's organization, that portion of Customer's organization will transfer the Products to Customer or uninstall, remove, and destroy all copies of the Products.
- 9.3** This Agreement may not be assigned to a successor entity as a result of an Ownership Change unless approved by Esri in writing in advance. If the assignment to the new entity is not approved, Customer will require any successor entity to uninstall, remove, and destroy the Products. This Agreement will terminate upon such Ownership Change.

1.0—ADDITIONAL DEFINITIONS

In addition to the definitions provided in the Master Agreement, the following definitions apply to this Agreement:

"Case" means a failure of the Software or Online Services to operate according to the Documentation where such failure substantially impacts operational or functional performance.

"Deploy", "Deployed" and "Deployment" mean to redistribute and install the Products and related Authorization Codes within Customer's organization(s).

"Fee" means the fee set forth in the Quotation.

"Maintenance" means Tier 2 Support, Product updates, and Product patches provided to Customer during the Term of Agreement.

"Master Agreement" means the applicable master agreement for Esri Products incorporated by this reference that is (i) found at <https://www.esri.com/en-us/legal/terms/full-master-agreement> and available in the installation process requiring acceptance by electronic acknowledgment or (ii) a signed Esri master agreement or license agreement that supersedes such electronically acknowledged master agreement.

"Product(s)" means the products identified in Table A—List of Products and any updates to the list Esri provides in writing.

"Quotation" means the offer letter and quotation provided separately to Customer.

"Technical Support" means the technical assistance for attempting resolution of a reported Case through error correction, patches, hot fixes, workarounds, replacement deliveries, or any other type of Product corrections or modifications.

"Tier 1 Help Desk" means Customer's point of contact(s) to provide all Tier 1 Support within Customer's organization(s).

"Tier 1 Support" means the Technical Support provided by the Tier 1 Help Desk.

"Tier 2 Support" means the Esri Technical Support provided to the Tier 1 Help Desk when a Case cannot be resolved through Tier 1 Support.

2.0—ADDITIONAL GRANT OF LICENSE

2.1 Grant of License. Subject to the terms and conditions of this Agreement, Esri grants to Customer a personal, nonexclusive, nontransferable license solely to use, copy, and Deploy quantities of the Products listed in Table A—List of Products for the Term of Agreement (i) for the applicable Fee and (ii) in accordance with the Master Agreement.

2.2 Consultant Access. Esri grants Customer the right to permit Customer's consultants or contractors to use the Products exclusively for Customer's benefit. Customer will be solely responsible for compliance by consultants and contractors with this Agreement and will ensure that the consultant or contractor discontinues use of Products upon completion of work for Customer. Access to or use of Products by consultants or contractors not exclusively for Customer's benefit is prohibited. Customer may not permit its consultants or contractors to install Software or Data on consultant, contractor, or third-party computers or remove Software or Data from Customer locations, except for the purpose of hosting the Software or Data on Contractor servers for the benefit of Customer.

3.0—TERM, TERMINATION, AND EXPIRATION

3.1 Term. This Agreement and all licenses hereunder will commence on the Effective Date and continue for the duration identified in the Term of Agreement, unless this Agreement is terminated earlier as provided herein. Customer is only authorized to use Products during the Term of Agreement. For an Agreement with a limited term, Esri does not grant Customer an indefinite or a perpetual license to Products.

3.2 No Use upon Agreement Expiration or Termination. All Product licenses, all Maintenance, and Esri User Conference registrations terminate upon expiration or termination of this Agreement.

3.3 Termination for a Material Breach. Either party may terminate this Agreement for a material breach by the other party. The breaching party will have thirty (30) days from the date of written notice to cure any material breach.

3.4 Termination for Lack of Funds. For an Agreement with government or government-

owned entities, either party may terminate this Agreement before any subsequent year if Customer is unable to secure funding through the legislative or governing body's approval process.

3.5 Follow-on Term. If the parties enter into another agreement substantially similar to this Agreement for an additional term, the effective date of the follow-on agreement will be the day after the expiration date of this Agreement.

4.0—PRODUCT UPDATES

4.1 Future Updates. Esri reserves the right to update the list of Products in Table A—List of Products by providing written notice to Customer. Customer may continue to use all Products that have been Deployed, but support and upgrades for deleted items may not be available. As new Products are incorporated into the standard program, they will be offered to Customer via written notice for incorporation into the Products schedule at no additional charge. Customer's use of new or updated Products requires Customer to adhere to applicable additional or revised terms and conditions in the Master Agreement.

4.2 Product Life Cycle. During the Term of Agreement, some Products may be retired or may no longer be available to Deploy in the identified quantities. Maintenance will be subject to the individual Product Life Cycle Support Status and Product Life Cycle Support Policy, which can be found at <https://support.esri.com/en/other-resources/product-life-cycle>. Updates for Products in the mature and retired phases may not be available. Customer may continue to use Products already Deployed, but Customer will not be able to Deploy retired Products.

5.0—MAINTENANCE

The Fee includes standard maintenance benefits during the Term of Agreement as specified in the most current applicable Esri Maintenance and Support Program document (found at <https://www.esri.com/en-us/legal/terms/maintenance>). At Esri's sole discretion, Esri may make patches, hot fixes, or updates available for download. No Software other

than the defined Products will receive Maintenance. Customer may acquire maintenance for other Software outside this Agreement.

a. Tier 1 Support

1. Customer will provide Tier 1 Support through the Tier 1 Help Desk to all Customer's authorized users.
2. The Tier 1 Help Desk will be fully trained in the Products.
3. At a minimum, Tier 1 Support will include those activities that assist the user in resolving how-to and operational questions as well as questions on installation and troubleshooting procedures.
4. The Tier 1 Help Desk will be the initial point of contact for all questions and reporting of a Case. The Tier 1 Help Desk will obtain a full description of each reported Case and the system configuration from the user. This may include obtaining any customizations, code samples, or data involved in the Case.
5. If the Tier 1 Help Desk cannot resolve the Case, an authorized Tier 1 Help Desk individual may contact Tier 2 Support. The Tier 1 Help Desk will provide support in such a way as to minimize repeat calls and make solutions to problems available to Customer's organization.
6. Tier 1 Help Desk individuals are the only individuals authorized to contact Tier 2 Support. Customer may change the Tier 1 Help Desk individuals by written notice to Esri.

b. Tier 2 Support

1. Tier 2 Support will log the calls received from Tier 1 Help Desk.
2. Tier 2 Support will review all information collected by and received from the Tier 1 Help Desk including preliminary documented troubleshooting provided by the Tier 1 Help Desk when Tier 2 Support is required.
3. Tier 2 Support may request that Tier 1 Help Desk individuals provide verification of information, additional information, or answers to additional questions to

supplement any preliminary information gathering or troubleshooting performed by Tier 1 Help Desk.

4. Tier 2 Support will attempt to resolve the Case submitted by Tier 1 Help Desk.
5. When the Case is resolved, Tier 2 Support will communicate the information to Tier 1 Help Desk, and Tier 1 Help Desk will disseminate the resolution to the user(s).

6.0—ENDORSEMENT AND PUBLICITY

This Agreement will not be construed or interpreted as an exclusive dealings agreement or Customer's endorsement of Products. Either party may publicize the existence of this Agreement.

7.0—ADMINISTRATIVE REQUIREMENTS

7.1 OEM Licenses. Under Esri's OEM or Solution OEM programs, OEM partners are authorized to embed or bundle portions of Esri products and services with their application or service. OEM partners' business model, licensing terms and conditions, and pricing are independent of this Agreement. Customer will not seek any discount from the OEM partner or Esri based on the availability of Products under this Agreement. Customer will not decouple Esri products or services from the OEM partners' application or service.

7.2 Annual Report of Deployments. At each anniversary date and ninety (90) calendar days prior to the expiration of this Agreement, Customer will provide Esri with a written report detailing all Deployments. Upon request, Customer will provide records sufficient to verify the accuracy of the annual report.

8.0—ORDERING, ADMINISTRATIVE PROCEDURES, DELIVERY, AND DEPLOYMENT

8.1 Orders, Delivery, and Deployment

- a. Upon the Effective Date, Esri will invoice Customer and provide Authorization Codes to activate the nondestructive copy protection program that enables Customer to download,

operate, or allow access to the Products. If this is a multi-year Agreement, Esri may invoice the Fee up to thirty (30) calendar days before the annual anniversary date for each year.

- b. Undisputed invoices will be due and payable within thirty (30) calendar days from the date of invoice. Esri reserves the right to suspend Customer's access to and use of Products if Customer fails to pay any undisputed amount owed on or before its due date. Esri may charge Customer interest at a monthly rate equal to the lesser of one percent (1.0%) per month or the maximum rate permitted by applicable law on any overdue fees plus all expenses of collection for any overdue balance that remains unpaid ten (10) days after Esri has notified Customer of the past-due balance.

- c. Esri's federal ID number is 95-2775-732.

- d. If requested, Esri will ship backup media to the ship-to address identified on the Ordering Document, FOB Destination, with shipping charges prepaid. Customer acknowledges that should sales or use taxes become due as a result of any shipments of tangible media, Esri has a right to invoice and Customer will pay any such sales or use tax associated with the receipt of tangible media.

8.2 Order Requirements. Esri does not require Customer to issue a purchase order. Customer may submit a purchase order in accordance with its own process requirements, provided that if Customer issues a purchase order, Customer will submit its initial purchase order on the Effective Date. If this is a multi-year Agreement, Customer will submit subsequent purchase orders to Esri at least thirty (30) calendar days before the annual anniversary date for each year.

- a. All orders pertaining to this Agreement will be processed through Customer's centralized point of contact.
- b. The following information will be included in each Ordering Document:
 - (1) Customer name; Esri customer number, if known; and bill-to and ship-to addresses
 - (2) Order number
 - (3) Applicable annual payment due

9.0—MERGERS, ACQUISITIONS, OR DIVESTITURES

If Customer is a commercial entity, Customer will notify Esri in writing in the event of (i) a consolidation, merger, or reorganization of Customer with or into another corporation or entity; (ii) Customer's acquisition of another entity; or (iii) a transfer or sale of all or part of Customer's organization (subsections i, ii, and iii, collectively referred to as "**Ownership Change**"). There will be no decrease in Fee as a result of any Ownership Change.

- 9.1** If an Ownership Change increases the cumulative program count beyond the maximum level for this Agreement, Esri reserves the right to increase the Fee or terminate this Agreement and the parties will negotiate a new agreement.
- 9.2** If an Ownership Change results in transfer or sale of a portion of Customer's organization, that portion of Customer's organization will transfer the Products to Customer or uninstall, remove, and destroy all copies of the Products.
- 9.3** This Agreement may not be assigned to a successor entity as a result of an Ownership Change unless approved by Esri in writing in advance. If the assignment to the new entity is not approved, Customer will require any successor entity to uninstall, remove, and destroy the Products. This Agreement will terminate upon such Ownership Change.

Revised April 1, 2022
IMPORTANT—READ CAREFULLY

Unless superseded by a signed license agreement between you and Esri, Esri is willing to provide Esri Offerings and Services to you only if you accept all terms and conditions contained in this Agreement as the sole and final agreement of the parties regarding your acquisition of these Esri Offerings and Services. Please read the terms and conditions carefully. You may not use the Esri Offerings until you have agreed to the terms and conditions of the Agreement. If you do not agree to the terms and conditions as stated, click "I do not accept the Master Agreement" below; you may then request a refund of applicable fees paid.

This Master Agreement ("**Agreement**") is between you ("**Customer**") and **Environmental Systems Research Institute, Inc. ("Esri")**, a California corporation with a place of business at 380 New York Street, Redlands, California 92373-8100 USA.

Attachment A contains definitions of capitalized terms used throughout this Agreement. Each section of this Agreement may include additional definitions that are used exclusively within that section.

1.0 GENERAL GRANT OF RIGHTS AND RESTRICTIONS

1.1 Grant of Rights. In consideration of Customer's payment of all applicable fees and in accordance with this Agreement, Esri

- a. Provides Services as set forth in this Agreement;
- b. Grants to Customer a nonexclusive, nontransferable right and license or subscription to access and use Esri Offerings as set forth in the Specifications and applicable Ordering Documents; and
- c. Authorizes Customer to copy and make derivative works of the Documentation for Customer's own internal use in conjunction with Customer's authorized use of Esri Offerings. Customer will include the following copyright attribution notice acknowledging the proprietary rights of Esri and its licensors in any derivative work:

"Portions of this document include intellectual property of Esri and its licensors and are used under license. Copyright © [*Customer will insert the actual copyright date(s) from the source materials.*] Esri and its licensors. All rights reserved."

The grants of rights in this section (i) continue for the duration of the subscription or applicable Term or perpetually if no Term is applicable or identified in the Ordering Documents and (ii) are subject to additional rights and restrictions in this Agreement including Attachment B.

1.2 Consultant or Contractor Access. Customer may authorize its consultants or contractors to (i) host Esri Offerings for Customer's benefit and (ii) use Esri Offerings exclusively for Customer's benefit. Customer will be solely responsible for its consultants' and contractors' compliance with this Agreement and will ensure that each consultant or contractor discontinues use of Esri Offerings upon completion of work for Customer. Access to or use of Esri Offerings by consultants or contractors that is not exclusively for Customer's benefit is prohibited.

1.3 Reservation of Rights. All Esri Offerings are the copyrighted works of Esri or its licensors; all rights not specifically granted in this Agreement are reserved.

1.4 Customer Content. Esri does not acquire any rights in Customer Content under this Agreement other than as needed to provide Esri Offerings and Services to Customer.

2.0 SOFTWARE AND ONLINE SERVICES

2.1 Definitions. The following definitions supplement the definitions provided in Attachment A:

- a. **"Anonymous Users"** means all who have public access (i.e., without having to provide a Named User Credential) to any part of Customer Content or Customer's Value-Added Applications.
- b. **"App Login Credential(s)"** means a system-generated application login and associated password, provided when registering a Value-Added Application with Online Services, which when embedded in a Value-Added Application allows the Value-Added Application to access and use Online Services.
- c. **"Commercial App Deployment License"** means a license to distribute Value-Added Applications to third parties for a fee.
- d. **"Concurrent Use License"** means a license to install and use Software on computer(s) on a network, provided that the number of simultaneous users may not exceed the number of licenses acquired. A Concurrent Use License includes the right to run passive failover instances of Concurrent Use License management software in a separate operating system environment for temporary failover support.
- e. **"Deployment License"** means a license to incorporate ArcGIS Runtime components in Value-Added Applications and distribute Value-Added Applications to Customer's end users.
- f. **"Deployment Server License"** means a license to use Software under a Server License for all uses permitted in this Agreement and as described in the Documentation.
- g. **"Development Server License"** means a license to use Software under a Server License only to build and test Value-Added Applications as described in the Documentation.
- h. **"Development Use"** means the right to install and use Products to build and test Value-Added Applications as described in the Documentation.
- i. **"Dual Use License"** means the right to install Software on a desktop computer and use it simultaneously with either a personal digital assistant (PDA) or handheld mobile device as long as the Software is only used by a single individual at any time.
- j. **"Failover License"** means a license to install Software on redundant systems for failover operations, but the redundantly installed Software may be operational only during the period the primary site is nonoperational. Except for system maintenance and updating of databases, the redundant Software installation(s) will remain dormant while the primary site (or any other redundant site) is operational.
- k. **"Named User(s)"** is Customer's employee, agent, consultant, or contractor to whom Customer has assigned a unique, secure login credential (identity) enabling access to a Product that requires such identity in order to access identity-managed capabilities within a Product for Customer's exclusive benefit. For educational use, Named Users may include registered students.
- l. **"Named User Credential(s)"** means an individual person's login and associated password enabling that person to access and use Products.
- m. **"Named User License"** means the right for a single Named User to use a specific Esri Offering.
- n. **"Online Services Subscription"** means a limited-term subscription conveying the right for one or more Named Users to access and use Online Services.
- o. **"Redistribution License"** means a license to reproduce and distribute Software provided that
 1. Customer reproduces and distributes the Software in its entirety;
 2. A license agreement that protects the Software to the same extent as this Agreement accompanies each copy of the Software, and the recipient agrees to the terms and conditions of the license agreement;
 3. Customer reproduces all copyright and trademark attributions and notices; and
 4. Customer does not charge a fee to others for the use of the Software.
- p. **"Server License"** means a license to install and use Software on any computer being used as a server. Server Licenses may be subject to a limited number of server cores or distributed deployment on multiple servers as described in the Ordering Documents or Documentation. If the Software description includes failover use rights, each Server License includes a Failover License.
- q. **"Service Credit(s)"** means a unit of exchange for consumption of services that can be used with an Online Services Subscription.
- r. **"Sharing Tools"** means publishing capabilities included with Customer's authorized use of Online Services or ArcGIS Enterprise that allow Customer to make Customer Content and Value-Added Applications available to third parties or Anonymous Users.

- s. **"Single Use License"** means a license for a single authorized end user to install and use Software on a single computer. The single authorized end user may also install a second copy for the end user's exclusive use on a second computer as long as only 1 copy of Software is in use at any time. No other end user may use Software under the same license at the same time for any other purpose.
- t. **"Staging Server License"** means a license to use Software under a Server License to build and test Value-Added Applications and map caches; conduct user acceptance, performance, and load testing of other third-party software; stage new commercial data updates; and conduct training activities as described in the Documentation. Customer may use Value-Added Applications and map caches with Development and Deployment Server Licenses.

2.2 License and Subscription Types. Esri provides Products under one or more of the license or subscription types identified in the definitions above. The Documentation and Ordering Documents identify which license or subscription type(s) applies to the ordered Products.

2.3 Software Terms of Use.

- a. Customer may
 - 1. Install, access, or store Software and Data on electronic storage device(s);
 - 2. Make archival copies and routine computer backups;
 - 3. Install and use a newer version of Software concurrently with the version to be replaced during a reasonable transition period not to exceed 6 months, provided that the deployment of either version does not exceed Customer's licensed quantity; thereafter, Customer will not use more Software in the aggregate than Customer's total licensed quantity. This concurrent use right does not apply to Software licensed for Development Use;
 - 4. Move Software in the licensed configuration to a replacement computer;
 - 5. Distribute Software and any associated Authorization Codes required for use of a Deployment License to third parties; and
 - 6. Governmental or not-for-profit organizations that operate a website or offer Internet services may use server Software for revenue-generating purposes on a cost-recovery basis and not for profit.
- b. Customer may customize Software using any macro or scripting language, APIs, or source or object code libraries but only to the extent that such customization is described in the Documentation.
- c. Customer may use all fonts provided with Software for any authorized use of the Software. Customer may also use Esri fonts separately to print any output created by the Software. Any use restrictions for third-party fonts included with the Software are set forth in the font file itself.
- d. Esri publishes Product-specific Software terms of use at <https://www.esri.com/legal/scope-of-use>.

2.4 Online Services Terms of Use.

- a. **Online Services Descriptions.** Esri publishes Online Services Subscription-specific terms of use at <https://www.esri.com/legal/scope-of-use>. Use of Online Services is also subject to the Cloud Services terms found in Attachment B.
- b. **Modifications of Online Services.** Esri may change Online Services and associated APIs at any time, subject to 30 days' notice of material changes and 90 days' notice for deprecations. If any modification, discontinuation, or deprecation of Online Services causes a material, adverse impact to Customer's operations, Esri may, at its discretion, attempt to repair, correct, or provide a workaround for Online Services. If a viable solution is not commercially reasonable, Customer may cancel its subscription to Online Services, and when applicable, Esri will issue a prorated refund.
- c. **Sharing Customer Content.** Sharing Customer Content using Sharing Tools enables third parties to use, store, cache, copy, reproduce, (re)distribute, and (re)transmit Customer Content through Online Services. Esri is not responsible for any loss, deletion, modification, or disclosure of Customer Content resulting from use or misuse of Sharing Tools. Customer's use of Sharing Tools is at Customer's sole risk.

2.5 Named User Licenses. Except as expressly set forth in this Agreement, the following terms apply to Software and Online Services for which Customer acquires Named User Licenses.

a. Named Users.

1. Named User login credentials are for designated users only and may not be shared with other individuals.
2. Customer may reassign a Named User License to another user if the former user no longer requires access to the Software or Online Services.
3. Customer may not add third parties as Named Users, other than third parties included within the definition of Named Users.

b. Anonymous Users. Anonymous Users may only access Software or Online Services through Value-Added Applications that provide access to services or Content, that has been published for shared access through the use of Sharing Tools.

2.6 Value-Added Applications.

1. Customer is responsible for the development, operation, and technical support of Customer Content and Value-Added Applications.
2. Customer may not embed a Named User Credential into Value-Added Applications. Value-Added Applications that enable access to Customer Content that is not publicly shared through the use of Sharing Tools must require individual users to log in to the application(s) with their unique Named User login credentials.
3. Customer may embed an App Login Credential into Value-Added Applications that provide access by Anonymous Users to services or Content, that has been published for shared access by Anonymous Users through the use of Sharing Tools.
4. Customer may not embed an App Login Credential into Value-Added Applications that enables access to Customer Content that is not publicly shared through the use of Sharing Tools. Value-Added Applications that enable access to Customer Content that is not publicly shared through the use of Sharing Tools must require individual users to log in to the application(s) with their unique Named User login credentials.
5. Customer may not provide a third party, other than third parties included within the definition of Named Users, with access to Software or Online Services, other than through Customer's Value-Added Application(s).
6. Customer may transfer Value-Added Applications to any third party for use in conjunction with the third party's own Software license or Online Services Subscription.

2.7 Limited-Use Programs.

- a. Trial, Evaluation, and Beta Programs.** Products acquired under a trial, evaluation, or Beta program are licensed for evaluation and testing purposes only and not for commercial use. Any such use is at Customer's own risk, and the Products do not qualify for Maintenance. If Customer does not convert to a purchased license or subscription prior to the expiration of the trial, evaluation, or Beta license, Customer may lose any Customer Content and customizations made during the license term. If Customer does not wish to purchase a license or subscription, Customer should export such Customer Content before the license expires.
- b. Educational Programs.** Customer agrees to use Products provided under an educational program solely for educational purposes during the educational use Term. Customer shall not use Products for any Administrative Use unless Customer has acquired an Administrative Use license. "Administrative Use" means administrative activities that are not directly related to instruction or education, such as asset mapping, facilities management, demographic analysis, routing, campus safety, and accessibility analysis. Customer shall not use Products for revenue-generating or for-profit purposes.
- c. Grant Programs.** Customer may use Products provided under a grant program for noncommercial purposes only. Except for cost recovery of using and operating the Products, Customer shall not use Products for revenue-generating or for-profit purposes.
- d. Other Esri Limited-Use Programs.** If Customer acquires Products under any limited-use program not listed above, Customer's use of the Products may be subject to the terms set forth in the applicable launching page or enrollment form or as described on Esri's website in addition to the nonconflicting terms of this Agreement.

3.0 DATA

3.1 Definitions. The following definitions supplement the definitions provided in [Attachment A](#):

- a. **"Business Listing Data"** means any dataset that includes a list of businesses and may include other associated business attributes.
- b. **"Esri Content Package(s)"** means a digital file containing Online Services basemap Data extracted from the Online Services.
- c. **"Street Data"** means Data that includes or depicts information about roads, streets, and related features.

3.2 Permitted Uses.

- a. Unless otherwise authorized in writing, Customer may only use Data with the Products for which Esri has provided the Data.
- b. Subject to the restrictions set forth in this Agreement and provided that Customer affixes an attribution statement to the Data representations acknowledging Esri or its applicable licensor(s) as the source of the portion(s) of the Data used for the Data representation, Customer may:
 - 1. Create representations of Data in hard-copy or static, electronic format (e.g., PDF, GIF, JPEG, HTML); in ArcGIS Web Maps; or in Esri Story Maps apps for the purposes of visualizing Data (including basic interactions such as panning, zooming, and identifying map features with simple pop-ups); and
 - 2. Use and include such representations of Data in presentation packages, marketing studies, or other reports or documents containing map images or data summaries derived from the use of Esri Products to third parties.
- c. Customer may take Online Services basemaps offline through Esri Content Packages and subsequently deliver (transfer) them to any device for use with licensed ArcGIS Runtime applications and ArcGIS Desktop. Customer may not otherwise scrape, download, or store Data.
- d. Customer may make any internal use of geocoded results that are obtained and stored in compliance with this Agreement. Customer may not redistribute geocoded results except to (i) use and/or display on a map in connection with Customer's public, non-revenue generating website(s), (ii) permit access to third-parties for the purposes of Customer's business, or (iii) deliver to third parties, on a noncommercial/non-revenue generating basis, static results, static output or static base map renderings.

3.3 Use Restrictions.

- a. Customer may not act directly or authorize its customers to cobrand Data, use Data in any unauthorized service or product, or offer Data through or on behalf of any third party.
- b. Customer may not use or allow third parties to use Data, for the purpose of compiling, enhancing, verifying, supplementing, adding to, or deleting from compilation of information that is sold, rented, published, furnished, or in any manner provided to a third party.
- c. *Business Listing Data.* Unless authorized in writing, Customer may not use Business Listing Data for any direct marketing purposes, resale publication, or distribution to any third party as part of any mailing list, directory, classified advertising, or other compilation of information.
- d. *Street Data.* Customer may use Street Data for mapping, geocoding, routing, and transportation network analysis purposes. Unless otherwise authorized in writing, Customer may not use Street Data for
 - 1. Real-time navigational guidance, including alerting a user about upcoming maneuvers, such as warning of an upcoming turn or calculating an alternate route if a turn is missed;
 - 2. Synchronized multivehicle routing; or
 - 3. Synchronized route optimization.
- e. *Business Analyst Data.* Customer may cache Data provided with ArcGIS Business Analyst Mobile App on a mobile device for use in conjunction with its use of ArcGIS Business Analyst Server. Customer may not otherwise cache or download such Data.

- f. *Partial Dataset Licenses*: If Customer orders a subset of a dataset (e.g., a country, region, state, or local portion of a global database), Customer may use only the licensed subset, not any other portion of the full dataset.
- g. *Michael Bauer Research International Boundaries Data ("MBR Data")*. Customer's right to use data downloaded to Customer's premises (e.g., MBR Data stored in ArcGIS Enterprise, ArcGIS Desktop) terminates 2 years after download.

3.4 Supplemental Terms and Conditions for Data. Certain Data licensors require Esri to flow down additional attribution requirements and terms of use to Customer. These terms supplement and amend the terms of this Agreement and are available at www.esri.com/legal/third-party-data.

4.0 MAINTENANCE

4.1 US Customers. Esri will provide Maintenance for Software and Online Services in accordance with the Esri Maintenance and Support Program and this Agreement if Customer is in the United States.

4.2 Customers outside the United States. Customer may obtain maintenance services from their local Esri authorized distributor under the authorized distributor's own standard support policy.

5.0 SERVICES

5.1 US Customers. Esri may provide Esri Managed Cloud Services, Training, or Professional Services including Advantage Program to US Customers under an applicable Ordering Document. Unless Customer has signed an agreement with Esri establishing terms and conditions for such Services, Esri's performance is subject to the Services terms and conditions incorporated by reference and found at <https://www.esri.com/content/dam/esrisites/en-us/media/legal/services/ma-services.pdf>. A printed copy of these terms and conditions will be provided upon request.

5.2 Customers outside the United States. Customers outside of the United States may obtain Services from their local authorized distributor.

ATTACHMENT A GLOSSARY OF TERMS

The following glossary of terms applies to all Esri Offerings and Services that Esri may provide to its customers. Certain Esri Offerings or Services may not be within the scope of this Agreement. Please disregard any terms that are not applicable to Esri Offerings or Services offered under this Agreement.

"Affiliate" means any entity that directly or indirectly (i) Controls; (ii) is Controlled by; or (iii) is under common Control with a party, where "Control" means having more than 50 percent of the voting stock or other voting interest in the Controlled entity.

"API" means application programming interface.

"ArcGIS Website" means www.arcgis.com and any related or successor websites.

"Authorization Code(s)" means any key, authorization number, enablement code, login credential, activation code, token, user name and password, or other mechanism required for use of Esri Offerings.

"Beta" means any alpha, beta, or other prerelease version of a Product.

"Cloud Services" means Online Services and Esri Managed Cloud Services.

"Content" means data, images, photographs, animations, video, audio, text, maps, databases, data models, spreadsheets, user interfaces, graphics components, icons, software, and other resources used in connection with Esri Offerings and Services.

"Control" means having more than 50 percent of the voting stock or other voting interest in the Controlled entity.

"Customer Content" means any Content that Customer provides, uses, or develops in connection with Customer's use of Esri Offerings or Services, including Value-Added Applications. Customer Content excludes any feedback, suggestions, or requests for improvements that Customer provides to Esri.

"Data" means any commercially available digital dataset(s) including, but not limited to, geographic vector data, raster data reports, or associated tabular attributes that Esri bundles with other Esri Offerings or delivers independently.

"Deliverables" means anything that Esri delivers to Customer as a result of performance of Professional Services.

"Documentation" means all user reference documentation that Esri provides with a Deliverable or an Esri Offering.

"Esri Managed Cloud Services" means a Customer-specific cloud infrastructure, Software, Data, and network platform that Esri hosts, manages, and makes available to Customer or Customer's end users via the Internet.

"Esri Offering(s)" means any Product or Documentation. If Esri provides Training or Professional Services directly to Customer, then Esri Offerings also include Deliverables and Training Materials. Esri Offerings exclude Services and Third-Party Content.

"GIS" means geographic information system.

"Maintenance" means a subscription program that Esri provides and that entitles Customer to Product updates and other benefits such as access to technical support and self-paced, web-based learning resources.

"Malicious Code" means software viruses; worms; time bombs; Trojan horses; or any other computer code, files, denial of service, or programs designed to interrupt, destroy, or limit the functionality of any computer software, hardware, or telecommunications equipment.

"Online Services" means any commercially available, Internet-based geospatial system that Esri provides, including applications and associated APIs for storing, managing, publishing, and using maps, data, and other information. Online Services exclude Data and Content.

"Ordering Document(s)" means a sales quotation, Maintenance renewal quote, purchase order, proposal, Task Order, or other document identifying Esri Offerings, updates, or Services that Customer orders.

"Perpetual License" means a license to use a version of the Esri Offering for which applicable license fees have been paid, indefinitely, unless terminated by Esri or Customer as authorized under this Agreement.

"Product(s)" means Software, Data, and Online Services.

"Professional Services" means any development or consulting services that Esri provides to Customer.

"Sample(s)" means sample code, sample applications, add-ons, or sample extensions of Products.

"Service(s)" means Maintenance. If Esri provides Esri Managed Cloud Services, Training, or Professional Services directly to Customer, then Services also include Esri Managed Cloud Services, Training, and Professional Services.

"Software" means any proprietary commercial off-the-shelf software, excluding Data, accessed or downloaded from an Esri-authorized website or that Esri delivers on any media in any format including backups, updates, service packs, patches, hot fixes, or permitted merged copies.

"Specification(s)" means (i) the Documentation for Software and Online Services, (ii) the scope of work set forth in any Task Order, or (iii) Esri's published course descriptions for Training.

"Task Order(s)" means an Ordering Document for Services.

"Term License" means a license for use of an Esri Offering for a limited time period ("**Term**").

"Third-Party Content" means any Content that Customer may obtain from a third-party website or that persons other than Esri employees, suppliers, or contractors may directly contribute to Esri's website.

"Training" means (i) Product training or (ii) related training that Esri provides under this Agreement.

"Training Materials" means digital or printed Content required to complete Training, which may include, but is not limited to, workbooks, data, concepts, exercises, assessments, and exams.

"Value-Added Application(s)" means an application developed by Customer for use in conjunction with the authorized use of any Software, Data, or Online Services.

ATTACHMENT B GENERAL TERMS AND CONDITIONS

The following general terms and conditions apply to all Esri Offerings and Services that Esri may offer to its customers. Certain Esri Offerings or Services may not be available under this Agreement. Please disregard any terms that are not applicable to Esri Offerings or Services offered under this Agreement.

ARTICLE B.1—GENERAL USE RESTRICTIONS

Except as expressly permitted in this Agreement, Customer will not

- a. Sell, rent, lease, sublicense, distribute, lend, time-share, or assign Services or Esri Offerings;
- b. Distribute or provide direct access to Services or Esri Offerings to third parties, in whole or in part, including, but not limited to, extensions, components, or DLLs;
- c. Distribute Authorization Codes to third parties;
- d. Reverse engineer, decompile, or disassemble any Product or Deliverable delivered in compiled form;
- e. Make any attempt to circumvent the technological measure(s) that controls access to or use of Esri Offerings;
- f. Store, cache, use, upload, distribute, or sublicense Content or otherwise use Esri Offerings in violation of Esri's or a third-party's rights, including intellectual property rights, privacy rights, nondiscrimination laws, export laws, or any other applicable law or regulation;
- g. Remove or obscure any Esri or its licensors' patent, copyright, trademark, proprietary rights notices, or legends contained in or affixed to any Esri Offerings, output, metadata file, or online or hard-copy attribution page of any Data or Documentation;
- h. Unbundle or independently use individual or component parts of Esri Offerings;
- i. Incorporate any portion of Esri Offerings into a product or service for third-party use that competes with the Esri Offerings;
- j. Publish or in any other way communicate the results of benchmark tests run on Beta Products without the prior written permission of Esri and its licensors; or
- k. Use, incorporate, modify, distribute, provide access to, or combine any Esri Offerings in a manner that would subject any Esri Offering to open-source or open-database license terms (e.g. GPL) that require any part of the Esri Offering to be subject to additional terms, for example
 - 1. Disclosed in source code form to third parties;
 - 2. Licensed to third parties for the purpose of making derivative works; or
 - 3. Redistributable to third parties at no charge; or
- l. Generate revenue by providing access to Software or Online Services through a Value-Added Application.

These restrictions will not apply to the extent that they conflict with applicable law or regulation.

ARTICLE B.2—TERM AND TERMINATION

B.2.1 Customer may terminate this Agreement or any Esri Offerings license or subscription at any time upon written notice to Esri. Termination without cause does not entitle Customer to receive any refund of fees paid. Any right to terminate pending Services engagements for convenience is set forth in the applicable section in the body of this Agreement. Either party may terminate this Agreement or any license or subscription for a material breach that is not cured within 30 days of written notice to the breaching party. Upon any termination of this Agreement for breach, Esri will stop providing Services. Any licenses in Esri Offerings that survive termination of this Agreement continue under the terms of this Agreement.

B.2.2 If Esri terminates this Agreement following Customer's breach, then Esri may also, at its election, terminate Customer's licenses or subscriptions to Esri Offerings. If Customer terminates this Agreement for cause or convenience, then Customer may, at its election, also terminate Customer's licenses or subscriptions to Esri Offerings.

B.2.3 Upon any termination or expiration of a license or subscription, Customer will

- a. Stop accessing and using the terminated or expired Esri Offerings;
- b. Clear any client-side data cache derived from the terminated or expired Cloud Services; and
- c. Stop using and uninstall, remove, and destroy all copies of the terminated or expired Esri Offerings in Customer's possession or control, including any modified or merged portions thereof, in any form, and execute and deliver evidence of such actions to Esri or its authorized distributor.

Esri may stop performing Services immediately upon written notice to Customer if a bankruptcy or insolvency proceeding is commenced by or against Customer until the trustee cures any existing defaults and provides adequate assurance of future performance under this Agreement. This Agreement terminates upon the insolvency, liquidation, or dissolution of either party.

ARTICLE B.3—LIMITED WARRANTIES AND DISCLAIMERS

B.3.1 Limited Warranties. Except as disclaimed below, Esri warrants to Customer that (i) Products and Training will substantially comply with the applicable Specifications and (ii) Services will substantially conform to the professional and technical standards of the industry. The warranty period for Esri Offerings offered under a Perpetual License and for Services runs for 90 days from the date of delivery or from the date of acceptance if this Agreement provides an acceptance period. The warranty period for Esri Offerings offered under a subscription or Term License basis runs for the lesser of (i) the duration of the subscription or term or (ii) 90 days from delivery or acceptance if this Agreement provides an acceptance period.

B.3.2 Special Disclaimer. Third-Party Content; Data; Samples; hot fixes; patches; updates; Online Services provided at no charge; and trial, evaluation, and Beta Products are delivered "as is" and without warranty of any kind.

B.3.3 General Disclaimer. Except for the express limited warranties set forth in this Agreement, Esri disclaims all other warranties or conditions of any kind, whether express or implied, including, but not limited to, warranties or conditions of merchantability, fitness for a particular purpose, and noninfringement of intellectual property rights. Esri is not responsible for any nonconformities with Specifications or loss, deletion, modification, or disclosure of Customer Content caused by Customer's modification of any Esri Offering other than as specified in the Documentation. Esri does not warrant that Esri Offerings, or Customer's operation of the same, will be uninterrupted, error free, fault tolerant, or fail-safe or that all nonconformities can or will be corrected. Esri Offerings are not designed, manufactured, or intended for use in environments or applications that may lead to death, personal injury, or physical property or environmental damage. Customer should not follow any navigational route suggestions that appear to be hazardous, unsafe, or illegal. Any such uses will be at Customer's own risk and cost.

B.3.4 Disclaimers.

- a. **Internet Disclaimer.** Neither party will be liable for damages under any theory of law related to the performance or discontinuance of operation of the Internet or to regulation of the Internet that might restrict or prohibit the operation of Cloud Services.
- b. **Third-Party Websites; Third-Party Content.** Esri is not responsible for any third-party website or Third-Party Content that appears in or is referenced by Esri Offerings or Esri websites, including www.esri.com, developers.arcgis.com, livingatlas.arcgis.com and www.arcgis.com. Providing links to third-party websites and resources does not imply an endorsement, affiliation, or sponsorship of any kind.

B.3.5 Exclusive Remedy. Customer's exclusive remedy and Esri's entire liability for breach of the limited warranties in this section will be to replace any defective media and to (i) repair, correct, or provide a workaround for the applicable Esri Offering or Services or (ii) at Esri's election, terminate Customer's right to use and refund the fees paid for Esri Offerings or Services that do not meet Esri's limited warranties.

ARTICLE B.4—LIMITATION OF LIABILITY

B.4.1 Disclaimer of Liability. Neither Customer, Esri, nor any Esri authorized distributor or third party licensor will be liable for any indirect, special, incidental, or consequential damages; lost profits; lost sales; loss of goodwill; costs of procurement of substitute goods or services; or damages exceeding the applicable license fees, or current subscription fees, or Services fees paid or owed to Esri for the Esri Offerings or Services giving rise to the cause of action.

B.4.2 The limitations and exclusions of liability in the preceding paragraph do not apply to Customer's infringement, misuse, or misappropriation of Esri's or Esri's licensors' intellectual property rights, either party's indemnification obligations, gross negligence, willful misconduct, or violations of the Export Compliance clause of this Agreement or any applicable law or regulation.

B.4.3 Applicability of Disclaimers and Limitations. Esri or its authorized distributor has set its fees and entered into this Agreement in reliance on the disclaimers and limitations in this Agreement; the fees reflect an allocation of risk that is an essential basis of the bargain between the parties. **These limitations will apply whether or not a party is aware of the possibility of any damage and notwithstanding any failure of essential purpose of any exclusive, limited remedy.**

B.4.4 The foregoing disclaimers, limitations, and exclusions may be invalid in some jurisdictions and apply only to the extent permitted by applicable law or regulation in Customer's jurisdiction. Customer may have additional rights that may not be waived or disclaimed. Esri does not seek to limit Customer's warranty or remedies to any extent not permitted by law.

ARTICLE B.5—INDEMNIFICATIONS

B.5.1 Definitions. The following definitions supplement the definitions provided in Attachment A:

- a. **"Claim"** means any claim, action, or demand by a third party.
- b. **"Indemnitees"** means Customer and its directors, officers, and employees.
- c. **"Infringement Claim(s)"** means any Claim alleging that Customer's use of or access to any Esri Offering or Service infringes a patent, copyright, trademark, or trade secret.
- d. **"Loss(es)"** means expenditure, damage award, settlement amount, cost, or expense, including awarded attorneys' fees.

B.5.2 Infringement Indemnity.

- a. Esri will defend, hold all Indemnitees harmless from, and indemnify any Loss arising out of an Infringement Claim.
- b. If Esri determines that an Infringement Claim is valid, Esri may, at its expense, either (i) obtain rights for Customer to continue using the Esri Offerings or Services or (ii) modify the Esri Offerings or Services while maintaining substantially similar functionality. If neither alternative is commercially reasonable, Esri may terminate Customer's right to use the Esri Offerings or Services and will refund any (a) license fees that Customer paid for the infringing Esri Offerings or Services acquired under a Perpetual License, prorated on a 5-year, straight-line depreciation basis beginning from the initial date of delivery or (b) unused portion of fees paid for Term Licenses, Subscriptions, and Maintenance.
- c. Esri has no obligation to defend an Infringement Claim or to indemnify Customer to the extent the Infringement Claim arises out of (i) the combination or integration of Esri Offerings or Services with a product, process, system, or element that Esri has not supplied or specified in the Specification; (ii) alteration of Esri Offerings or Services by anyone other than Esri or its subcontractors; (iii) compliance with Customer's specifications; or (iv) use of Esri Offerings or Services after Esri either provides a modified version to avoid infringement or terminates Customer's right to use the Esri Offerings or Services.

B.5.3 General Indemnity. Esri will defend and hold all Indemnitees harmless from, and indemnify any Loss arising out of, any Claim for bodily injury, death, or tangible or real property damage brought against any of the Indemnitees to the extent arising from any negligent act or omission or willful misconduct by Esri or its directors, officers, employees, or agents performing Services while on Customer's site.

B.5.4 Conditions for Indemnification. As conditions for indemnification, but for those defined as Infringement Claims (see B.5.2 c.), Indemnitee will (i) promptly notify Esri in writing of the Claim, (ii) provide all available documents describing the Claim, (iii) give Esri sole control of the defense of any action and negotiation related to the defense or settlement of any Claim, and (iv) reasonably cooperate in the defense of the Claim at Esri's request and expense.

B.5.5 This section sets forth the entire obligation of Esri, its authorized distributor, and its third party licensors regarding any Claim for which Esri must indemnify Customer.

ARTICLE B.6—INSURANCE

If Esri is providing Services, Esri will carry, at a minimum, the following coverage:

- a. Comprehensive general liability or commercial general liability with a minimum coverage of \$1,000,000.00 (US dollars) combined single limit per occurrence for bodily injury, including death, and property damage liability to include the following:
 1. Premises and operations;
 2. Blanket contractual liability;
 3. Broad form property damage;
 4. Independent contractors;
 5. Personal injury, with employee exclusion deleted; and
 6. Completed operations.
- b. Workers' compensation insurance, with waiver of subrogation, in an amount that complies with statutory limits.

ARTICLE B.7—SECURITY AND COMPLIANCE

B.7.1 Security. Esri publishes its security capabilities at <https://trust.arcgis.com>. Customer may give Esri personnel access to Customer systems or to Customer or third-party personal information, controlled information, or sensitive data if access is essential for Esri's performance of Services and if Esri expressly agrees to such access. Esri will use reasonable administrative, technical, and physical safeguards to protect such data and guard against unauthorized access. Customer bears responsibility to (i) confirm that Esri's published security and privacy controls meet all applicable legal requirements for protection of Customer Content and (ii) upload or share Customer Content through Cloud Services only when it is legal to do so. Esri is not responsible to review Customer Content to ensure compliance with applicable laws and regulations. Customer must contact Esri at securesupport@esri.com for further instruction before providing any Customer Content that requires security measures other than Esri's published security capabilities.

B.7.2 Malicious Code. Esri will use commercially reasonable efforts to ensure that Esri Offerings will not transmit any Malicious Code to Customer. Esri is not responsible for Malicious Code that Customer introduces to Esri Offerings or that is introduced through Third-Party Content.

B.7.3 Export Compliance. Each party will comply with all applicable export and trade sanctions laws and regulations, including the US Department of Commerce's Export Administration Regulations (EAR), the US Department of State's International Traffic in Arms Regulations (ITAR), the US Department of Treasury, Office of Foreign Assets Control (OFAC) Regulations, and other applicable export laws. Customer will not export, reexport, transfer, release, or otherwise dispose of, in whole or in part, or permit access to or transfer or use of Services or Esri Offerings to any United States embargoed countries currently including Iran, Syria, North Korea, Cuba, Crimea region of Ukraine, the Donetsk People's Republic (DNR) and Luhansk People's Republic (LNR), or denied entities or persons except in accordance with all then-current applicable US government export laws and regulations. Customer will not export, reexport, transfer, or use Services or Esri Offerings for certain missile, nuclear, chemical, or biological activities or end uses without proper authorization from the US government. Customer shall immediately notify Esri in writing if any US government entity or agency denies, suspends, or revokes Customer's export privileges. Customer will not upload, store, or process in Cloud Services any Customer Content that (i) has an Export Control Classification Number (ECCN) other than EAR99 or (ii) is controlled for export from the United States under ITAR. Customer will notify Esri in advance if Esri's performance

of any Services or provision of any Esri Offerings is related to any defense article, defense service, or technical data, as defined under the ITAR Sections 120.6, 120.9, and 120.10, respectively; Esri will not perform any such Services or provide any such Esri Offerings until Esri obtains any necessary export license from the US government. Customer will reasonably assist Esri in applying for and obtaining an export license if needed.

B.7.4 Privacy. Esri will process personal data according to the terms of the Data Processing Addendum available at <https://www.esri.com/en-us/privacy/overview>.

ARTICLE B.8—CLOUD SERVICES

B.8.1 Prohibited Uses. Customer shall not provide Customer Content or otherwise access or use Cloud Services in a manner that

- a. Creates or transmits spam, spoofings, or phishing email or offensive or defamatory material; or stalks or makes threats of physical harm;
- b. Stores or transmits any Malicious Code;
- c. Violates any law or regulation;
- d. Infringes or misappropriates the rights of any third party;
- e. Probes, scans, or tests the vulnerability of Cloud Services or breach any security or authentication measures used by Cloud Services without written approval from Esri's Product Security Officer; or
- f. Benchmarks the availability, performance, or functionality of Cloud Services.

B.8.2 Service Interruption. System failures or other events beyond Esri's reasonable control may interrupt Customer's access to Cloud Services. Esri may not be able to provide advance notice of such interruptions.

B.8.3 Customer Content.

- a. Customer grants Esri and its subcontractors a nonexclusive, nontransferable, worldwide right to host, run, modify, and reproduce Customer Content as needed to provide Cloud Services to Customer. Esri will not access, use, or disclose Customer Content without Customer's written permission except as reasonably necessary to support Customer's use of Cloud Services. Except for the limited rights granted to Esri under this Agreement, Customer retains all its rights, title, and interest in the Customer Content.
- b. If Customer accesses Cloud Services with an application provided by a third party, Esri may disclose Customer Content to such third party as necessary to enable interoperation between the application, Cloud Services, and Customer Content.
- c. Esri may disclose Customer Content if required to do so by law or regulation or by order of a court or other government body, in which case Esri will reasonably attempt to limit the scope of disclosure.
- d. When Customer's use of Cloud Services ends, Esri will either
 1. Make Customer Content available to Customer for download for a period of 30 days unless Customer requests a shorter window of availability or Esri is legally prohibited from doing so; or
 2. Download all Customer Content in Esri's possession to a medium of Customer's choosing and deliver such Customer Content to Customer.

Esri will have no further obligations to store or return Customer Content at the conclusion of the Cloud Services.

B.8.4 Removal of Customer Content. Esri may remove or delete Customer Content if there is reason to believe that uploading Customer Content to or using it with Cloud Services materially violates this Agreement. If reasonable under these circumstances, Esri will notify Customer before removing Customer Content. Esri will respond to any Digital Millennium Copyright Act takedown notices in accordance with Esri's copyright policy, available at www.esri.com/legal/dmca_policy.

B.8.5 Service Suspension. Esri may suspend access to Cloud Services (i) if Customer materially breaches this Agreement and fails to timely cure the breach; (ii) if Esri reasonably believes that Customer's use of Cloud Services will subject Esri to immediate liability or adversely affect the integrity, functionality, or usability of the Cloud Services; (iii) for scheduled maintenance; (iv) to enjoin a threat or attack on Cloud Services; or (v) if Cloud

Services become prohibited by law or regulated to a degree that continuing to provide them would impose a commercial hardship. When feasible, Esri will notify Customer of any Cloud Services suspension beforehand and give Customer reasonable opportunity to take remedial action.

Esri is not responsible for any damages, liabilities, or losses that may result from any interruption or suspension of Cloud Services or removal of Customer Content as described above.

B.8.6 Notice to Esri. Customer will promptly notify Esri if Customer becomes aware of any unauthorized use of Customer's subscription or any other breach of security regarding Cloud Services.

ARTICLE B.9—GENERAL PROVISIONS

B.9.1 Payment. Customer will pay each correct invoice no later than 30 days after receipt and will remit payment to the address stated on the invoice. Customers outside the United States will pay the authorized distributor's invoices in accordance with the authorized distributor's payment terms.

B.9.2 Feedback. Esri may freely use any feedback, suggestions, or requests for Product improvement that Customer provides to Esri.

B.9.3 Patents. Customer may not seek, and may not permit any other user to seek, a patent or similar right worldwide that is based on or incorporates any Products. This express prohibition on patenting will not apply to Customer's software and technology except to the extent that Products, or any portion thereof, are part of any claim or preferred embodiment in a patent application or a similar application.

B.9.4 Restrictions on Solicitation. Neither party will solicit for hire any employee of the other party who is associated with the performance of Services during the performance of the Services and for a period of 1 year thereafter. This does not restrict either party from publicly advertising positions for hire in newspapers, professional magazines, or Internet postings.

B.9.5 Taxes and Fees; Shipping Charges. Pricing of Esri Offerings and Services that Esri quotes to Customer is exclusive of any and all applicable taxes or fees including, but not limited to, sales tax, use tax, or value-added tax (VAT); customs, duties, or tariffs; shipping and handling charges; and vendor enrollment fees. Esri will add any fees that it is required to pay to the total amount of its invoice to Customer. Esri may include estimated taxes and shipping and handling charges in its quotations but may adjust these fees on invoicing. For Customers outside the United States, the authorized distributor may quote taxes or fees in accordance with its own policies.

B.9.6 Compliance Review. Customer will keep accurate and complete records and accounts pertaining to its compliance with its obligations under this Agreement. Esri or its authorized distributor may conduct a compliance review of these records and accounts with no less than 14 business days' written notice or may appoint an independent third party to conduct such a compliance review on its behalf. Customer will promptly correct any noncompliance identified during the compliance review. Neither Esri nor Esri's authorized distributor may conduct a compliance review of Customer within 12 months after the conclusion of any prior compliance review that does not reveal any material Customer noncompliance.

B.9.7 No Implied Waivers. The failure of either party to enforce any provision of this Agreement is not a waiver of the provisions or of the right of such party thereafter to enforce that or any other provision.

B.9.8 Severability. If any provision of this Agreement is held to be unenforceable for any reason, (i) such provision will be reformed only to the extent necessary to make the intent of the language enforceable, and (ii) all other provisions of this Agreement will remain in effect.

B.9.9 Successor and Assigns. Customer will not assign, sublicense, or transfer Customer's rights or delegate Customer's obligations under this Agreement without Esri's and its authorized distributor's prior written consent, and any attempt to do so without consent will be void. This Agreement will be binding on the respective successors and assigns of the parties to this Agreement. Notwithstanding, a contractor under contract to the government to deliver Products may assign this Agreement and Products acquired for delivery to its government

customer upon written notice to Esri, provided the government customer assents to the terms of this Agreement. Upon mutual agreement, Esri's Affiliates may provide Services under the terms of this Agreement; in such cases, the Ordering Documents will identify the Affiliate as the party that provides the Services. Esri's authorized distributors are not Affiliates of Esri.

B.9.10 Survival of Terms. The Glossary of Terms and provisions of the following Articles of these General Terms and Conditions will survive the expiration or termination of this Agreement: "Limited Warranties and Disclaimers," "Limitation of Liability," "Indemnifications," and "General Provisions."

B.9.11 US Government Customer. The Products are commercial items, developed at private expense, provided to Customer under this Agreement. If Customer is a US government entity or US government contractor, Esri licenses or provides subscriptions to Customer in accordance with this Agreement under FAR Subparts 12.211/12.212 or DFARS Subpart 227.7202. Esri Data and Online Services are licensed or subscribed under the same DFARS Subpart 227.7202 policy as commercial computer software for acquisitions made under DFARS. Products are subject to restrictions, and this Agreement strictly governs Customer's use, modification, performance, reproduction, release, display, or disclosure of Products. Agreement provisions that are inconsistent with federal law regulation will not apply. A US government Customer may transfer Software to any of its facilities to which it transfers the computer(s) on which it has installed such Software. If any court, arbitrator, or board holds that a US government Customer has greater rights to any portion of Products under applicable public procurement law, such rights will extend only to the portions affected. ArcGIS Online has been granted FedRAMP tailored low authorization but does not meet higher security requirements including those found in DFARS 252.239-7010.

B.9.12 Governing Law. This Agreement is not subject to the United Nations Convention on Contracts for the International Sale of Goods.

- a. **Government Entities.** If Customer is a government entity, the applicable laws of Customer's jurisdiction govern this Agreement.
- b. **Nongovernment Entities.** US federal law and the law of the State of California exclusively govern this Agreement, excluding their respective choice of law principles.

B.9.13 Dispute Resolution. The parties will use the following dispute resolution processes:

- a. **Equitable Relief.** Either party will have the right to seek an injunction, specific performance, or other equitable relief in any court of competent jurisdiction without the requirement of posting a bond or proving injury as a condition for relief.
- b. **US Government Agencies.** This Agreement is subject to the Contract Disputes Act of 1978, as amended (41 USC 601–613).
- c. **Other Government Entities.** Esri will comply with mandatory dispute resolutions under applicable law.
- d. **Arbitration.** Except as noted above, the parties will submit to binding arbitration to resolve any dispute arising out of or relating to this Agreement that cannot be settled through negotiation. If Customer is in the United States or one of its territories or outlying areas, the Commercial Arbitration Rules of the American Arbitration Association will govern the arbitration proceedings. If Customer is outside the United States, the Rules of Arbitration of the International Chamber of Commerce will govern the proceedings. The parties will select a single arbitrator in accordance with the applicable arbitration rules. The language of the arbitration will be English. Arbitration will be at an agreed-upon location. Either party will, at the request of the other, make available documents or witnesses relevant to the major aspects of the dispute.

B.9.14 Force Majeure. A party will not be liable for any failure of or delay in the performance of this Agreement for the period that such failure or delay is due to causes beyond the party's reasonable control. Such causes may include, but are not limited to, acts of God, war, strikes, labor disputes, cyber attacks, laws, regulations, government orders, or any other force majeure event.

B.9.15 Independent Contractor. Esri is and at all times will be an independent contractor. Nothing in this Agreement creates an employer/employee, principal/agent, or joint venture relationship between Esri or its authorized distributor and Customer. No party has any authority to enter into contracts on behalf of another party or otherwise act on behalf of another party.

B.9.16 Notice. Customer may send notices required under this Agreement to Esri at the following address:

REPORT NARRATIVE:

The Police, Engineering, Utilities, and Community Services Departments collectively maintain a fleet of vehicles. As such, collision repair services are essential for City operations and the safety of our staff and community.

In April 2022, the City of Morgan Hill issued a Request for Proposal (RFP) for collision repair services for the Police, Engineering, Utilities, and Community Services Departments. The City of Morgan Hill received one proposal: Advanced Auto Body, which met the RFP requirements. In response to the RFP, the Police, Engineering, Utilities, and Community Services Departments recommend entering into a new Service Agreement with Advanced Auto Body for a three-year term. Advanced Auto Body has

provided collision repair services for the Police Department for over ten (10) years. The Police Department remains extremely satisfied with the services and workmanship provided. City staff is confident Advanced Auto Body will continue to provide a superior level of service under the new Agreement.

Below is an explanation outlining the costs for each year of the 3-year Agreement.

The costs reflected in the proposal submitted by Advanced Auto Body are as follows:

Year 1: Labor Cost per Hour - \$110.00 / Non-Dealer Parts Costs 25% Above Wholesale/ Dealer Parts List Price

Year 2: Labor Cost per Hour - \$115.00 / Non-Dealer Parts Costs 25% Above Wholesale/ Dealer Parts List Price

Year 3: Labor Cost per Hour - \$120.00 / Non-Dealer Parts Costs 25% Above Wholesale/ Dealer Parts List Price

Optional Renewal Period:

Year 4: Labor Cost per Hour - \$125.00 / Non-Dealer Parts Costs 25% Above Wholesale/ Dealer Parts List Price

Year 5: Labor Cost per Hour - \$125.00 / Non-Dealer Parts Costs 25% Above Wholesale/ Dealer Parts List Price

The Collision Repair Agreement shall not exceed a total amount of \$173,400 for the three-year term:

- \$110,976 will be allocated to the Police Department and;
- \$62,424 will be allocated to the Engineering, Utilities, and Community Service Departments.

The Collision Repair Service Agreement will begin on July 1, 2022 and run through June 30, 2025. To maintain operational efficiencies and consistency, at the end of the Agreement's term, the City shall have the option to renew the Agreement for an additional two-year period.

COMMUNITY ENGAGEMENT:

Inform

The RFP was posted on the City's website for publication. This staff report serves to inform the community of the proposed Agreement between the City of Morgan Hill and Advanced Auto Body for collision repair of vehicles operated by the Police, Engineering, Utilities, and Community Services Departments.

ALTERNATIVE ACTIONS:

The City Council could choose not to approve this Collision Repair Service Agreement and direct staff to issue a new RFP.

PRIOR CITY COUNCIL AND COMMISSION ACTIONS:

The Police Department currently has a service agreement with Advanced Auto Body signed on June 13, 2017. The agreement was extended for an additional year and expires June 30, 2022.

FISCAL AND RESOURCE IMPACT:

Funds for the Service Agreement for FY 2022-2025 will be allocated from each Department and will be included in the annual budget development process.

CEQA (California Environmental Quality Act):

Not a Project. Continuing administrative or maintenance activities, such as purchases of supplies, personnel-related actions, general policy, and procedure making.

**SERVICE AGREEMENT
ADVANCED AUTO BODY, INC.**

THIS AGREEMENT is entered into and becomes effective on _____ (Effective Date), by and between the CITY OF MORGAN HILL, a municipal corporation, ("CITY"), and ADVANCED AUTO BODY, INC. a California corporation ("SERVICE PROVIDER") hereinafter referred to collectively as "Parties." In consideration of the promises and the mutual covenants contained in this Agreement, the Parties agree as follows:

1. **City Authority.** This Agreement is entered into pursuant to the action of the Morgan Hill City Council taken on _____, _____, 20____.
2. **Term of Agreement.** This Agreement shall cover services rendered from the Effective Date of this Agreement until June 30, 2025 at which time SERVICE PROVIDER'S services shall be completed. The City Manager is authorized to extend the term of this Agreement for a period two years. Any such extension shall be in writing and signed by both Parties to this Agreement.
3. **Scope of Service.** The services to be performed by SERVICE PROVIDER shall be auto body repair and paint for the Police, Engineering, Utilities and Community Services Departments' fleet vehicles as further described in **Exhibit A and the Operating Procedures for Vehicle paint and Collision Repair Services**, as further described in **Exhibit B**.
4. **Compensation.** SERVICE PROVIDER shall be compensated as follows:
 - 4.1. **Amount.** \$173,400.00. Total compensation to SERVICE PROVIDER under this Agreement during its initial term set forth in Section 2 above shall not exceed One Hundred and Seventy-Three Thousand and Four Hundred dollars and shall be billed based on the rate and basis set forth in **Exhibit C**. If the City Manager extends the term of this Agreement for up to one additional two-year period pursuant to the provisions of Section 2 above, the City Manager shall have the authority to increase the maximum compensation allowed to be paid to SERVICE PROVIDER during that extended term period, so long as City Council has appropriated sufficient funds therefor, the Parties mutually agree to such amount in a writing signed by both Parties to this Agreement and provided further that in no event shall such maximum compensation allowed for the extended term exceed 105% of the maximum compensation allowed to be paid to SERVICE PROVIDER for two years of service during the initial term of this Agreement.
 - 4.2. **Billing.** SERVICE PROVIDER shall provide CITY with an invoice containing the dated, detailed, and itemized descriptions of all services performed and expenses incurred (if such expenses are reimbursable pursuant to Exhibit C) by SERVICE PROVIDER on a monthly basis unless otherwise specified in Exhibit C. All invoices shall be sent to the CITY addressed to the department head or project manager identified below in Section 14 Notices. Payment will be made to SERVICE PROVIDER within thirty (30) days of receipt of invoice by CITY. Any rate charged shall be prorated where services are interrupted or not provided for any rate period (for example, any monthly rate charge should be prorated when services were interrupted or provided for only part of the month). For services billed on an hourly rate, the minimum unit of billed time shall not exceed one tenth of one hour. CITY shall pay for services and expenses (if so, provided in Exhibit C) up to the limit of compensation set forth above, that in the CITY'S judgment were necessary and reasonable. Services for work performed and expenses incurred in

excess of the total compensation set forth in paragraph 4.1 above shall be at no cost to CITY.

5. **Termination.** CITY or SERVICE PROVIDER shall have the right to terminate this Agreement, without cause, by giving thirty (30) days' written notice or less under urgent circumstances. Upon such termination, SERVICE PROVIDER shall submit to CITY an itemized statement of services performed for which compensation has not been paid. CITY may require SERVICE PROVIDER to complete certain work product or documents and SERVICE PROVIDER shall deliver to CITY all documents in its possession without additional compensation to SERVICE PROVIDER. The City Manager of CITY is authorized to terminate this Agreement, in whole or in part, on behalf of CITY.

5.1. **Non-Appropriations.** Notwithstanding anything contained in this Agreement to the contrary, if insufficient funds are appropriated, or funds are otherwise unavailable in the budget for CITY for any reason whatsoever in any fiscal year, for payments due under this Agreement, CITY will immediately notify SERVICE PROVIDER of such occurrence, and this Agreement shall terminate after the last day during the fiscal year for which appropriations shall have been budgeted for CITY or are otherwise available for payments.

6. **Performance of Work.** SERVICE PROVIDER represents that it is qualified by virtue of experience, training, education, and expertise to accomplish these services. Services shall be performed by SERVICE PROVIDER in accordance with professional practices in a manner consistent with a level of care, competence and skill exercised by qualified members of the SERVICE PROVIDER'S profession. By delivery of completed work, SERVICE PROVIDER certifies that the work conforms to the requirements of this Agreement and all applicable federal, state, and local laws. SERVICE PROVIDER shall perform all work and services under this Agreement. If SERVICE PROVIDER desires to leave or store any of SERVICE PROVIDER'S equipment at a CITY site while SERVICE PROVIDER is performing work or service pursuant to this Agreement, SERVICE PROVIDER will first obtain the consent of CITY'S City Manager, or his/her delegate, to do so, and any such storage shall occur only in the manner and location allowed by such CITY official and entirely at SERVICE PROVIDER'S sole risk.

7. **Hazardous Materials.** Without limiting any other requirement or obligation of SERVICE PROVIDER under this Agreement, if SERVICE PROVIDER needs to use any material or chemical considered to be a hazardous material under any federal, state, or local law, regulation or policy, SERVICE PROVIDER agrees to fully and timely abide by and comply with all laws, regulations and policies pertaining to the use, transport, removal, handling, disposal, or other activity related to any and all such materials or chemicals. Prior to commencement of work or services under this Agreement, SERVICE PROVIDER shall provide CITY with a complete list of the hazardous materials SERVICE PROVIDER reasonably anticipates it may need to use to provide the services of SERVICE PROVIDER under this Agreement, together with the reasonably anticipated quantities thereof, if requested by CITY.

8. **Insurance Requirements.** SERVICE PROVIDER shall procure and provide proof of the insurance coverage required by this section in the form of certificates and endorsements. The required insurance must cover the activities of SERVICE PROVIDER, including its subcontractors, employees, and agents, relating to, or arising from, the performance of any work or service under this Agreement, and must remain in full force and effect at all times during the period covered by this Agreement. **The coverages may be arranged under a single policy for the full limits required or by a combination of underlying policies with the balance provided by excess or "umbrella" policies, provided each such policy complies with the requirements set forth herein. Any deductibles or self-insured retentions must be declared to and approved by City.** SERVICE PROVIDER further understands

that the CITY reserves the right to modify the insurance requirements set forth herein, with thirty (30) days' notice provided to SERVICE PROVIDER, at any time as deemed necessary to protect the interests of the CITY.

8.1. Insurance Types and Amounts.

- 8.1.1. Commercial General Liability (CGL). 10. **Compliance with Law.**

- 10.1. SERVICE PROVIDER and its officers, employees, agents, and subcontractors shall comply with all applicable laws, ordinances, administrative regulations, and permitting requirements in carrying out their obligations under this Agreement. SERVICE PROVIDER and its officers, employees, agents, and subcontractors covenant there shall be no discrimination based upon race, color, creed, religion, gender, marital status, age, sexual orientation, national origin, mental disability, physical disability, medical condition, or ancestry, in any activity pursuant to this Agreement.
- 10.2. Compliance with Wage and Hour Laws: SERVICE PROVIDER, and any subcontractor it employs to complete work under this Agreement, shall comply with all applicable federal, state, and local wage and hour laws. Applicable laws may include, but are not limited to, the Federal Fair Labor Standards Act and the California Labor Code.

Final Judgments, Decisions, and Orders: For purposes of this Section, a “final judgment, decision, or order” refers to one for which all appeals have been exhausted or the time to appeal has expired. Relevant investigatory government agencies include: the federal Department of Labor, the California Division of Labor Standards Enforcement, or any other governmental entity or division tasked with the investigation and enforcement of wage and hour laws.

Prior Judgments against SERVICE PROVIDER and/or its subcontractors: BY SIGNING THIS AGREEMENT, SERVICE PROVIDER AFFIRMS THAT IT HAS DISCLOSED ANY FINAL JUDGMENTS, DECISIONS OR ORDERS FROM A COURT OR INVESTIGATORY GOVERNMENT AGENCY FINDING – IN THE FIVE (5) YEARS PRIOR TO EXECUTING THIS AGREEMENT – THAT SERVICE PROVIDER OR ITS SUBCONTRACTOR(S) HAS VIOLATED ANY APPLICABLE WAGE AND HOUR LAWS. SERVICE PROVIDER FURTHER AFFIRMS THAT IT OR ITS SUBCONTRACTOR(S) HAS SATISFIED AND COMPLIED WITH – OR HAS REACHED AGREEMENT WITH THE CITY REGARDING THE MANNER IN WHICH IT WILL SATISFY – ANY SUCH JUDGMENTS, DECISIONS OR ORDERS.

Judgments or Decisions During Term of Contract: If at any time during the term of this Agreement, a court or investigatory government agency issues a final judgment, decision or order finding that SERVICE PROVIDER or any subcontractor it employs to perform work under this Agreement has violated any applicable wage and hour law, or SERVICE PROVIDER learns of such a judgment, decision, or order that was not previously disclosed, SERVICE PROVIDER shall inform the City Attorney, no more than fifteen (15) days after the judgment, decision or order becomes final or of learning of the final judgment, decision or order. SERVICE PROVIDER and its subcontractors shall promptly satisfy and comply with any such judgment, decision, or order, and shall provide the City Attorney with documentary evidence of compliance with the final judgment, decision, or order within five (5) days of satisfying the final judgment, decision, or order. CITY reserves the right to require SERVICE PROVIDER to enter into an agreement with CITY regarding the manner in which any such final judgment, decision, or order will be satisfied.

City’s Right to Withhold Payment: Where SERVICE PROVIDER or any subcontractor it employs to perform work under this Agreement has been found in violation of any applicable wage and hour law by a final judgment, decision or order of a court or

government agency, CITY reserves the right to withhold payment to SERVICE PROVIDER until such judgment, decision or order has been satisfied in full.

Material Breach: Failure to comply with any part of this Section constitutes a material breach of this Agreement. Such breach may serve as a basis for immediate termination of this Agreement and/or any other remedies available under this Agreement and/or law.

Notice to City Related to Wage Theft Prevention: Notice provided to the City Attorney as required under this Section shall be addressed to: City Attorney, City of Morgan Hill, 17575 Peak Avenue, Morgan Hill, CA 95037. The Notice provisions of this Section are separate from any other notice provisions in this Agreement and, accordingly, only notice provided to the above address satisfies the notice requirements in this Section.

11. **Independent Contractor.** SERVICE PROVIDER is an independent contractor and not an agent or employee of CITY.

12. **Confidentiality.** All data, documents, or other information received by SERVICE PROVIDER from CITY or prepared in connection with SERVICE PROVIDER'S services under this Agreement are deemed confidential and shall not be disclosed to any third party by SERVICE PROVIDER without prior written consent by CITY.

13. **Conflict of Interest and Reporting.** SERVICE PROVIDER shall at all times avoid conflict of interest or appearance of conflict of interest in performance of this Agreement.

14. **Notices.** All notices shall be personally delivered or mailed, via first class mail to the below listed address. These addresses shall be used for delivery of service of process. Notices shall be effective five (5) days after date of mailing, or upon date of personal delivery.

Address of SERVICE PROVIDER is as follows:

Morgan Hill, CA 95037

15. **Licenses, Permits and Fees.** SERVICE PROVIDER shall obtain a City of Morgan Hill Business License, all permits and licenses to the extent required by ordinances, codes, and regulations of the federal, state, and local government.

16. **Service Provider's Proposal.** If applicable, this Agreement shall include SERVICE PROVIDER'S proposal or bid which is incorporated herein. In the event of any inconsistency between the terms of the proposal and this Agreement, this Agreement shall govern.

17. **Maintenance of Records.**

17.1. **Maintenance.** SERVICE PROVIDER shall prepare, maintain, and preserve all reports and records that may be required by federal, state, and CITY rules and ordinances related to services provided under this Agreement. SERVICE PROVIDER shall maintain records for a period of at least 3 years after receipt of final payment under this Agreement. If any litigation, claim, negotiation, audit exception, or other action relating to this Agreement is pending at the end of the 3-year period, then SERVICE PROVIDER shall retain said records until such action is resolved.

17.2. **Access to and Audit of Records.** The CITY shall have the right to examine, monitor and audit all records, documents, conditions, and activities of the SERVICE PROVIDER and its subcontractors related to services under this Agreement. Pursuant to Government Code Section 8546.7, if this Agreement involves the expenditure of public funds in excess of \$10,000, the Parties to this Agreement may be subject, at the request of the CITY or as part of any audit of the CITY, to the examination and audit of the State Auditor pertaining to matters connected with the performance of this Agreement for a period of three years after final payment under the Agreement.

17.3. **Ownership of Work Product.** All documents or other information developed or received by SERVICE PROVIDER for work performed under this Agreement shall be the property of CITY. SERVICE PROVIDER shall provide CITY with copies of these items upon demand or upon termination of this Agreement.

18. **Familiarity with Work.** By executing this Agreement, SERVICE PROVIDER represents that: (1) it has investigated the work to be performed; (2) it has investigated the site of the work and is aware of all conditions there; and (3) it understands the difficulties and restrictions of the work under this Agreement. Should SERVICE PROVIDER discover any conditions materially differing from those inherent in the work or as represented by CITY, it shall immediately inform CITY and shall not proceed, except at SERVICE PROVIDER'S risk, until written instructions are received from CITY.

19. **Time of Essence.** Time is of the essence in the performance of this Agreement.

20. **No Assignment.** Neither this Agreement nor any portion shall be assigned by SERVICE PROVIDER, without prior written consent of CITY. Any attempted assignment not first approved by CITY shall be void and, at CITY'S option, shall terminate this Agreement effective as of the date of such attempted assignment.

21. **Attorney Fees.** In any legal action, dispute or arbitration arising out of or relating to this Agreement, the prevailing party shall be entitled to an award of its reasonable attorney fees, costs and expenses incurred.

22. **Defense and Indemnification.**

22.1. **Defense and Indemnification.** SERVICE PROVIDER shall, to the fullest extent permitted by law, indemnify, defend and hold harmless CITY, its elected or appointed officials, boards, agencies, officers, agents, employees, and volunteers ("INDEMNITEES") from and against any and all claims, liabilities, expenses, liens, or damages of any nature, including liability for bodily injury, property damage or personal injury, and including reasonable attorneys' fees and expenses, that arise out of, pertain to, or relate to the performance of this Agreement or the

failure to comply with any obligations contained in this Agreement by SERVICE PROVIDER, and/or its agents, officers, employees, subcontractors, or independent contractors ("CLAIM").

21.1. Exceptions. SERVICE PROVIDER is not required to indemnify INDEMNITEES against liability for bodily injury, property damage or personal injury, or any other loss, damage or expense arising from the sole negligence or willful misconduct of the CITY.

21.2. Not limited by insurance. The indemnity, defense and hold harmless provisions of this Agreement apply to all CLAIMS alleged against an INDEMNITEE, regardless of whether any insurance policies are applicable. Policy limits do not act as a limitation upon the amount of indemnification or defense to be provided by SERVICE PROVIDER.

21.3. Right to Offset. CITY shall have the right to offset against any compensation due SERVICE PROVIDER under this Agreement any amount due CITY from SERVICE PROVIDER as a result of SERVICE PROVIDER'S failure to pay CITY promptly any indemnification arising under this Section (22) and any amount due CITY from SERVICE PROVIDER arising from SERVICE PROVIDER'S failure either to (i) pay taxes on amounts received pursuant to this Agreement or (ii) comply with applicable workers' compensation laws.

21.4. Interpretation. This Section shall constitute an agreement or contract of indemnity, incorporating the interpretations under California Civil Code Section 2778. It is expressly understood and agreed that the obligation of the SERVICE PROVIDER to indemnify the INDEMNITEE shall be as broad and inclusive as permitted by the laws of the State of California and shall survive termination of this Agreement.

23. Entire Agreement; Modification; Conflicting Provisions. This Agreement constitutes the entire Agreement between the Parties and supersedes any previous agreements, oral or written. This Agreement may be modified, or provisions waived, only by a subsequent mutual written agreement executed by CITY and SERVICE PROVIDER. If the provisions contained in the main body of this Agreement conflict with any provision contained in an exhibit to this Agreement, the provisions of the main body of this Agreement shall govern and control over any provision contained in an exhibit to this Agreement.

24. Governing Law and Venue. This Agreement shall be construed in accordance with the laws of the State of California. This Agreement was entered into and is to be performed in the County of Santa Clara. Any action or dispute arising out of this Agreement shall only be brought in Santa Clara County.

25. Interpretation. This Agreement is a negotiated document and shall be deemed to have been drafted jointly by the Parties, and no rule of construction or interpretation shall apply against any particular Party based on a contention that the Agreement was drafted by one of the Parties including, but not limited to, California Civil Code § 1654, the provisions of which are hereby waived. This Agreement shall be construed and interpreted in a neutral manner.

26. Preservation of Agreement. If any term, provision, covenant, or condition of this Agreement is held by a court of competent jurisdiction to be invalid or unenforceable, the rest of the Agreement shall remain in full force and effect and shall in no way be affected or invalidated.

27. Binding Agreement. Notwithstanding the provisions of Section 20 above, this Agreement shall bind any and all successors in interest, legal representatives and/or other permitted assignees or transferees of SERVICE PROVIDER in the same manner as if those successors in interest, legal representatives or other permitted assignees or transferees had entered into this Agreement originally.

28. **Authority to Execute.** Those individuals who are signing this Agreement on behalf of entities represent and warrant that they are, respectively, duly authorized to sign on behalf of the entities and to bind the entities fully to each and all of the obligations set forth in this Agreement.

IN WITNESS THEREOF, these Parties have executed this Agreement on the day and year shown below.

EXHIBIT A SCOPE OF SERVICES

GENERAL PROVISIONS

The SERVICE PROVIDER shall perform auto body paint and repair services, on varied vehicles, including different classifications, types, and makes/models within the Police Department and Engineering, Utilities, and Community Services fleet. Due to the changing needs/requirements of the fleet, the number of vehicles, make/model, and fleet composition may change without prior notice.

The City's preference is for the SERVICE PROVIDER to have the ability to perform all required repairs. However, work may be subcontracted. When subcontractors are used, the SERVICE PROVIDER is responsible for the performance of the work, including but not limited to billing, reporting, scheduling, delivery, work quality, and warranty.

The SERVICE PROVIDER shall provide the required repair service listed in Item C (below) for the fleet listed on Exhibit D.

A. Repairs and Service

Provide service/repairs to all vehicles in the fleet that have been in a collision and/or have been in used in a police intervention technique (PIT).

1. The City prefers OEM parts; excluding chrome items (i.e., bumpers) unless aftermarket parts are approved, in writing, by an authorized City representative and will provide adequate inventory on special parts to ensure minimum turn-around on non-routine repairs.
2. If a Push/PIT bumper or bars are damaged on Police vehicles, as a part of the collision repair, the vendor will install the necessary aftermarket Push/PIT bumper or bars. The City will provide the vendor with the sales representative for Sentina Manufacturing.
3. For non-police vehicles, the City requires a 48-hour response time, from a repair request by an authorized City representative, for estimating each individual repair job.
4. Repairs are to be completed within 20 calendar days of the approval to proceed by an authorized City representative.
5. For Police vehicles, the City requires a 24-hour response time, from a repair request by a City representative, for estimating each individual repair job.
6. If needed an in-person interview or shop visit may be scheduled.

- vi. Subcontracted repair orders containing the same information shall be attached to the repair order.

6. The SERVICE PROVIDER guarantees and warrants that all material furnished, and all services performed will be free from defects in material and workmanship and will be warranted by SERVICE PROVIDER for a minimum of 12 months, 12,000 miles, or the length of time of any warranty given by the manufacturer or rebuilder/remanufacturer, whichever is greater, after acceptance. The SERVICE PROVIDER shall remedy all such defects at his/her own expense within one (1) working day after notification by the City.
7. All products and installation shall be guaranteed for defective materials and workmanship, commencing at final acceptance. No payment shall be made without a written guarantee.

D. Hours of Operation

The Police Department is active on a 24/7 basis and desires the most comprehensive hour coverage possible. Other than emergencies, repairs will be handled by the SERVICE PROVIDER at their facility during their hours of operation, Monday through Friday between 8.00am and 5.00pm. The SERVICE PROVIDER shall provide cell phone numbers to the Police Department for service on the weekends and evenings for emergency services such as tow-ins.

E. Employees

SERVICE PROVIDER's employees who work on Police Department vehicles shall undergo a criminal background check. Any arrest recorded will be reviewed by the police department's designee.

EXHIBIT B

OPERATING PROCEDURES FOR VEHICLE PAINT AND COLLISION REPAIR SERVICES

This Exhibit sets forth the operating policy and procedures for servicing City vehicles and equipment. It discusses repair scheduling procedures and invoicing requirements.

Contracted collision repair facilities are expected to provide prompt, courteous, and competent service to City staff. Garage staff must be knowledgeable in paint and collision repair service procedures and the service desk shall be adequately staffed to provide efficient customer service in a timely manner.

To assist the SERVICE PROVIDER with the maintenance program, the City will provide:

1. Listing of covered vehicles (Exhibit D) updated, as necessary.
2. Repair orders and billing invoices must refer to the vehicles by their VIN number and vehicle ID number.
3. Designated City staff contacts.

Scheduling of Repairs and Service Procedures

1. The Police Department and Engineering, Utilities, and Community Services will designate an authorized Fleet Representative (FR); the FR is the SERVICE PROVIDER's primary contact with the City.
2. The SERVICE PROVIDER shall identify a single individual by name to serve as the responsible contact for daily communication with the Police Department and Engineering, Utilities, and Community Services regarding vehicle scheduling and vehicle status update(s).
3. The FR will contact the designated SERVICE PROVIDER's representative between 8:00 am and 5:00pm, weekdays to determine the status of vehicles and/or equipment being repaired. The SERVICE PROVIDER's representative shall provide accurate and timely information to the FR on vehicle status, including but not limited to:
 - a. What vehicle(s)/equipment are ready by vehicle VIN and vehicle ID number.
 - b. What vehicle(s)/equipment are being serviced/require repair.
 - c. Estimated completion of vehicle(s)/equipment under repair.
 - d. Description of repairs and costs.
4. After the service is completed, the SERVICE PROVIDER shall:
 - a. Complete Vehicle Service Order ready for FR or designee to sign.
 - b. Contact FR or designee to provide time that vehicle is ready for transporting back to the original location. If the FR is not available, leave an email or voicemail message.
 - c. After the FR or designee has checked the work performed, signed off on the Service Repair Order, the SERVICE PROVIDER's representative shall provide the vehicle keys to the FR or designee.
5. When repairs cannot be accomplished at the SERVICE PROVIDER's facility, the SERVICE PROVIDER must contact the FR for instructions. No repairs shall be made by non-authorized facilities without notification of the FR.

6. The SERVICE PROVIDER will be responsible for loss and damage to all City vehicles under its custody and/or control.

Repairs, Service and Emergencies

1. Other than emergencies, repairs will be handled by appointment through the FR or designee. If a City employee delivers a vehicle to the SERVICE PROVIDER's facility Monday through Friday between 8:00 am and 5:00 pm requesting service without prior notification to you from the City, call the FR or designee for instructions.
2. After hours delivery: If a City vehicle has been involved in an accident and must be towed, then it will be towed to the SERVICE PROVIDER's locked facility. In such a situation, the SERVICE PROVIDER shall contact the FR for instructions and be present to accept the vehicle.

There may be times when the FR calls early in the day with a specific set of instructions, and later in the day changes them; or, another staff member will call to change them if the FR is not available.

The last set of instructions will prevail.

EXHIBIT C
PAYMENT PROVISIONS

Payment for services shall be described in Exhibit C.

REPORT NARRATIVE:

In 2018, the Police Department entered into an agreement with Santa Clara County for animal shelter services. As part of the Agreement, the Santa Clara County Animal Shelter provides the following services to the City:

1. Shelter abandoned, lost, or stray domestic animals located within the City's incorporated area.
2. Quarantine of impounded biting domestic animals.
3. Provision to reclaim abandoned, lost, or stray domestic animals during established business hours.

4. Euthanasia and disposal of abandoned, lost, impounded, or stray domestic animals unclaimed by their owners and deemed unfit for adoption, rescue, or return to the field.
5. Return-to-field of free-roaming cats after sterilization and vaccination.
6. Veterinarian services during established business hours to treat and provide veterinarian care to stray, injured, or sick dogs, cats, and other impounded domestic animals.
7. Monitor quarantined animals.
8. Access to low-cost or free spay/neuter services as provided to residents of the unincorporated areas of the County of Santa Clara.

Staff recommends continuing our partnership with the Santa Clara County Animal Shelter to provide animal and shelter services to our community.

The County has prepared the attached Agreement for a three-year term, with a not to exceed the amount of \$104,365.65. The terms of the contract would be as follows:

July 1, 2022 – June 30, 2023, \$ 33,765.46 Due by July 11, 2022
 July 1, 2023 – June 30, 2024, \$ 34,778.42 Due by July 11, 2023

COMMUNITY ENGAGEMENT:

This report serves to inform the public of the Agreement between the County (San Martin Animal Shelter) and the City.

ALTERNATIVE ACTIONS:

Council could direct staff to seek and contract with alternative firm(s) to provide the animal shelter services for the City of Morgan Hill.

PRIOR CITY COUNCIL AND COMMISSION ACTIONS:

- 2015 - City Council approved an appropriation of \$5,000 to participate in Santa Clara County's Spay and Neuter Program
- 2016 - City Council appropriated \$11,00 for the housing of stray or abandoned cat at the San Martin Animal Shelter
- 2017 - City Council approved the City's continued participation in Santa Clara County's Spay and Neuter Program and Sheltering services with an annual contribution of \$16,000
- 2017 - City Council directed staff to explore a regional approach to animal services
- 2018 - City Council approved an appropriation of \$15,000 in addition to the \$16,000 for the sheltering of stray animals, veterinary and spay and neutering services
- 2018 - City Council approved a three-year Agreement with Santa Clara County for the sheltering and veterinary treatment of stray animals for an amount not to exceed \$92,727

FISCAL AND RESOURCE IMPACT:

The total cost for this agreement for three years will be \$104,365.65. Sufficient funds have been recommended in the Police Department's operating budget for FY 2022-2023 and FY 2023-2024. Funding for year three of the agreement will be part of the FY 2024-2025 budget development process.

CEQA (California Environmental Quality Act):

**AGREEMENT BETWEEN THE
COUNTY OF SANTA CLARA AND THE CITY OF MORGAN HILL
FOR ANIMAL SHELTERING SERVICES**

The County of Santa Clara ("COUNTY"), and the City of Morgan Hill, a municipal corporation ("CITY") (together, "PARTIES") enter into this Agreement Between the County of Santa Clara and the City of Morgan Hill for Animal Sheltering Services ("Agreement") as of _____, 2022.

RECITALS

WHEREAS, CITY desires to secure Animal Sheltering Services for domestic animals found within the incorporated area of Morgan Hill, and

WHEREAS, COUNTY has the necessary facilities, expertise and skill to perform those services and COUNTY's proposal can best meet CITY's needs, and

WHEREAS, CITY and COUNTY have an existing agreement for animal sheltering services which will expire on June 30, 2022;

NOW, THEREFORE, THE PARTIES AGREE AS FOLLOWS:

1. AGREEMENT DOCUMENTS

The documents forming the entire Agreement between CITY and COUNTY shall consist of:

This Agreement;
Exhibit A – Scope of Services; and
Exhibit B – Compensation

If any discrepancies or inconsistencies between the provisions of this Agreement and any of the above-referenced Exhibits arise, the provisions of this Agreement prevail.

This Agreement and the Exhibits set forth above contain all of the agreements, representations, and understandings of the PARTIES hereto, and supersede and replace any previous understanding, commitments, or agreements, whether oral or written.

2. SCOPE OF SERVICES

COUNTY shall perform Animal Sheltering Services and Additional Services as described in the attached Exhibit A, entitled "Scope of Services".

3. TERM OF AGREEMENT

This Agreement is effective from July 1, 2022 through June 30, 2025, unless otherwise terminated under Section 5 (TERMINATION) below.

4. COMPENSATION

CITY shall pay COUNTY for the costs of Animal Sheltering Services, and any Additional Services, as applicable, performed under this Agreement. The terms, rate, and schedule of payment are set forth in the attached Exhibit B, entitled "Compensation".

5. TERMINATION

5.1 Termination Without Cause

Either PARTY may terminate this Agreement, without cause, by giving not less than thirty (30) days written notice.

5.2 Termination for Material Breach

Either PARTY may terminate the Agreement in the event of breach of material obligations under this Agreement immediately upon written notice.

5.3 Termination Authority

The Chief of Police of the CITY is empowered to terminate this Agreement on behalf of CITY.

The Director of the COUNTY Consumer Environmental Protection Agency, or authorized designee, may terminate this Agreement on behalf of the COUNTY.

5.4 Consequences of Termination

In the event of termination, COUNTY shall make reasonable and good faith efforts to deliver to CITY records for animals sheltered by COUNTY under this Agreement in a timely manner. COUNTY shall refund the CITY a prorated amount of funds based on the time remaining in the fiscal year.

6. INDEMNIFICATION

CITY shall indemnify, defend, and hold harmless the COUNTY, its officers, agents and employees from any claim, liability, loss, injury or damage arising out of, or in connection with this Agreement by CITY and/or its agents, employees or sub-contractors, excepting only loss, injury or damage caused by the sole negligence or willful misconduct of personnel employed by the COUNTY. It is the intent of the Parties to this Agreement to provide the broadest possible coverage for the COUNTY. CITY shall reimburse the COUNTY for all costs, attorneys' fees, expenses and liabilities incurred with respect to any litigation in which the CITY

contests its obligation to indemnify, defend and/or hold harmless the COUNTY under this Agreement and does not prevail in that contest.

7. WAIVER

PARTIES agree that waiver of any breach or violation of any provision of this Agreement shall not be deemed to be a waiver of any other provision or a waiver of any subsequent breach or violation of the same or any other provision.

8. INDEPENDENT CONTRACTOR

COUNTY, in the performance of this Agreement, is an independent contractor. COUNTY shall maintain complete control over all of COUNTY's employees, any subcontracting subcontractors, and COUNTY's operations. Neither COUNTY nor any person retained by COUNTY may represent, act, or purport to act as the agent, representative or employee of CITY. Neither COUNTY nor CITY is granted any right or authority to assume or create any obligation on behalf of the other.

9. COMPLIANCE WITH LAWS

PARTIES shall comply with all applicable laws, ordinances, codes and regulations (collectively, "laws") of the federal, state and local governments, including without limitation, any and all laws specified elsewhere in this Agreement.

10. CONFLICT OF INTEREST

PARTIES shall avoid all conflict of interest or the appearance of conflict of interest in performance of this Agreement.

11. NONDISCRIMINATION

PARTIES agree that it shall not discriminate against, or segregate, any person, on account of race, sex, color, age, religion, sexual orientation, actual or perceived gender identity, disability, ethnicity, national origin, marital status, or family status, in connection with or related to the performance of this Agreement.

12. CONFIDENTIAL INFORMATION

All data, documents, discussions or other information developed or received by or for PARTIES in performance of this Agreement, are confidential and must not be disclosed to any person except as authorized by written consent of the other PARTY, or as required by law.

13. COUNTY'S RECORDS

13.1 Maintenance during Term

COUNTY shall maintain records, including any ledgers, books of account, invoices, vouchers, canceled checks, and other documents evidencing or relating to charges for services, or expenditures and disbursements charged to CITY for a minimum period of three (3) years, or for any longer period required by law, from the date of final payment to COUNTY pursuant to this Agreement.

13.2 Maintenance after Term

COUNTY shall maintain all documents which demonstrate performance under this Agreement for a minimum period of three (3) years, or for any longer period required by law, from the date of termination or completion of this Agreement.

14. ASSIGNABILITY

The PARTIES agree that COUNTY's expertise and experience are material considerations for this Agreement. COUNTY may not assign the performance of any obligation or interest under this Agreement, except as authorized under Section 15 (SUBCONTRACTORS) below.

15. SUBCONTRACTORS

15.1 Authorized Subcontractors

Notwithstanding Section 14 (ASSIGNABILITY) above, COUNTY may use subcontractors in performing COUNTY's services. COUNTY shall be responsible for directing the work of the approved subcontractors and for any compensation due to subcontractors.

16. GOVERNING LAW

This Agreement must be construed, and its performance enforced under California law.

17. VENUE

In the event that either PARTY brings suit, the PARTIES agree that venue is vested in Santa Clara County Superior Court or United States District Court, Northern District of California, San José, California.

18. NOTICE

All notices and other communications required or permitted to be given under this Agreement must be in writing and must be personally served; mailed, postage prepaid via U.S. mail; e-mailed; or sent via courier service, addressed to the respective parties as follows:

19. MISCELLANEOUS

19.1 Survival of Provisions

If any part of this Agreement is for any reason found to be unenforceable, all other parts nevertheless shall remain enforceable.

19.2 Assignment

Subject to the provisions of Section 14 (ASSIGNABILITY), this Agreement binds and inures to the benefit of the PARTIES and their respective successors and assigns.

19.3 Headings

The headings of the sections of this Agreement are inserted for convenience only. They do not constitute part of this Agreement and are not to be used in its construction.

20. CONTRACT EXECUTION

Unless otherwise prohibited by law or COUNTY policy, the parties agree that an electronic copy of a signed contract, or an electronically signed contract, has the same force and legal effect as a contract executed with an original ink signature. The term "electronic copy of a signed contract" refers to a transmission by facsimile, electronic mail, or other electronic means of a copy of an original signed contract in a portable document format. The term "electronically signed contract" means a contract that is

executed by applying an electronic signature using technology approved by the COUNTY.

WITNESS THE EXECUTION HEREOF on the day and year first written above.

EXHIBIT A SCOPE OF SERVICES

Animal Sheltering Services

COUNTY shall provide the following services (referred to, collectively, as “Animal Sheltering Services”):

1. Sheltering of abandoned, lost or stray domestic animals found in the incorporated area of the CITY;
2. Quarantine of impounded biting domestic animals;
3. Provision for reclaim of abandoned, lost or stray domestic animals during established business hours;
4. Euthanasia and disposal of abandoned, lost, impounded, or stray domestic animals that are unclaimed by their owners and are deemed unfit for adoption, rescue or return-to-field;
5. Return-to-field of free-roaming cats after sterilization and vaccination;
6. Veterinarian services during established business hours to treat and provide veterinarian care to stray, injured, or sick dogs, cats, and other impounded domestic animals;
7. Monitor quarantined animals; and
8. Access to low-cost or free spay/neuter services as provided to residents of the unincorporated areas of the County of Santa Clara.

Owner-relinquished animals and confiscated animals will be accepted on approval of the Manager after considering shelter population, space available, and costs.

COUNTY shall provide sheltering and veterinary care of domestic animals at the County of Santa Clara Animal Services Center located at 12425 Monterey Highway in San Martin during normally staffed hours, which are Monday through Friday from 8:00 am through 6:00 pm and Saturday and Sunday from 8:00 am through 5:00 pm. Services will not be available on COUNTY holidays, however, CITY will have access to “night drop” kennels based on availability. Only dogs that appear to be free of injury may be left in the “night drop” kennels by authorized CITY staff. Dogs that are not bright, alert and active, have open wounds, broken limbs or have been hit by a car must be taken to an emergency veterinarian at the CITY’S expense, but may be transported to the

shelter by the CITY during operational hours for continued care. Cats and other animals cannot be left in night-drop kennels.

Animals taken into custody by CITY that are to be impounded by COUNTY are to be transported promptly and humanely, and shall be made available for owner redemption as required by law. Animals requiring a quarantine hold will be made available following the quarantine period. Whenever an animal is impounded with identification, COUNTY will make reasonable attempt to notify owners of the animal's impoundment. Where the CITY requests that an animal not be made available for reclamation, adoption, rescue, or return-to-field, such request must be approved by the COUNTY's Animal Control Program Manager prior to impoundment. COUNTY will require an address (in the case of cats) or a street and cross street (in the case of all other animals) where each animal was found from both CITY and its residents, prior to accepting an animal for impound.

COUNTY may collect fees from the public in connection with a portion of the Animal Sheltering Services provided under this Agreement and as consistent with the County Ordinance Code, including but not limited to impound, boarding, and quarantine fees. These fees shall be at the rates established by COUNTY.

Additional Services

1. Dead Animal Removal

At CITY's request and subject to the availability of COUNTY resources to provide such service, COUNTY shall provide removal of deceased animals from public property in the incorporated areas of CITY for disposal at a rate of \$70 for each pick-up. A pick-up shall be a single animal weighing not more than 100 pounds and where specialized equipment is not necessary to pick up and remove the animal. COUNTY will provide CITY with an accounting of pick-up activity for reimbursement on a monthly basis. COUNTY shall make reasonable efforts to remove deceased animals in a timely fashion, with a goal of removal within 48 hours of receipt of the request. CITY shall give COUNTY 30 days' written notice to commence or terminate this additional service.

EXHIBIT B COMPENSATION

Invoicing and Payment

Animal Sheltering Services

CITY shall pay COUNTY for the costs of the Animal Sheltering Services provided by COUNTY to the CITY under this Agreement for the period of July 1, 2022 through June 30, 2025 at the following rate and on the following schedule:

<i>Service Period</i>	<i>Rate</i>	<i>Payment Schedule</i>
July 1, 2022 - June 30, 2023	\$33,765.46	Due July 11, 2022
July 1, 2023 - June 30, 2024	\$34,778.42	Due July 11, 2023
July 1, 2024 – June 30, 2025	\$35,821.77	Due July 11, 2024

Additional Services

CITY shall pay COUNTY for the costs of dead animal removal at a rate of \$70 for each pick-up. COUNTY will provide CITY with a monthly invoice for all dead animal removal services performed during that period. Payment is due within 30 days of receipt of the invoice. A 3% increase will apply for every 30 days of delinquent payment.

REPORT NARRATIVE:

BACKGROUND

The Police Department has an agreement with Axon to purchase individual equipment such as Tasers, Taser Cartridges, body-worn cameras, docking stations, and limited cloud storage for body-worn camera videos. The Department has accumulated several generations of Tasers and body-worn cameras over the years and replaces them as they become inoperable. This is leading to unsafe and unreliable equipment for officers and community members and inefficient use of staff time addressing equipment failures.

The Police Department currently has two existing Axon contracts (body-worn cameras and tasers that are expired and need to be renegotiated). The Police Department's current tasers are out of warranty and at the end of their useful life. Staff has regularly ordered parts to maintain their functionality, and Axon will no longer support the product (Taser Model X26P).

Staff recommends approving a sole-source purchase because the materials manufactured and distributed by Axon are unique and specialized, and there is no other source for this equipment.

The execution of the proposed contract will extend and bundle existing contracts and add new technology that will increase safety and improve staff efficiency. The single service contract will also provide more budget predictability and reduce staff time spent on ordering and replacing equipment over the contract term. In addition, the single proposed contract leases equipment and replaces it every 3 years with Axon's newest model. There are no other vendors capable of meeting the requirements of this service or product. Furthermore, Axon is not imposing any penalties for restructuring the existing contracts and entering into a new 10-year contract for all services under its Officer Safety Plan 7 (OSP7), bundling of Tasers and body-worn cameras.

The total amount previously budgeted for all Axon products was \$52,875. This total cost represented body-worn cameras, video storage, and taser replacement during failures or warranty needs. Moreover, video storage is not unlimited storage and costs \$4.80 a month for every 10GB of storage we exceed over our current storage allotment. The current agreement before the Council offers the following enhanced services and equipment:

1. Taser Energy Weapon (newest model currently Taser Model 7)
2. Unlimited Axon Evidence (cloud storage)
3. Taser Docking stations
4. Training Cartridges (1,000 training cartridges)
5. Duty Cartridges (Unlimited)
6. Axon Body Camera (newest model, currently model 3)
7. Camera Hardware upgrades every 2.5 years
8. Axon Signal Sidearm (sensors that automatically turn on body-worn cameras for all officers within a 30-foot radius when a firearm is removed from a holster)
9. Axon Video Viewer License
10. Axon Response for Devices (Live feed video access and GPS monitoring from computers/cell phones)
11. Axon Records Licenses
12. Auto-Tagging (Imports call for service metadata for each video, reducing officer time in adding the data to each video)
13. Axon Performance (Management of camera usage analytics)
14. Axon Redaction Assistant (The ability to redact video footage, such as blurring faces and addresses and muting personal information during a video that may be

released to the public.)

15. Axon Citizen for Communities (The ability to provide community members a link to upload home video surveillance directly to Evidence.com)
16. Axon Auto Transcribe (transcription of videos)
17. Fleet 3 (in-car camera system)

FLEET 3:

In addition to the OSP 7 Plan, Axon has an in-car camera system called Fleet 3. Staff has included this in the service contract to expand video coverage of pursuits, collisions, and vehicle stops. This will be the first in-car camera system the police department deploys. The camera system consists of a forward-facing camera and a rear-facing passenger compartment camera. The rear-facing camera records passengers in the back seat being transported. Fleet 3 utilizes Axon Signal, which activates the vehicle's cameras and all body-worn cameras within a 30-foot radius when the emergency lighting equipment is turned on. The Fleet 3 plan would outfit each patrol vehicle in our fleet with an in-car camera system.

The new OSP7 plan and Fleet 3 agreement will increase the Police Department's Axon cost from \$52,875 a year to \$171,061. The increase in the cost is reflected in the increase in equipment and released services, such as unlimited cloud, duty cartridges, camera hardware upgrades, signal sidearm, Axon video viewer, Axon response for devices, Axon records licences, Axon performane, Asxon redaction assistant, Axon citizen, Axon auto transcribe and Fleet 3. In addition, the proposed agreement will replace all of our existing body cameras and Tasres, and will replace them with Axon's body camera 3 and Taser 7, the newest model for both devices. With the OPS 7 Plan, the Police Department will receive all equipment and related services outlined above in the staff report. Axon anticipates a cost increase of approximately 4% per year for individual contract services. Entering into this agreement ensures that our Police Department will be locked in at the current price for ten years. Through the OSP 7 plan, the department is saving and receiving a 25% discount on all the equipment and a 50% discount on data storage.

Axon estimates that by bundling the products (OSP7 and Fleet 3), there will be a savings of \$555,023 over the ten-year contract, as opposed to purchasing each product individually. Moreover, there is an additional savings of \$23,160 each year for the CAD/RMS integration.

Axon is a sole source vendor, as it is the only company that manufactures Tasers and is the only company that has integrated Tasers, body-worn cameras, and in-car camera system (Fleet 3) with the rest of their technological platform. The majority of this contract is extending or renegotiating existing contracts for support of equipment the City has already purchased.

Staff believes that by utilizing Axon OSP7 and Fleet 3, the Police Department will be able to increase officer and community safety, reduce staff time spent on repairs/replacements/agreements, reduce city liability, and keep up with technology

advancements while experiencing cost savings over the 10-year term.

COMMUNITY ENGAGEMENT:

This staff report serves to inform the community of the City's desire to enter into a 10-year Agreement with Axon for the Officer Safety Plan 7 and Fleet 3 integration.

ALTERNATIVE ACTIONS:

Should the Council not approve this agreement, the Police Department would need to purchase additional Tasers and body-worn cameras under Axon's à la carte options to maintain current equipment.

PRIOR CITY COUNCIL AND COMMISSION ACTIONS:

Council has approved multiple purchase contracts with Axon for police equipment, such as Tasers, body worn cameras, cloud storage, and the police CAD/RMS upgrade.

FISCAL AND RESOURCE IMPACT:

The total yearly cost for OPS7 and Fleet 3 is \$171,061. Sufficient funds have been included in the Police Department's Recommended Budget for FY 2022-2023 and FY 2023-2024. Continued funding for the life of the contract will be part of all future budget development process.

CEQA (California Environmental Quality Act):

Not a Project. This contract provides organizational or administrative activities of governments that do not result in direct or indirect physical changes in the environment.

("AXON"), and Morgan Hill Police Department - CA the ("AGENCY") for the purchase of the Axon Fleet in-car video solution ("FLEET") and its supporting information, services and training. (AXON Technical Project Manager/The AXON installer)

Purpose and Intent

AGENCY states, and AXON understands and agrees, that Agency's purpose and intent for entering into this SOW is for the AGENCY to obtain from AXON deliverables, which used solely in conjunction with AGENCY's existing systems and equipment, which AGENCY specifically agrees to purchase or provide pursuant to the terms of this SOW.

This SOW contains the entire agreement between the parties. There are no promises, agreements, conditions, inducements, warranties or understandings, written or oral, expressed or implied, between the parties, other than as set forth or referenced in the SOW.

Acceptance

Upon completion of the services outlined in this SOW, AGENCY will be provided a professional services acceptance form ("Acceptance Form"). AGENCY will sign the Acceptance Form acknowledging that services have been completed in substantial conformance with this SOW and the Agreement. If AGENCY reasonably believes AXON did not complete the professional services in conformance with this SOW, AGENCY must notify AXON in writing of the specific reasons within seven (7) calendar days from delivery of the Acceptance Form. AXON will remedy the issues to conform with this SOW and re-present the Acceptance Form for signature. If AXON does not receive the signed Acceptance Form or written notification of the reasons for rejection within 7 calendar days of the delivery of the Acceptance Form, AGENCY will be deemed to have accepted the services in accordance to this SOW.

Force Majeure

Neither party hereto shall be liable for delays or failure to perform with respect to this SOW due to causes beyond the party's reasonable control and not avoidable by diligence.

Schedule Change

Each party shall notify the other as soon as possible regarding any changes to agreed upon dates and times of Axon Fleet in-car Solution installation-to be performed pursuant of this Statement of Work.

Axon Fleet Deliverables

Typically, within (30) days of receiving this fully executed SOW, an AXON Technical Project Manager will deliver to AGENCY's primary point of contact via electronic media, controlled documentation, guides, instructions and videos followed by available dates for the initial project review and customer readiness validation. Unless otherwise agreed upon by AXON, AGENCY may print and reproduce said documents for use by its employees only.

Security Clearance and Access

Upon AGENCY's request, AXON will provide the AGENCY a list of AXON employees, agents, installers or representatives which require access to the AGENCY's facilities in order to perform Work pursuant of this Statement of Work. AXON will ensure that each employee, agent or representative has been informed or and consented to a criminal background investigation by AGENCY for the purposes of being allowed access to AGENCY's facilities. AGENCY is responsible for providing AXON with all required instructions and documentation accompanying the security background check's requirements.

Training

AXON will provide training applicable to Axon Evidence, Cradlepoint NetCloud Manager and Axon Fleet application in a train-the-trainer style method unless otherwise agreed upon between the AGENCY and AXON.

Local Computer

AGENCY is responsible for providing a mobile data computer (MDC) with the same software, hardware, and configuration that AGENCY personnel will use with the AXON system being installed. AGENCY is responsible for making certain that any and all security settings (port openings, firewall settings, antivirus software, virtual private network, routing, etc.) are made prior to the installation, configuration and testing of the aforementioned deliverables.

Network

AGENCY is responsible for making certain that any and all network(s) route traffic to appropriate endpoints and AXON is not liable for network breach, data interception, or loss of data due to misconfigured firewall settings or virus infection, except to the extent that such virus or infection is caused, in whole or in part, by defects in the deliverables.

Cradlepoint Router

When applicable, AGENCY must provide AXON Installers with temporary administrative access to Cradlepoint's [NetCloud Manager](#) to the extent necessary to perform Work pursuant of this Statement of Work.

Evidence.com

AGENCY must provide AXON Installers with temporary administrative access to Axon Evidence.com to the extent necessary to perform Work pursuant of this SOW.

Wireless Upload System

If purchased by the AGENCY, on such dates and times mutually agreed upon by the parties, AXON will install and configure into AGENCY's existing network a wireless network infrastructure as identified in the AGENCY's binding quote based on conditions of the sale.

VEHICLE INSTALLATION

Preparedness

On such dates and times mutually agreed upon by the parties, the AGENCY will deliver all vehicles to an AXON Installer less weapons and items of evidence. Vehicle(s) will be deemed 'out of service' to the extent necessary to perform Work pursuant of this SOW.

Existing Mobile Video Camera System Removal

On such dates and times mutually agreed upon by the parties, the AGENCY will deliver all vehicles to an AXON Installer which will remove from said vehicles all components of the existing mobile video camera system unless otherwise agreed upon by the AGENCY.

Major components will be salvaged by the AXON Installer for auction by the AGENCY. Wires and cables are not considered expendable and will not be salvaged. Salvaged components will be placed in a designated area by the AGENCY within close proximity of the vehicle in an accessible work space.

Prior to removing the existing mobile video camera systems, it is both the responsibility of the AGENCY and the AXON Installer to test the vehicle's systems' operation to identify and operate, documenting any existing component or system failures and in detail, identify which components of the existing mobile video camera system will be removed by the AXON Installer.

In-Car Hardware/Software Delivery and Installation

On such dates and times mutually agreed upon by the parties, the AGENCY will deliver all vehicles to an AXON Installer, who will install and configure in each vehicle in accordance with the specifications detailed in the system's installation manual and its relevant addendum(s). Applicable in-car hardware will be installed and configured as defined and validated by the AGENCY during the pre-deployment discovery process.

If a specified vehicle is unavailable on the date and time agreed upon by the parties, AGENCY will provide a similar vehicle for the installation process. Delays due to a vehicle, or substitute vehicle, not being available at agreed upon dates and times may result in additional fees to the AGENCY. If the AXON Installer determines that a vehicle is not properly prepared for installation ("Not Fleet Ready"), such as a battery not being properly charged or properly up-fit for in-service, field operations, the issue shall be reported immediately to the AGENCY for resolution and a date and time for the future installation shall be agreed upon by the parties.

Upon completion of installation and configuration, AXON will systematically test all installed and configured in-car hardware and software to ensure that ALL functions of the hardware and software are fully operational and that any deficiencies are corrected unless otherwise agreed upon by the AGENCY, installation, configuration, test and the correct of any deficiencies will be completed in each vehicle accepted for installation.

Prior to installing the Axon Fleet camera systems, it is both the responsibility of the AGENCY and the AXON Installer to test the vehicle's existing systems' operation to identify, document any existing component or vehicle systems' failures. Prior to any vehicle up-fitting the AXON Installer will introduce the system's components, basic functions, integrations and systems overview along with reference to AXON approved, AGENCY manuals, guides, portals and videos. It is both the responsibility of the AGENCY and the AXON Installer to agree on placement of each components, the antenna(s), integration recording trigger sources and customer preferred power, ground and ignition sources prior to permanent or temporary installation of an Axon Fleet camera solution in each vehicle type. Agreed placement will be documented by the AXON Installer.

AXON welcomes up to 5 persons per system operation training session per day, and unless otherwise agreed upon by the AGENCY, the first vehicle will be used for an installation training demonstration. The second vehicle will be used for an assisted installation training demonstration. The installation training session is customary to any AXON Fleet installation service regardless of who performs the continued Axon Fleet system installations.

The customary training session does not 'certify' a non-AXON Installer, customer-employed Installer or customer 3rd party Installer, since the AXON Fleet products does not offer an Installer certification program. Any work performed by non-AXON Installer, customer-employed Installer or customer 3rd party Installer is not warranted by AXON, and AXON is not liable for any damage to the vehicle and its existing systems and AXON Fleet hardware.

APPROVE AGREEMENT FOR EXCLUSIVE RIGHT TO NEGOTIATE FOR CITY OWNED AGRICULTURAL LAND

RECOMMENDATION(S)

Authorize the City Manager to develop, execute, and administer an exclusive right to negotiate with ABC Tree Farms, LLC. for the potential lease of City-owned agricultural land and work with ABC Tree Farms to include LBJ Farms as a potential operator of a farm stand on the site.

REPORT NARRATIVE:

In July 2015, the City Council authorized the purchase of 25.8 acres for a future baseball/softball field facility (Ball Field Property). The property is located south of the intersection of Condit Road and Tennant Avenue, adjacent to Highway 101. The property is within the unincorporated County. The purchase was made to “land bank” the property until a time when the City would have funding to develop the property. At the time of purchase of the property, it was believed that future annexation would bring the properties within the City limits, but it was also understood that if the properties were not annexed that they could be developed by the City in the County.

In 2016, the property was part of the annexation request made to the Santa Clara County Local Area Formation Commission (LAFCO). The annexation was denied by LAFCO. Several entities, including the County of Santa Clara and the Santa Clara Valley Open Space Authority have noted preferences for continued use of the site for agriculture. Using intergovernmental immunity, the City could attempt to develop the property in conformance with its own land use designations and permitting process.

However, in February 2019, the City Council directed City staff to look at the opportunity to find an alternate, more suitable recreation site that could allow the existing site to continue to be used for agriculture. This alternative site was identified in 2021 and the City Council approved purchase of 19.58 acres located on Monterey Road just south of Butterfield Boulevard.

With the acquisition of the new site, the former Ball Field Property was transferred to the City's Agricultural and Open Space Preservation Fund. Long term future action by the City Council and other entities will be needed to permanently preserve the former Ball Field Property for agriculture through an easement or other means. This long term easement and transfer is difficult at this time due to the original seller of the property still holding some interest in 3.6 acres on the northern end of the former Ball Field Property through a buyback option.

Recently the City has received interest from multiple parties that expressed a desire to use the City owned property for more active agricultural purposes. Due to this interest, the City issued an "Invitation for Letters of Interest for Agricultural Farming Businesses to Lease City-Owned Agricultural Land" in February. The City received two letters of interest, one from ABC Tree Farms (Attachment 1) and one from LBJ Farms (Attachment 2). City staff met with both interested parties and after meeting it was determined that both businesses would be potential partners at the site. The City is recommending the Council authorize the City Manager to enter into an exclusive right to negotiate with ABC Tree Farms for a future lease, but also direct staff to continue to work with ABC Tree Farms to include LBJ Farms as a potential operator of a farm stand on the site.

The proposal from ABC Tree Farms is to operate a seasonal pumpkin patch and Christmas tree farm on the site. However, ABC Tree Farms is also open to identifying more year-round agricultural uses, including an on-site farm stand. Due to the agrotourism nature of the proposed use, additional permitting by the County is necessary for full use of the site. Authorizing the City staff to enter into an exclusive right to negotiate will allow a due diligence period for City staff and ABC Tree Farms to fully investigate what uses at the site would meet the County zoning with what types of permits. It is envisioned that City staff will return before the end of the calendar year with a lease agreement for Council review.

COMMUNITY ENGAGEMENT:

Inform

This staff report serves to inform the community of the proposed agreement for exclusive right to negotiate for City-owned agricultural land. A notice inviting interested parties to provide letters of interest was placed on the City's website for a month.

ALTERNATIVE ACTIONS:

The City Council could choose not to move forward with the exclusive right to negotiate and provide staff with alternate direction.

PRIOR CITY COUNCIL AND COMMISSION ACTIONS:

July 15, 2015 – The City Council authorized purchase of the Ball Field Site.

February 6, 2019 – The City Council provided direction on development of the Ball Field Site.

August 4, 2021 - The City Council approved the purchase of new park land and the transfer of the existing Ball Field site to the Agriculture and Open Space Fund.

FISCAL AND RESOURCE IMPACT:

Potential future revenue of \$18,000 to \$40,000 per year may be attainable through a future lease of the City-owned property. No anticipated costs to the City are anticipated. Supporting this effort is within the Public Services Department's planned activities.

CEQA (California Environmental Quality Act):

Not a Project

Administrative activities and feasibility or planning studies for possible future actions that the agency has not approved, adopted, or funded are not considered projects for environmental review under CEQA. Approving this agreement will allow a due diligence period to determine the level of review necessary to meet CEQA requirements.

Company Background and Relevant Experience

ABC Tree Farms, LLC has been operating retail Christmas Tree Sales Sites and Halloween Pumpkin Sales Sites, Summer Fun Zones, Fruit Stands and Farmer Markets for over 40 years. On any given year, ABC Tree Farms operates 18-24 retail locations in the San Francisco Bay Area and in Southern California. We operate a clean, professional, first class operation. In addition ABC Tree Farms is also a grower and wholesale supplier of Pumpkins, Christmas Trees and nursery items.

In the past and currently we lease properties from a wide range of Shopping Center Owners and landowners, including Contra Costa County Airports Division, City of Antioch, City of Santa Clara, County of Santa Clara Roads and Airports, Samtrans, Santa Clara Valley Transportation Authority, NewPark Mall, Southland Mall, Westfield Shoppingtown Oakridge, Westfield Shoppingtown Plaza Bonita, Plaza Camino Real Shopping Center, University Plaza Shopping Center, Westgate Shopping Center, Capital Square Shopping Center, Bayfair Shopping Center, Century Theaters, Property Development Associates (Safeway), CVS Pharmacy, State of California, East Bay Regional Parks District as well as numerous individual property owners.

Our aim is to develop long-term relationships with the property owner and to provide an exciting pumpkin patch and tree buying experience for our customers while maintaining an atmosphere harmonious with the integrity of adjacent properties. Please feel free to visit our website at <http://www.abctreefarms.com> to view photos and more detailed information on our other locations.

Proposed Rental Rate: \$18,000 per year while uses are limited to Agricultural Uses not requiring a Conditional Use permit converting to \$40,000.00 per year once a Conditional Use Permit is acquired with Santa Clara County allowing full Agritainment uses.

Proposed Size of Leased Area: 22 acres

Proposed Lease Term: Lease term is proposed for year round use with a minimum term of ten years with two additional five year options.

Thank you in advance for taking the time to review this proposal.

Site Specific Proposed Changes:

COVID-19 Protocols:

Due to COVID-19, we are aware that we must follow any city, county or state ordinances that are in place at the time we are open to the public. We will be prepared to enforce masks, practice social distancing and to monitor the traffic in and out of the lot if required. We will have hand washing stations on site and hand sanitizer as well.

Proposed Uses, Periods of Operations, Staffing, and Maintenance Plan

Halloween Pumpkin Patch: Proposed Days are August 15, 2021 through November 10, 2021 for the Pumpkin/Halloween Sales, which will include set up and tear down of the operation. Hours of operation will be Seven days a week, Sunday through Thursday we will open at 10:00 AM and close at 9:00 PM. Friday and Saturday we will open at 10:00 AM and remain open until 10:00 PM.

The area will be as diagrammed in the attached Potential Halloween/Pumpkin Patch Plot Plan. Based on my conversation with the Santa Clara County Planning Department the entitlements of the property that currently exist allow, in addition to agricultural uses, a choose and cut Christmas tree farm as well as a corn maze and agriculturally based entertainment in conjunction with a Pumpkin Patch. It will not allow additional entertainment such as inflatable rides and games. These uses will be allowed upon application and approval of a Conditional Use Permit for them.

Until we receive approval of the Conditional Use Permit from the County of Santa Clara operations for the Halloween Season will be limited to the following (with landlord approval), a pumpkin patch, a hay and straw maze, photo areas, petting zoo, pony rides and tractor rides. All necessary permits and approvals will be acquired from the City of Concord. Garbage and chemical toilets will be provided on the site by United Site Services and 7 Day Box. We will have no hazardous chemicals on our site. We are requesting the use of a 100' x 100' tent, (3) 20' x 25' Game Tents, and (4) 20' x 20' canopies which are all made of Fire Retardant material. Tent permits will be filed with the City Fire Department. We will have approximately 15 inflatable amusements including bounce houses, obstacle courses and slides for children ages 2-12 that meet all California state requirements along a super slide and pony rides. Inflatables are tied down using 1"x36" double head steel stakes made by Hogan Tent Stakes that go into the ground 30 inches (see attached picture). Each stake has the capability of holding down 2000 lbs. The tie down consists of a minimum 3/8" polypropylene rope with a minimum breaking strength of 2430 lbs. The rope is tied to stake and all tie downs located on the inflatable. Tie downs are double stitched on all inflatables. A picture of the inflatable tie down is attached and the approximate number of tie downs per inflatable below. Small Jumpers (20x20) generally have 6-10 tie downs. Medium Size Jumpers or 3N1's generally have 8-12 tie downs and 40x60 Slides have 20 tie downs.

We are requesting that 3 trailers be allowed on site for used as security by our managers. Parking is as diagrammed on the site plan. Proposed staffing will be 2-10 employees on site depending on time and day of week. Items that will be sold will be pumpkins, gourds, squash, corn, Halloween items and décor. Anticipated attendance over the course of 30 days is approximately 2500 people.

Weed abatement will be provided prior to occupancy and maintained throughout lease period. All trash will be cleaned from the site daily and placed in debris containers on site. All leftover hay and pumpkins will be removed from site and mulched and used for soil enhancement.

Christmas Tree Lot: Proposed days of operation are November 10 through December 30, 2021 for Christmas tree sales which includes lot set up and tear down. Hours of operation will be seven days a week from Thanksgiving to Christmas Eve, Sunday through Thursday we will open at 10:00 AM and close at 9:00 PM. Friday and Saturday we will open at 9:00 AM and remain open until 9:30 PM.

The area will be as diagrammed in the attached Potential Christmas Tree Plot Plan. All necessary permits and approvals will be acquired from the City of Concord. Garbage and chemical toilets will be provided on the site by United Site Services and 7 Day Box. We will have no hazardous chemicals on our site. We are requesting the use of a 100' x 100' tent which is made of Fire Retardant material. Tent permits will be filed with the Contra Costa County Fire Department. We are requesting that 3 trailers be allowed on site for use as a security for our managers. Parking is as diagrammed on the site plan. Proposed staffing will be 2-10 employees on site depending on time and day of week.

Weed abatement will be provided prior to occupancy and maintained throughout lease period. All trash will be cleaned from the site daily and placed in debris containers on site. All leftover trees will be removed from site and mulched and used for soil enhancement. Site will be thoroughly cleaned and inspected at the end of the season and returned to its original condition from the start of the lease.

Items that will be sold will be Christmas trees, wreaths and garlands and assorted Christmas Holiday Items. Anticipated attendance over the course of the 30 day period is approximately 1500 families.

Farmstand and General Agricultural Use:

We would like to reserve the right to operate a farmstand compliant with and as allowed in the Santa Clara County Code and to use parts of the property to continue with agricultural uses to grow crops that are complimentary to our sales operations.

To: The City of Morgan Hill

From: LJB Farms

LJB Farms would like the opportunity to farm and bring agricultural retail sales to the piece of property on the southwest corner of Tennant and Murphy Avenue and is bordered by 101 north. The Bonino Family has been farming in South County (Gilroy, San Martin, and Morgan Hill) for over 100 years. We not only bring a vast amount of knowledge of farming but also a deep appreciation and understanding of the importance that agriculture has in our local area. We understand what it takes to provide the highest quality products for the local consumers because we too are local consumers. We also have a trusted name in the community for safe, reliable and healthy agricultural practices.

Our thought is to bring a retail location for fresh fruits and vegetables, as well as, pumpkins in the Fall and potentially Christmas trees during the holiday season. The close relationships with some of the other local families and businesses that we have built over the last century will also be a focal point of our retail sales at this location. Such as, Chiala Farms, Gizdich Ranch, Greenlees Bakery, Swank Farms, UC Farms and Marianne's Ice Cream. Just to name a few. If the city of Morgan Hill were to allow us to farm and extend our services to the greater Morgan Hill area we would showcase all that our county has to offer from an agricultural standpoint. The people of the local community should be proud of the long and celebrated agricultural history that we have in Santa Clara Valley. Who better to highlight that history then the families that have been rooted and farming in this valley for over a century. We live in a beautiful and unique area and we would love to be a small part of bringing that history to the local community. Thank you for your consideration.

REPORT NARRATIVE:

The City's current franchise for solid waste management services with Recology South Valley expires at the end of June. While the City and Recology have been negotiating on a new franchise for several months that will both extend the time of the franchise and accommodate the new services required by State law, this document is not finalized and a short-term extension will be required. Staff recommends that the Council authorize the City Manager to execute the attached two-month franchise extension subject to the review and approval of the City Attorney.

SECOND AMENDMENT TO THE FRANCHISE AGREEMENT BETWEEN
THE CITY OF MORGAN HILL AND RECOLOGY SOUTH VALLEY

This Second Amendment to the Franchise Agreement ("Second Amendment") is entered into this ____ day of June, 2022, by and between the City of Morgan Hill (the "City"), a municipal corporation of the State of California, and Recology South Valley ("Contractor"), a California Corporation.

This Second Amendment is made with references to the following facts:

- A. City and Contractor are currently parties to an Amended and Restated Franchise Agreement, dated December 13, 2005, as amended on July 1, 2014 (the "Franchise Agreement"), pursuant to which Contractor has the exclusive right to collect, transport and dispose of garbage and refuse produced within the corporate limits of City.
- B. The Franchise Agreement expires June 30, 2022.
- C. City and Contractor are currently engaged in negotiations to establish a new franchise agreement pursuant to which Contractor shall provide solid waste collection and management services and additional services to support compliance with SB 1383.
- D. The terms of the new franchise agreement are nearly finalized but will not be ready for Council consideration prior to the expiration of the current franchise.

NOW, THEREFORE, in consideration of the factual premises and the covenants and conditions set forth in this Second Amendment, City and Contractor hereby agree as follows:

1. Section 2 (A) shall be amended and replaced in its entirety by the following:

“(A) The term of the Franchise shall be for a period of thirty-four (34) years and eight months, commencing at 12:01 a.m on the 1st day of January, 1988, and ending at 11:59 p.m on the 31st day of August, 2022, excepting as herein otherwise specified.”

All other terms of the Franchise Agreement which are not in conflict with the provisions of this Second Amendment shall remain unchanged in full force and effect. In case of a conflict in the terms of the Franchise Agreement, the provisions of this Second Amendment shall control.

REPORT NARRATIVE:

On December 15, 2021 the City Council authorized the City Manager to execute a design-build energy services agreement with Sysco for the Centennial Recreation Center (CRC) Battery Energy Storage Project and all related documents necessary to complete the project. The purpose of the project is to establish a battery energy storage project at the CRC. The City has long recognized that installing a backup power source at the CRC would enable the building to remain operational during power outages and possibly serve as a cooling center or shelter during emergencies. While the building has a generator connection, installing a generator necessitates maintaining the generator in perpetuity at a cost that is not budgeted for a generator that will be rarely used. Since the CRC has a robust solar energy system, installing batteries will allow parts of the building to function during power outages while also enabling the facility to shift its energy use to off-peak hours on a daily basis. The City has obtained two grants to support a battery installation. Silicon Valley Clean Energy (SVCE) allocated \$200,000 of its resiliency funding to the City for projects of this nature. In addition, the City was able to obtain a \$300,000 grant from CalOES as part of their Communities Power Resiliency

Allocation to Cities Program. While \$500,000 was not enough to install a full battery support system, it was assumed that it may be enough to build a core of a system that can be expanded later as additional funding becomes available.

With additional planning support from SVCE's consultants, the City issued a request for proposals (RFP) late last summer seeking a contractor to engage in a design-build energy services agreement. The design-build approach was chosen because it enables the City's selected partner to bring forward creative project approaches that can best serve the City's interests. This is particularly useful in a project like this in which there are numerous technological options, the possibility of additional funding from PG&E, the option of changing PG&E rate schedules to maximize savings, and different perspectives on the facility's future needs. At the time of award it was also noted that, it may make economic sense for the City to invest additional City funds in the project. The additional funds will allow for an increased scope that will create a functional and financially beneficial system. Installing the system supports the City's Climate goals by reducing its carbon footprint while at the same time providing a backup power system for the CRC, which serves as an emergency shelter site, cooling center, and warming center during emergencies.

After further working on the design, it has been determined that the initial funding will not be adequate to build the system to the requirements needed to move the project forward. At this time, City staff are recommending a change order to increase funding for the project by \$561,050 to a total of \$1,061,050. Without this increase, a functional system will not be able to be constructed. The revised scope of work for the proposed change, which includes 528 kWh battery storage, is included as Attachment 1.

COMMUNITY ENGAGEMENT:

Not Applicable

No community engagement was initiated prior to this report as the project will not impact the normal operations of the CRC nor will its construction impact cause community impacts. Once the project design and construction schedule are finalized, staff will communicate project updates via social media, emails, and the website. The final product itself will not impact the use of the CRC during normal operations and will be transparent to CRC members.

ALTERNATIVE ACTIONS:

The City could choose not to move forward with the proposed change order, which would effectively cancel the project.

PRIOR CITY COUNCIL AND COMMISSION ACTIONS:

On December 15, 2021, the City Council authorized the City Manager to execute a design-build energy services agreement with Syserco for the Centennial Recreation Center Battery Energy Storage Project. The Council ratified the acceptance of the State grant at its April 7, 2021 meeting.

FISCAL AND RESOURCE IMPACT:

An additional appropriation of \$561,050 would be necessary to build a system large enough to have an adequate financial payback. The City is recommending this appropriation be made from the Building Future Replacement Fund (741). It is estimated that the replacement of the batteries is required after 15 years at the cost of approximately \$286,000. Overall, it is estimated that over 30 years the City would see approximately \$17,000 in savings and significantly more should the system continue to be used longer than that. The City is likely to see additional financial benefits should energy prices rise at rates greater than the projected 3.5% annually.

CEQA (California Environmental Quality Act):**Categorical Exemption**

The associated project will be a physical improvement that is subject to CEQA. Minor changes to existing facilities like this project, however, are categorically exempt per Section 15301 of the CEQA Guidelines.

2.6 DETAILED SCOPE OF WORK

2.6.1 INTRODUCTION

The design of the new battery energy storage / microgrid system has been developed to maximize the offset of the City's overall electricity costs from PG&E. Equipment location, identification, and selection is the result of Syserco Energy Solutions' detailed review of the sites, in conjunction with the City's building plans, specifications, physical equipment arrangements, and discussions with the City's personnel. The new energy storage / microgrid system is intended to offset electrical demand charges at the site and provide backup power in the event of a utility grid outage. The following is a detailed description of the intent, benefits, impacted equipment, design method and construction methods.

2.6.2 PROPOSED RENDERING OF EQUIPMENT LOCATIONS

The following image depicts the proposed location of the battery energy storage system and switchgear at the Centennial Recreation Center:

2.6.3 DETAILED SCOPE OF WORK

General Intent

This project will install a new battery energy storage system, microgrid controller, and sufficient electrical infrastructure to provide utility demand charge reduction and backup power to the site in the case of an electrical grid outage.

Assumed Conditions / Customer Provided Items

1. All work to be performed during regular work hours (Mon-Fri 7:00 am – 3:30 pm).
2. All field craft labor will comply with prevailing wage requirements and current California DIR.
3. The City shall provide all IT support required for the installation of solar PV and battery energy storage software or interface systems for this project.
4. All structural engineering related to the support of equipment as identified is included. All other structural work and/or upgrades are excluded.
5. It is assumed that the City will provide a laydown and storage area during the construction period.
6. All permit drawings and permit fees required for the execution of the work are included.
7. It is assumed that the City will provide electrical power to operate electrical construction tools and equipment.
8. Pricing is based on a single-mobilization project, multiple phases or extensions to schedule may constitute a change in scope and project schedule.
9. A one year material and workmanship warranty from date of Notice of Substantial Completion is included.
10. All PG&E upgrades which may be required as a result of system interconnection are unknown at this time and are therefore excluded.
11. Any and all as-built drawings or site-specific information necessary to effectively design, engineer and construct the battery energy storage system, including but not limited to past site plans, underground private utilities, permits for past work, etc. will be provided by the customer.
12. Water as needed to complete the work shall be provided by the customer – if it is required by the authority having jurisdiction, the customer shall fill any required fire safety water tanks.
13. The City shall provide and maintain a suitable good-weather Site access road that will accommodate heavy vehicles, deliveries, and service vehicles.
14. Site preparation including but not limited to vegetation removal will be provided by the City.

15. The City shall provide a mutually acceptable construction staging and storage area(s) adjacent to project Site throughout the construction phase.

16. It is assumed that the in-situ soil will be acceptable for use in satisfying any fill requirements in its existing condition, and that soil encountered in the utility cut sections will also be suitable for re-use as a controlled fill.

17. SES shall furnish all required trash removal, dumpsters, and temporary sanitation facilities as required.

18. SES shall maintain all areas free of waste materials, debris, and rubbish, and maintain the site in a clean and orderly manner.

19. Reasonably free and clear access to the point of interconnection is assumed to be available to perform the work.

20. Steel pricing is based on current steel index & exchange rate and may be subject to a change order depending upon the cost of commodities at the time of procurement and will be considered a reasonable modification to the contract and an Excusable Event(s).

Impacted Equipment

Space adjacent to existing PV equipment area, building wall adjacent to existing switchgear

Installed Equipment (Major Materials)

(3) Delta 240S2P Batteries (528 kWh total)

(1) Delta PCS125 Power Conversion System (125 kW total)

(1) Acumen EMS and Congruitive software Microgrid Controller

(1) Switchgear with Electrically Operable Breaker

Design Phase

1. Schematic Design of the microgrid system to meet the resilience capabilities represented in the conceptual design provided in the technical documents at the site or to the maximum system size limits allowed by the footprint available or to an agreed upon size with SES. Sizing shall include accurate and detailed modeling of system operation for each specific site and technology provided by SES and be based on site constraints using industry standard modeling tools. Schematic Design shall include plans sufficient for presentation and discussion with SES.

2. Design development and complete construction drawings of the microgrid system and all ancillary work sufficient for permitting and construction. Drawings shall fully describe all aspects of the construction work including fencing, directional boring/trenching, excavations, racking and mounting systems, electrical systems, signage, foundations, lighting, ADA compliance, etc. SES will provide Electrical, Structural and all other required California licensed engineers and/or architects [Engineers of Record and Architect of Record] to provide a complete, stamped design set as required to permit and

construct a complete energy project for AHJ submittal. The electrical construction drawings shall show and include all conduit below and above finished grade/finish. All plans and specifications must meet the approval of AHJ, the City, the City's representative, Local Fire Authority and/or any other agency deemed as having jurisdiction over the Project.

3. All design and engineering will follow an approved submittal process.

Construction Phase

1. Installation of all equipment necessary for a complete, interconnected, and operational energy system, including, but not limited to:

a. Attachments/ Foundations

b. Battery Energy Storage System

c. Microgrid controller

d. New electrical switchgear to facilitate interconnection

e. All electrical connectors, cabling, and components necessary for a complete energy system.

f. Coordinating and executing any and all electrical work necessary to complete the microgrid system installation.

g. All mounting systems and equipment, including concrete equipment pads, canopy structures, ground or roof-mount, as applicable.

h. All monitoring equipment necessary to remotely access and download real-time and historical energy data, with capability to provide reporting sufficient for WREGIS REC registration, and to remotely access and download real-time and historical site energy consumption data. Historical data in 15-minute intervals shall be readily available for the full operating history of the energy system. SES will be providing the CTs and communication network to provide a fully operational system.

i. Any balance of system items for a complete, interconnected, and operational energy system.

j. All lighting, security or other ancillary equipment described in the Contract documents.

k. Care and custody of all materials will be the responsibility of SES and will remain their responsibility throughout the project until Final Completion has been achieved. Title will pass upon completion of the work throughout the project.

2. Utility interconnection applications and process management will be provided by SES. All materials and coordination for inspection from the local utility is the responsibility of the SES.

3. Participate in weekly project meetings from Notice to Proceed (NTP) through project closeout with all stakeholders. SES to maintain formal meeting minutes and a project schedule and distribute to all attendees no later than the next scheduled project meeting. Frequency of meetings is allowed to change

upon the stakeholder availability and approval from SES; however, it is anticipated during the execution phase that meetings will be held weekly.

4. Provide weekly reports for all work performed when on site.
5. Coordination with and support of inspectors, the City, SES, and their consultants during design, construction, commissioning, and close-out.
6. Any significant changes to City property (i.e. removal of trees, light standard removal, new lighting, etc.) that are required as a result of the installation of the energy project is the sole responsibility of the SES.
8. Any demo of existing soft scape, hard scape, light standards required for system installation will be the sole responsibility of SES.
9. Project Commissioning, including all associated tasks and documentation related to successfully commissioning the system to the IEC 62446-1 International Standard and will be performed by SES.
10. Final energy system “as-built” Construction Documents clearly conformed with all changes during construction shall be provided.
11. Provision of a comprehensive set of closeout documents, including Operations & Maintenance Manuals for each installed system.
12. Conduct a training for the City’s staff, with orientation to the Operations & Maintenance Manuals, systems and safety procedures.
13. Secure laydown and storage facility at job site for all canopy materials and energy system equipment and supplies, including any required security.
14. Legal toilet and hand wash sink facilities at job sites including all required safety for COVID safe distancing.
15. Daily cleanup to “broom clean” conditions.
16. Return disturbed areas to pre-construction conditions including repair of all pavement/concrete, street sweeping, restriping, landscape restoration, irrigation restoration, equipment track marks and scuffs on finished concrete surfaces.
17. Project closeout, inclusive of obtaining AHJ inspections and final jurisdictional approval for all as-built documentation.
18. If necessary, provide temporary ADA parking stalls during construction if construction activities make existing facility ADA parking stalls unusable. Quantity and location of temporary stalls shall be coordinated with the City.
19. Provide temporary lighting in place of removed overhead lighting until under-canopy lighting is fully operational, if applicable.

20. Provide perimeter fencing around ground mounted arrays.

Solar PV Software Interface

The microgrid software interface program shall provide the following:

The system will provide data on the generation of the solar PV system and operation of the battery energy storage system, including charge / discharge rates and state of charge.

Exclusions

1. Any repair work for existing systems is excluded. All existing equipment is assumed to be in good working order.
2. Work or other performance requirements not stated in this document.
3. Existing fire and life safety system programming or related work.
4. Modifications to existing mechanical, electrical, controls, structural, or other systems and possible code violations unless specifically stated in this scope.
5. Standard underground boring is included. Rock drilling for boring of conduit routes, if encountered, will be charged at a rate of \$10,000 per day.

DECLARATION OF POSTING AGENDA

Deputy City Clerk Angie Gonzalez declared the posting of the agenda.

PROCLAMATIONS

Mayor Constantine Proclaimed June 2022 as LGBTQ+ Pride Month.

CITY COUNCIL REPORTS

Council Member Martinez Beltran thanked the community members who attended the vigil to honor the victims of Uvedale Texas and violence throughout our nation. She shared that in April, Silicon Valley Clean Energy (SVCE) celebrated five years of clean

power. They have been providing carbon-free electricity to residents and businesses. In the past five years, SVCE communities have reduced community-wide energy-related greenhouse gas emissions by 35%, saved \$77 million on energy bill costs for all customers, avoided 575 million pounds of greenhouse gas emissions, invested \$45 million in local customer programs, and signed contracts for 11 new renewable power projects in California. Customers will continue to have free, secure, and authorized access to their energy data through a program with UtilityAPI. In May, SCVE also talked about communities taking strides for a better building code. Communities being served by SCVE are making a coordinated effort to adopt reach codes and amendments to the State building or energy code that requires or encourages electrification in new construction for buildings or EV charging infrastructure. She reported that the Latino Caucus for the League of Cities met for the City Summit and was able to meet with a few legislators to speak about many items like housing and affordable housing. She highlighted that the Latino Caucus discussed alternative ways to homeownership including sweat equity programs and lease to own.

CITY MANAGER'S REPORT

City Manager Christina Turner gave a few updates:

Emergency Operations

On May 19, 2022, the Office of Emergency Services as well as Morgan Hill Fire, and other jurisdictional partners participated in the Bay Area Urban Area Security Initiative Annual Golden Eagle Exercise. This was done in conjunction with the County's Emergency Operations Center (EOC) . In Morgan Hill, we activated our amateur radio capabilities out of our primary EOC and tested packet communications with the operational area and Gilroy's EOC. The following day, Morgan Hill's EOC and leadership team visited the backup EOC, which is at West Hills Church, for an overview of capabilities in the event that our primary EOC is unsafe due to damage, security, or other unforeseen emergency events. Teammates reported that the Golden Eagle exercises were very informative and valuable for emergency planning, mitigation, response, and recovery efforts.

Magical Bridge Playground

The grand opening of the Magical Bridge playground will be this Saturday, June 4, 2022, at Community Park. We will start at 10:00 a.m. with activities and performances that will continue into the afternoon. This will be a celebration of the many residents, businesses, and organizations that have come together to make this project a reality.

Pride Flag Raising Ceremony

The flag-raising ceremony was well attended. Starting June 1, 2022, you will see the progress pride flag is displayed at three different locations across the City, which include City Hall, the Community and Cultural Center, as well as the Centennial Recreation Center, demonstrating our inclusive community.

Recreation

Turner encouraged families to go out and enjoy our recreation programs. We are showcasing our Summer Access Passes that provide a three-month membership from

June 6 through September 5, 2022, that gives access to the Centennial Recreation Center as well as the Aquatics Center. Please visit our website for more information.

She concluded by sharing that at the June 15, 2022, City Council meeting we will have a presentation recognizing all of our new teammates as well as the announcement of promotions and retirements.

REPORT NARRATIVE:

Background

In May 2022, the City of Morgan Hill embarked on a Network Discovery project with Cadence Team. Network discovery is the process of identifying every device connected to the network physically, remotely or in the cloud. It allows for capacity planning and

the creation of risk reduction programs. Cadence Team conducted a discovery of the network infrastructure for the City of Morgan Hill and provided recommendations for improvements. The Cadence engineering team partnered with City of Morgan Hill's Information Technology (IT) team to conduct a thorough network discovery process by walking every site, compiling equipment inventories and establishing network diagrams. In addition, a network discovery tool was leveraged to increase visibility into device configurations, analyze network performance and collect network outage statistics. The result of the engagement was an overview of what was discovered and a list of recommendations for the City of Morgan Hill which includes the current challenges and proposal outlined below.

Current Challenges

- Regulatory compliance
- The network topology at Morgan Hill is overly complicated to the point of being unmanageable
- The network configuration appears to have been drastically re-engineered at one point, but the implementation was not completed
- Firewall sprawl contributing to an overly complex network
- The current data center and storage solution is end of life and end of support
- Reduction in network complexity
- Addition of redundancy to ensure data availability.

Proposal:

- Re-engineer and rearchitect the network
- New core switches
- New servers
- New storage
- Professional services to ensure spin up of parallel environment and migration from old infrastructure to new infrastructure to transition with minimal downtime
- Firewall consolidation

Cadence Team is a sole source vendor. The Cadence Team's in-depth knowledge of the City's network provides the City with the best solution to ensure there are no delays in services provided to our community. Morgan Hill Municipal Code Section 3.04150 allows the City Council to make a sole source determination where required supplies or services are available from a single source as determined by the City's Purchasing Officer; and the determination has been made by the Purchasing Officer that Cadence Team is the only source for the required supplies and services based upon a review of available sources.

COMMUNITY ENGAGEMENT:

This staff report serves to inform the community of the City's desire to enter into a network and datacenter refresh project with Cadence Team.

ALTERNATIVE ACTIONS:

Council could direct staff to seek and contract with an alternative provider; however, this will likely result in additional costs. Re-engaging another vendor to perform a network discovery and provide recommendations would not only result in additional costs, but also pose significant delays due to supply chain issues, furthering our risk.

PRIOR CITY COUNCIL AND COMMISSION ACTIONS:

The City of Morgan Hill has been leveraging Cadence Team for the purchase of hardware and maintenance contracts in 2020, 2021, and 2022. The City purchased our firewalls from Cadence Team in 2020 and renewed the subscription services in 2021, adding an additional subscription service. At the beginning of 2022, the City entered a multiyear renewal with additional features, so that each firewall would be identical in case of failover. Lastly, in March 2022, the City engaged Cadence Team for a network discovery project.

FISCAL AND RESOURCE IMPACT:

There is sufficient funding available for the one-time implementation cost. Future funding for the annual licensing fee will be included in the next budget development process.

CEQA (California Environmental Quality Act):

Not a Project.

This Agreement entails organizational or administrative activities of governments and will not result in direct or indirect physical changes in the environment.

CITY COUNCIL STAFF REPORT

MEETING DATE: June 15, 2022

PREPARED BY:

Cynthia Iwanaga, Management Analyst

APPROVED BY: City Manager

AWARD OUTDOOR PEST CONTROL SERVICE AGREEMENT TO ANIMAL DAMAGE MANAGEMENT, INC. FOR A TOTAL OF \$90,960

RECOMMENDATION(S)

1. Award a two-year agreement to Animal Damage Management, Inc. in the amount of \$90,960; and
2. Authorize the City Manager to execute and administer the Service Agreement with Animal Damage Management, Inc.

Estimated Time:

COUNCIL PRIORITIES, GOALS & STRATEGIES

2022-2023 Strategic Priorities

Fiscal Sustainability

REPORT NARRATIVE:

The purpose of this report is to summarize the results of the recent outdoor pest control services Request for Proposals (RFP) process and request authorization for the City Manager to enter into a new agreement for these needed services.

The City has contracted for outdoor pest control services for many years and does not have the staffing resources to perform the work internally. Services provided under this agreement include the control of a variety of different pests including mice, raccoons, gophers, ground squirrels, and more at City facilities and parks as well as at wells and pumping stations. On-call pest control services may also be requested in the right of way or other public property, including assessment districts. The City's current agreement expires on July 31, 2022. The proposed term of the new service agreement is two years, starting on August 1, 2022, with an option to extend for three additional one-year terms.

The RFP was issued on April 15, 2022, and one proposal was received from Animal Damage Management, Inc., a local Morgan Hill pest control service provider. In soliciting proposals for this agreement, the City advertised in the Morgan Hill Times and posted on the City website, the Public Purchase Online Plan Service, and the Builders'

Exchange of Santa Clara County. A copy of the RFP can be viewed on the City [website](#). Animal Damage Management, Inc. is the City's current pest control service provider and has over 25 years in the pest control business. City maintenance staff has been satisfied with their performance to date. Staff reviewed Animal Damage Management, Inc.'s qualifications and cost proposal, and recommends entering into a new agreement with Animal Damage Management, Inc.

Staff recommends entering into a new agreement with Animal Damage Management, Inc. to provide outdoor pest control services to the City for two years, from August 1, 2022 through July 31, 2024, in an amount not to exceed \$90,690 for the initial term. This is based on annual preventative maintenance costs of \$30,480 with an allocation of \$15,000 per year for extra services for a total annual amount of \$45,480. It is also recommended that the contract includes three one-year options to extend in amounts not to exceed 105% of the prior year's amount under the City Manager's authority. The current agreement with Animal Damage Management, Inc. is \$20,160 per year for preventative maintenance with an allocation of \$15,000 per year for extra services for a total annual amount of \$35,160. The agreement was amended for a third and fourth year to extend the term with no increase to pricing. In this RFP, the Centennial Recreation Center and Nordstrom Park service locations were added to the scope of work. The increased scope will add \$6,000 in annual costs in the new agreement. The remaining increased cost is due to a 21% price increase compared to the agreement awarded in 2018.

COMMUNITY ENGAGEMENT:

Not Applicable

As outdoor pest control services are an expected preventative service, no community engagement was completed for this Request for Proposals process.

ALTERNATIVE ACTIONS:

The City Council could elect not to award this service agreement and request that the services be rebid in hopes of obtaining more bids. This action would require the extension of the current outdoor pest control services agreement with Animal Damage Management, Inc. until December 31, 2022 in order to allow enough time to rebid services.

PRIOR CITY COUNCIL AND COMMISSION ACTIONS:

The City Council has previously approved agreements for outdoor pest control services. The City's current agreement was approved by the Council on July 18, 2018.

FISCAL AND RESOURCE IMPACT:

If approved, the total funding authorization for the initial term of this agreement would be \$90,960 (\$45,480 per year). Funding for outdoor pest control services is included in the Fiscal Years 2022-23 and 2023-24 Recommended Operating Budget within the Public Services Department Maintenance Services Division and Utilities Division.

CEQA (California Environmental Quality Act):

The pesticide regulatory program certified by the State is functionally equivalent to the environmental review requirements of CEQA. Animal Damage Management, Inc. is licensed by the California Department of Pesticide Regulation, and therefore no further environmental review is necessary pursuant to Public Resources Code section 21080.5.

SERVICE AGREEMENT
Animal Damage Management, Inc.

THIS AGREEMENT is entered into and becomes effective on _____ (Effective Date), by and between the CITY OF MORGAN HILL, a municipal corporation, ("CITY"), and Animal Damage Management, Inc. a California corporation ("SERVICE PROVIDER") hereinafter referred to collectively as "Parties." In consideration of the promises and the mutual covenants contained in this Agreement, the Parties agree as follows:

1. **City Authority.** This Agreement is entered into pursuant to the action of the Morgan Hill City Council taken on _____, _____, 20____.
2. **Term of Agreement.** This Agreement shall cover services rendered from the Effective Date of this Agreement until July 31, 2024 at which time SERVICE PROVIDER'S services shall be completed. The City Manager is authorized to extend the term of this Agreement for a maximum of three one-year periods. Any such extension shall be in writing and signed by both Parties to this Agreement.
3. **Scope of Service.** The services to be performed by SERVICE PROVIDER shall be outdoor pest control services as further described in **Exhibit A.**
4. **Compensation.** SERVICE PROVIDER shall be compensated as follows:
 - 4.1. **Amount.** \$90,960.00. Total compensation to SERVICE PROVIDER under this Agreement during its initial term set forth in Section 2 above shall not exceed Ninety Thousand Nine-Hundred and Sixty dollars and shall be billed based on the rate and basis set forth in **Exhibit B.** If the City Manager extends the term of this Agreement pursuant to the provisions of Section 2 above, the City Manager shall have the authority to increase the maximum compensation allowed to be paid to SERVICE PROVIDER during that extended term period, so long as City Council has appropriated sufficient funds therefor, the Parties mutually agree to such amount in a writing signed by both Parties to this Agreement and provided further that in no event shall such maximum compensation allowed for each subsequent extended one-year term exceed 105% of the maximum compensation allowed to be paid to SERVICE PROVIDER for one year of service during the immediately preceding prior year of service.
 - 4.2. **Billing.** SERVICE PROVIDER shall provide CITY with an invoice containing the dated, detailed, and itemized descriptions of all services performed and expenses incurred (if such expenses are reimbursable pursuant to Exhibit B) by SERVICE PROVIDER on a monthly basis unless otherwise specified in Exhibit B. All invoices shall be sent to the CITY addressed to the department head or project manager identified below in Section 14 Notices. Payment will be made to SERVICE PROVIDER within thirty (30) days of receipt of invoice by CITY. Any rate charged shall be prorated where services are interrupted or not provided for any rate period (for example, any monthly rate charge should be prorated when services were interrupted or provided for only part of the month). For services billed on an hourly rate, the minimum unit of billed time shall not exceed one tenth of one hour. CITY shall pay for services and expenses (if so provided in Exhibit B) up to the limit of compensation set forth above, that in the CITY's judgment were necessary and reasonable. Services for work performed and expenses incurred in excess of the total compensation set forth in paragraph 4.1 above shall be at no cost to CITY.
5. **Termination.** CITY or SERVICE PROVIDER shall have the right to terminate this Agreement, without cause, by giving thirty (30) days' written notice or less under urgent circumstances. Upon such termination,

SERVICE PROVIDER shall submit to CITY an itemized statement of services performed for which compensation has not been paid. CITY may require SERVICE PROVIDER to complete certain work product or documents and SERVICE PROVIDER shall deliver to CITY all documents in its possession without additional compensation to SERVICE PROVIDER. The City Manager of CITY is authorized to terminate this Agreement, in whole or in part, on behalf of CITY.

- 5.1. **Non-Appropriations.** Notwithstanding anything contained in this Agreement to the contrary, if insufficient funds are appropriated, or funds are otherwise unavailable in the budget for CITY for any reason whatsoever in any fiscal year, for payments due under this Agreement, CITY will immediately notify SERVICE PROVIDER of such occurrence, and this Agreement shall terminate after the last day during the fiscal year for which appropriations shall have been budgeted for CITY or are otherwise available for payments.

6. **Performance of Work.** SERVICE PROVIDER represents that it is qualified by virtue of experience, training, education, and expertise to accomplish these services. Services shall be performed by SERVICE PROVIDER in accordance with professional practices in a manner consistent with a level of care, competence and skill exercised by qualified members of the SERVICE PROVIDER'S profession. By delivery of completed work, SERVICE PROVIDER certifies that the work conforms to the requirements of this Agreement and all applicable federal, state and local laws. SERVICE PROVIDER shall perform all work and services under this Agreement in conformance with the time schedule set forth on Exhibit C, "Schedule of Performance," attached hereto and incorporated herein by this reference. CITY's City Manager is authorized on behalf of CITY to modify the timeframes set forth on the Schedule of Performance within the term of this Agreement. If SERVICE PROVIDER desires to leave or store any of SERVICE PROVIDER's equipment at a CITY site while SERVICE PROVIDER is performing work or service pursuant to this Agreement, SERVICE PROVIDER will first obtain the consent of CITY's City Manager, or his/her delegate, to do so, and any such storage shall occur only in the manner and location allowed by such CITY official and entirely at SERVICE PROVIDER's sole risk.

7. **Hazardous Materials.** Without limiting any other requirement or obligation of SERVICE PROVIDER under this Agreement, if SERVICE PROVIDER needs to use any material or chemical considered to be a hazardous material under any federal, state or local law, regulation or policy, SERVICE PROVIDER agrees to fully and timely abide by and comply with all laws, regulations and policies pertaining to the use, transport, removal, handling, disposal or other activity related to any and all such materials or chemicals. Prior to commencement of work or services under this Agreement, SERVICE PROVIDER shall provide CITY with a complete list of the hazardous materials SERVICE PROVIDER reasonably anticipates it may need to use to provide the services of SERVICE PROVIDER under this Agreement, together with the reasonably anticipated quantities thereof, if requested by CITY.

8. **Insurance Requirements.** SERVICE PROVIDER shall procure and provide proof of the insurance coverage required by this section in the form of certificates and endorsements. The required insurance must cover the activities of SERVICE PROVIDER, including its subcontractors, employees and agents, relating to or arising from the performance of any work or service under this Agreement, and must remain in full force and effect at all times during the period covered by this Agreement. **The coverages may be arranged under a single policy for the full limits required or by a combination of underlying policies with the balance provided by excess or "umbrella" policies, provided each such policy complies with the requirements set forth herein. Any deductibles or self-insured retentions must be declared to and approved by City.** SERVICE PROVIDER further understands that the CITY reserves the right to modify the insurance requirements set forth herein, with thirty (30) days' notice provided to SERVICE PROVIDER, at any time as deemed necessary to protect the interests of the CITY.

- 8.1. **Insurance Types and Amounts.**

- 8.1.1. Commercial General Liability (CGL). SERVICE PROVIDER shall maintain CGL against claims and liabilities for personal injury, death, or property damage providing protection in the minimum amount of: (i) one million dollars (\$1,000,000.00) combined single limit for any one accident or occurrence, or (ii) the maximum amount of such insurance available to SERVICE PROVIDER under SERVICE PROVIDER's combined insurance policies (including any excess or "umbrella" policies), whichever is greater.
- 8.1.2. Automobile Liability. If SERVICE PROVIDER is self-insured, SERVICE PROVIDER shall provide its Certificate of Permission to Self-Insure, duly authorized by the Department of Industrial Relations.
- 8.1.4. Pollution (Environmental) Liability. If the performance of SERVICE PROVIDER's work or service under this Agreement involves hazardous materials, contaminated soil disposal, and/or a risk of accidental release of fuel oil, chemicals or other toxic gases or hazardous materials, SERVICE PROVIDER shall procure and maintain Pollution Liability covering the SERVICE PROVIDER'S liability for bodily injury, property damage and environmental damage resulting from pollution and related cleanup costs arising out of the work or services to be performed under this Agreement. Coverage shall be provided for both work performed on site, as well as during the transport of hazardous materials. Such coverage shall be in the minimum amount of: (i) one million dollars (\$1,000,000.00) for any one accident or occurrence, or (ii) the maximum amount of such insurance available to SERVICE PROVIDER under SERVICE PROVIDER's combined insurance policies (including any excess or "umbrella" policies), whichever is greater.
- 8.1.5. Professional Liability.
- 8.1.5.1. If the performance of SERVICE PROVIDER's work or service under this Agreement involves professional and/or technical services (examples include, but are not limited to, architects, engineers, land surveyors, and appraisers), SERVICE PROVIDER shall procure and maintain either a claims made or occurrence Errors and Omission liability insurance in the minimum amount of: (i) one million dollars (\$1,000,000.00) each claim, or (ii) the maximum amount of such insurance available to SERVICE PROVIDER under SERVICE PROVIDER's combined insurance policies (including any excess or "umbrella" policies), whichever is greater. Further, if SERVICE PROVIDER maintains a claims-made policy, SERVICE PROVIDER shall provide

written evidence of such insurance to the CITY for at least five (5) years after the completion of work performed under this Agreement.

8.1.5.2. If the performance of SERVICE PROVIDER's work or service under this Agreement relates to Information Technology or related services (examples include, but are not limited to computer programmers, software designers, hardware engineers, or other systems consultants), SERVICE PROVIDER shall procure and maintain a claims made Errors and Omission liability insurance, including Cyber Liability and Data Breach, in the minimum amount of: (i) one million dollars (\$1,000,000.00) each claim, or (ii) the maximum amount of such insurance available to SERVICE PROVIDER under SERVICE PROVIDER's combined insurance policies (including any excess or "umbrella" policies), whichever is greater.

8.1.6. Sexual Abuse/Molestation Liability (SML): If the performance of SERVICE PROVIDER's work or service under this Agreement involves contact with minors, SERVICE PROVIDER shall procure and maintain Sexual Abuse and Molestation insurance in the minimum amount of: (i) two hundred thousand dollars (\$200,000.00) each claim, or (ii) the maximum amount of such insurance available to SERVICE PROVIDER under SERVICE PROVIDER's combined insurance policies (including any excess or "umbrella" policies), whichever is greater.

8.1.7. Crime/Fidelity Bond. If the performance of SERVICE PROVIDER's work or service under this Agreement relates to or involves handling of CITY monies, SERVICE PROVIDER shall procure and maintain Crime insurance, in the minimum amount of: (i) three hundred thousand dollars (\$300,000.00) per occurrence, covering all SERVICE PROVIDERS' officers and employees, for loss of CITY monies caused by dishonesty and/or theft.

8.2. **Endorsements**. SERVICE PROVIDER shall provide proof of the following endorsements, listed for each policy for which endorsements are required, as outlined below:

8.2.1. General Liability and pollution liability (when pollution liability applies).

8.2.1.1. "Additionally Insured" - The City of Morgan Hill, its elected or appointed officials, boards, agencies, officers, agents, employees, and volunteers are named as additional insureds on a form at least as broad as ISO Form CG 20 10 for ongoing operations.

8.2.1.2. "Waiver of Rights of Subrogation" - The insurer waives the right of subrogation against the City of Morgan Hill and CITY'S elected or appointed officials, boards, agencies, officers, agents, employees, and volunteers; and

8.2.1.3. "Primary and Non-Contributing" - Insurance shall be endorsed to be primary and non-contributory and will not seek contribution from the City's insurance or self-insurance and shall be at least as broad as ISO Form CG 20 01.

8.2.2. Workers Compensation.

If the performance of SERVICE PROVIDER'S work or service under this Agreement involves access to or activity on any property or premises owned or occupied by the CITY, including, but not limited to, SERVICE PROVIDER'S presence during site visits

and meetings, then insurer waives the right of subrogation against the City of Morgan Hill and the CITY's elected or appointed officials, boards, agencies, officers, agents, employees, and volunteers.

- 8.3. **Qualification of Insurers.** All insurance required pursuant to this Agreement must be issued by a company licensed and admitted, or otherwise legally authorized to carry out insurance business in the State of California, and each insurer must have a current A.M. Best's financial strength rating of "A" or better and a financial size rating of "VII" or better.
- 8.4. **Certificates.** SERVICE PROVIDER shall furnish CITY of Morgan Hill with copies of all certificates as outlined herein, whether new or modified, promptly upon receipt. In the event of a claim or legal action, SERVICE PROVIDER shall promptly furnish CITY of Morgan Hill with copies of all policies outlined herein. No policy subject to the SERVICE PROVIDER's agreement with the CITY shall be canceled or materially changed except after thirty (30) days' notice by the insurer to CITY. A "material change" is a change that results in non-compliance with any insurance requirements in this section 8. Certificates, including renewal certificates, may be mailed electronically to riskmgmt@morganhill.ca.gov or delivered to the Certificate Holder address provided herein.

Certificate Holder address:

City of Morgan Hill
Attn: Risk Management
17575 Peak Avenue
Morgan Hill, CA 95037

9. **Non-Liability of Officials and Employees of the CITY.** No official or employee of CITY shall be personally liable for any default or liability under this Agreement.

10. **Compliance with Law.**

- 10.1. SERVICE PROVIDER and its officers, employees, agents, and subcontractors shall comply with all applicable laws, ordinances, administrative regulations, and permitting requirements in carrying out their obligations under this Agreement. SERVICE PROVIDER and its officers, employees, agents, and subcontractors covenant there shall be no discrimination based upon race, color, creed, religion, gender, marital status, age, sexual orientation, national origin, mental disability, physical disability, medical condition, or ancestry, in any activity pursuant to this Agreement.
- 10.2. Compliance with Wage and Hour Laws: SERVICE PROVIDER, and any subcontractor it employs to complete work under this Agreement, shall comply with all applicable federal, state and local wage and hour laws. Applicable laws may include, but are not limited to, the Federal Fair Labor Standards Act and the California Labor Code.

Final Judgments, Decisions, and Orders: For purposes of this Section, a "final judgment, decision, or order" refers to one for which all appeals have been exhausted or the time to appeal has expired. Relevant investigatory government agencies include: the federal Department of Labor, the California Division of Labor Standards Enforcement, or any other governmental entity or division tasked with the investigation and enforcement of wage and hour laws.

Prior Judgments against SERVICE PROVIDER and/or its subcontractors: BY SIGNING THIS AGREEMENT, SERVICE PROVIDER AFFIRMS THAT IT HAS DISCLOSED ANY FINAL JUDGMENTS, DECISIONS OR ORDERS FROM A COURT OR INVESTIGATORY GOVERNMENT AGENCY FINDING – IN THE FIVE (5) YEARS PRIOR TO EXECUTING THIS AGREEMENT – THAT SERVICE PROVIDER OR ITS SUBCONTRACTOR(S) HAS VIOLATED ANY APPLICABLE WAGE AND HOUR LAWS. SERVICE PROVIDER FURTHER AFFIRMS THAT IT OR ITS SUBCONTRACTOR(S) HAS SATISFIED AND COMPLIED WITH – OR HAS REACHED AGREEMENT WITH THE CITY REGARDING THE MANNER IN WHICH IT WILL SATISFY – ANY SUCH JUDGMENTS, DECISIONS OR ORDERS.

Judgments or Decisions During Term of Contract: If at any time during the term of this Agreement, a court or investigatory government agency issues a final judgment, decision or order finding that SERVICE PROVIDER or any subcontractor it employs to perform work under this Agreement has violated any applicable wage and hour law, or SERVICE PROVIDER learns of such a judgment, decision, or order that was not previously disclosed, SERVICE PROVIDER shall inform the City Attorney, no more than fifteen (15) days after the judgment, decision or order becomes final or of learning of the final judgment, decision or order. SERVICE PROVIDER and its subcontractors shall promptly satisfy and comply with any such judgment, decision, or order, and shall provide the City Attorney with documentary evidence of compliance with the final judgment, decision or order within five (5) days of satisfying the final judgment, decision or order. CITY reserves the right to require SERVICE PROVIDER to enter into an agreement with CITY regarding the manner in which any such final judgment, decision, or order will be satisfied.

City's Right to Withhold Payment: Where SERVICE PROVIDER or any subcontractor it employs to perform work under this Agreement has been found in violation of any applicable wage and hour law by a final judgment, decision or order of a court or government agency, CITY reserves the right to withhold payment to SERVICE PROVIDER until such judgment, decision or order has been satisfied in full.

Material Breach: Failure to comply with any part of this Section constitutes a material breach of this Agreement. Such breach may serve as a basis for immediate termination of this Agreement and/or any other remedies available under this Agreement and/or law.

Notice to City Related to Wage Theft Prevention: Notice provided to the City Attorney as required under this Section shall be addressed to: City Attorney, City of Morgan Hill, 17575 Peak Avenue, Morgan Hill, CA 95037. The Notice provisions of this Section are separate from any other notice provisions in this Agreement and, accordingly, only notice provided to the above address satisfies the notice requirements in this Section.

11. **Independent Contractor.** SERVICE PROVIDER is an independent contractor and not an agent or employee of CITY.
12. **Confidentiality.** All data, documents, or other information received by SERVICE PROVIDER from CITY or prepared in connection with SERVICE PROVIDER'S services under this Agreement are deemed confidential and shall not be disclosed to any third party by SERVICE PROVIDER without prior written consent by CITY.
13. **Conflict of Interest and Reporting.** SERVICE PROVIDER shall at all times avoid conflict of interest or appearance of conflict of interest in performance of this Agreement.

14. **Notices.** All notices shall be personally delivered or mailed, via first class mail to the below listed address. These addresses shall be used for delivery of service of process. Notices shall be effective five (5) days after date of mailing, or upon date of personal delivery.

Address of SERVICE PROVIDER is as follows:

Animal Damage Management, Inc.
16170 Vineyard Blvd., Ste. 150
Morgan Hill, CA 95037

Address of CITY is as follows:

Public Services Director	with a copy to:
City of Morgan Hill	City Clerk
17575 Peak Avenue	City of Morgan Hill
Morgan Hill, CA 95037	17575 Peak Avenue
	Morgan Hill, CA 95037

15. **Licenses, Permits and Fees.** SERVICE PROVIDER shall obtain a City of Morgan Hill Business License, all permits and licenses to the extent required by ordinances, codes and regulations of the federal, state and local government.

16. **Service Provider's Proposal.** If applicable, this Agreement shall include SERVICE PROVIDER'S proposal or bid which is incorporated herein. In the event of any inconsistency between the terms of the proposal and this Agreement, this Agreement shall govern.

17. **Maintenance of Records.**

- 17.1. **Maintenance.** SERVICE PROVIDER shall prepare, maintain, and preserve all reports and records that may be required by federal, state, and CITY rules and ordinances related to services provided under this Agreement. SERVICE PROVIDER shall maintain records for a period of at least 3 years after receipt of final payment under this Agreement. If any litigation, claim, negotiation, audit exception, or other action relating to this Agreement is pending at the end of the 3-year period, then SERVICE PROVIDER shall retain said records until such action is resolved.
- 17.2. **Access to and Audit of Records.** The CITY shall have the right to examine, monitor and audit all records, documents, conditions, and activities of the SERVICE PROVIDER and its subcontractors related to services under this Agreement. Pursuant to Government Code Section 8546.7, if this Agreement involves the expenditure of public funds in excess of \$10,000, the Parties to this Agreement may be subject, at the request of the CITY or as part of any audit of the CITY, to the examination and audit of the State Auditor pertaining to matters connected with the performance of this Agreement for a period of three years after final payment under the Agreement.
- 17.3. **Ownership of Work Product.** All documents or other information developed or received by SERVICE PROVIDER for work performed under this Agreement shall be the property of CITY. SERVICE PROVIDER shall provide CITY with copies of these items upon demand or upon termination of this Agreement.

18. **Familiarity with Work.** By executing this Agreement, SERVICE PROVIDER represents that: (1) it has investigated the work to be performed; (2) it has investigated the site of the work and is aware of all conditions there; and (3) it understands the difficulties and restrictions of the work under this Agreement. Should SERVICE PROVIDER discover any conditions materially differing from those inherent in the work or as represented by CITY, it shall immediately inform CITY and shall not proceed, except at SERVICE PROVIDER'S risk, until written instructions are received from CITY.

19. **Time of Essence.** Time is of the essence in the performance of this Agreement.

20. **No Assignment.** Neither this Agreement nor any portion shall be assigned by SERVICE PROVIDER, without prior written consent of CITY. Any attempted assignment not first approved by CITY shall be void and, at CITY's option, shall terminate this Agreement effective as of the date of such attempted assignment.

21. **Attorney Fees.** In any legal action, dispute or arbitration arising out of or relating to this Agreement, the prevailing party shall be entitled to an award of its reasonable attorney fees, costs and expenses incurred.

22. **Defense and Indemnification.**

22.1. **Defense and Indemnification.** SERVICE PROVIDER shall, to the fullest extent permitted by law, indemnify, defend and hold harmless CITY, its elected or appointed officials, boards, agencies, officers, agents, employees, and volunteers ("INDEMNITEES") from and against any and all claims, liabilities, expenses, liens, or damages of any nature, including liability for bodily injury, property damage or personal injury, and including reasonable attorneys' fees and expenses, that arise out of, pertain to, or relate to the performance of this Agreement or the failure to comply with any obligations contained in this Agreement by SERVICE PROVIDER, and/or its agents, officers, employees, subcontractors, or independent contractors ("CLAIM").

22.2. **Exceptions.** SERVICE PROVIDER is not required to indemnify INDEMNITEES against liability for bodily injury, property damage or personal injury, or any other loss, damage or expense arising from the sole negligence or willful misconduct of the CITY.

22.3. **Not limited by insurance.** The indemnity, defense and hold harmless provisions of this Agreement apply to all CLAIMs alleged against an INDEMNITEE, regardless of whether any insurance policies are applicable. Policy limits do not act as a limitation upon the amount of indemnification or defense to be provided by SERVICE PROVIDER.

22.4. **Right to Offset.** CITY shall have the right to offset against any compensation due SERVICE PROVIDER under this Agreement any amount due CITY from SERVICE PROVIDER as a result of SERVICE PROVIDER's failure to pay CITY promptly any indemnification arising under this Section (22) and any amount due CITY from SERVICE PROVIDER arising from SERVICE PROVIDER's failure either to (i) pay taxes on amounts received pursuant to this Agreement or (ii) comply with applicable workers' compensation laws.

22.5. **Interpretation.** This Section shall constitute an agreement or contract of indemnity, incorporating the interpretations under California Civil Code Section 2778. It is expressly understood and agreed that the obligation of the SERVICE PROVIDER to indemnify the INDEMNITEE shall be as broad and inclusive as permitted by the laws of the State of California and shall survive termination of this Agreement.

23. **Entire Agreement; Modification; Conflicting Provisions.** This Agreement constitutes the entire Agreement between the Parties and supersedes any previous agreements, oral or written. This Agreement

may be modified or provisions waived only by a subsequent mutual written agreement executed by CITY and SERVICE PROVIDER. If the provisions contained in the main body of this Agreement conflict with any provision contained in an exhibit to this Agreement, the provisions of the main body of this Agreement shall govern and control over any provision contained in an exhibit to this Agreement.

24. **Governing Law and Venue.** This Agreement shall be construed in accordance with the laws of the State of California. This Agreement was entered into and is to be performed in the County of Santa Clara. Any action or dispute arising out of this Agreement shall only be brought in Santa Clara County.

25. **Interpretation.** This Agreement is a negotiated document and shall be deemed to have been drafted jointly by the Parties, and no rule of construction or interpretation shall apply against any particular Party based on a contention that the Agreement was drafted by one of the Parties including, but not limited to, California Civil Code § 1654, the provisions of which are hereby waived. This Agreement shall be construed and interpreted in a neutral manner.

26. **Preservation of Agreement.** If any term, provision, covenant, or condition of this Agreement is held by a court of competent jurisdiction to be invalid or unenforceable, the rest of the Agreement shall remain in full force and effect and shall in no way be affected or invalidated.

27. **Binding Agreement.** Notwithstanding the provisions of Section 20 above, this Agreement shall bind any and all successors in interest, legal representatives and/or other permitted assignees or transferees of SERVICE PROVIDER in the same manner as if those successors in interest, legal representatives or other permitted assignees or transferees had entered into this Agreement originally.

REPORT NARRATIVE:

As part of the City Council's expectation to maintain a high level of transparency and to be responsible stewards of public funds, staff is providing this monthly budget update, along with the April 2022 financial and investment reports.

April 2022 Financial Report

The Revenue and Expense Summary through April 2022 is included on the page 4 of the monthly financial report. Overall, General Fund revenues total \$34.0 million or about 67% of the budget. Expenditures, including encumbrances, amounted to \$39.0 million or 76% of the budget.

Budget Update

There has been no material change to the City's revenue since the last budget update to the Council on May 18, 2022. Recreation Services revenues continue to recover from the pandemic. Certain recreation services revenue categories, such as facility rental revenue for the year is expected to be minimal compared to prior years and staff does not expect any meaningful improvement until next fiscal year. However, staff expects that the overall net impact for the recreation services will be better than budget as several cost containment strategies have been implemented to offset the reduction in

revenue.

COMMUNITY ENGAGEMENT:

Inform

Finance staff prepares these financial reports to inform City officials, the Council, the community, and various lenders and stakeholders about the financial health of the organization, which assists each one of the interested parties in making sound financial and investment decisions.

ALTERNATIVE ACTIONS:

No alternative action is recommended, as this is a monthly financial report on City transactions which have already occurred.

PRIOR CITY COUNCIL AND COMMISSION ACTIONS:

The City Council receives and files the financial and investment report for each month. At the September 16, 2015 meeting, City Council recommended monthly financial and investment reports be agendaized under the Consent Agenda, and quarterly financial and investment reports be presented to City Council as an "Other Business" item. Beginning in FY 2020-21, budget reports are presented to the Council monthly.

FISCAL AND RESOURCE IMPACT:

The preparation of the report is a part of the Finance workplan.

CEQA (California Environmental Quality Act):

Not a Project

Organizational or administrative activities of governments that will not result in direct or indirect physical changes in the environment.

CITY OF MORGAN HILL, CALIFORNIA
FINANCIAL STATEMENT ANALYSIS - FISCAL YEAR 2021-22
FOR THE MONTH ENDED APRIL 2022 – 83% OF YEAR COMPLETE

- **General Fund** – Revenues through April totaled \$34.0 million, or about 67% of the budgeted revenues. With respect to the property tax revenue forecast, on August 20, 2021, the Controller-Treasurer’s Department of the County of Santa Clara notified the cities and agencies within the County that the State of California Controller’s Office agreed with the County’s methodology of calculating excess Educational Revenue Augmentation Fund (ERAF), therefore, set aside provision is no longer required. The City of Morgan Hill is expecting to receive an additional \$650,000 in excess ERAF for FY2021-22. However, the County cautioned cities and agencies in planning and budgeting this source of revenue as future legislation could impact the calculation methodology. The increase in excess ERAF distribution is mainly due to the growth of property tax outpacing the growth of school funding requirement and this revenue stream is becoming a large revenue category for the City in recent years. Morgan Hill began to receive excess ERAF distribution in FY2013-14 in the amount of \$13,000 and it has grown to about \$1.9 million in FY2020-21.

As for sales tax, the latest projection from our sales tax revenue consultant estimated this year’s revenue, before sales tax rebates, to be about \$12.4 million versus about \$11.0 million budgeted. Pandemic based economic recovery contributed significantly to this upside forecast as well as the addition of a car dealership. One of the industries hit hardest across the state during the pandemic was the restaurants group which has experienced a strong rebound.

The chart below shows historical General Fund revenues by major revenue category from FY17-18 through FY20-21 Actual, FY21-22 Budget, and YTD as of April 30, 2022.

CITY OF MORGAN HILL, CALIFORNIA
FINANCIAL STATEMENT ANALYSIS - FISCAL YEAR 2021-22
FOR THE MONTH ENDED APRIL 2022 – 83% OF YEAR COMPLETE

General Fund expenditures and encumbrances as of April 30, 2022 totaled \$39.0 million, of which approximately \$1.4 million is attributable to outstanding encumbrances.

- **Community Services** – The Community Services Department’s recreation operations, as reflected in the schedule presented on page 7 of the Monthly Financial and Investments Reports, shows a negative impact to the General Fund of approximately \$1.7 million as of April 30, 2022. The large budgeted operating loss for recreation operations reflects the restrictions and limited opening of recreation facilities since March 2020 due to the shelter-in-place order as a result of the coronavirus pandemic and the continued indoor mask mandate which is having a negative impact to the membership drive.

Due to longstanding governmental accounting and budgeting convention, the City’s recreation operations are not charged for indirect costs (known in Morgan Hill as “General Fund Administration”) from the central services departments of City Attorney, City Manager, and Administrative Services. The City’s other governmental funds, such as Development Services, and the proprietary funds, such as Water and Wastewater, and the Information Services Fund, are assessed such charges through the City’s indirect cost allocation plan, prepared in compliance with the guidelines set forth in the Code of Federal Regulations Title 2, Chapter II, Part 200 (formerly OMB Circular No. A-87), which mandates certain calculation and cost allocation practices that must be followed in order to qualify for Federal grant funding, but which also represent best practice for non-grant funded City operations like utilities and information services.

- **Development Services Fund** – Revenues through April totaled \$4.4 million. Expenditures, including encumbrances, totaled \$4.7 million. The fund is budgeted at a higher revenue at \$5.3 million compared to recent years’ actuals primarily due to the higher fees anticipated from the completion of the updated fee study. Even with higher projected revenue, the fund is still anticipated to end the year with a net deficit of approximately \$200,000 mainly because of the certain activities that are not meant to be full cost recovery such as public counter/general information services, strategic initiative and special projects, and subsidized services. These activities need to be supplemented by other funding sources.
- **Debt Service Funds** – Expenditures through April totaled \$0.6 million. The debt service for the first half of the year includes both interest and principal, while the second half of the year will include

interest only. Debt service payments were all scheduled when the bonds were issued, and are budgeted for in the months delineated in the underlying bond documents. The General Fund's portion of the annual debt service payments is approximately \$200,000, less than one percent of the General Fund's budgeted revenues.

- **Wastewater Operations** – Revenues from Sewer Operations through April totaled \$11.2 million. Expenditures and outstanding encumbrances totaled \$11.0 million or 78% of the budget. The table below shows historical Sewer Operations revenues and expenditures from FY17-18 through FY20-21 Actual, FY21-22 Budget, and YTD as of April 30, 2022.

REPORT NARRATIVE:

The purpose of this Public Hearing is for the City Council and City staff to receive public comment, discuss, and adopt the two-year Budget for FY 2022-23 and FY 2023-24 (Attachment A)

The total recommended budget for FY 2022-23 and FY 2023-24 is approximately \$205.5 million and \$168.7 million, respectively. Excluding the City's FY 2022-23 and FY 2023-24 Capital Improvement Program (CIP) Budget, the total Operating Budget for FY 2022-23 and FY 2023-24 is approximately \$146.4 million and \$128.9 million, respectively. The total six-year CIP budget is \$224.2 million. These figures incorporate three changes since the Budget Workshop on May 18, 2022, as outlined below.

Changes to the Recommended Budget

Equipment Replacement Fund (790) - On April 20, 2022, Council adopted a resolution authorizing the submittal of an application to the California Climate Investments Department of Forestry and Fire Protection's (CAL FIRE) Fire Prevention Grant Program for the purchase of a radio-controlled slope mower. The City's grant application was awarded this month; \$160,000 is included in the Recommended Budget.

Building Future Replacement Fund (741) - Pending Council approval of tonight's proposed increased battery energy storage project. An additional appropriation in the

amount of \$561,050 is needed to allow for an increased scope that will create a functional and financially beneficial system. Installing the system supports the City's climate goals by reducing its carbon footprint while at the same time providing a backup power system for the Centennial Recreation Center (CRC), which serves as an emergency shelter site, cooling center, and warming center during emergencies.

FY 2023-24 All Funds - The second year of the Recommended Budget, inadvertently excluded the normal cost of retirement for Miscellaneous Plan employees. Retirement costs for all employees is made up of the normal cost of retirement plus the unfunded actuarial liability (UAL) cost. When the recommended budget was released and presented, the cost of retirement for Miscellaneous Plan employees only included the UAL cost. Due to this error, staff is recommending an additional \$970,098 appropriation to the total FY 2023-24 Recommended Budget. The impact to the general fund is approximately \$451,559.

Personnel

In 2017, Council adopted the Employee Compensation Guiding Principles to guide employee compensation matters, to ensure the City provides its employees competitive, equitable, and financially sustainable compensation. The seven guiding principles are: (1) recruitment and retention; (2) fiscal sustainability; (3) compensation structure; (4) market-based compensation; (5) internal equity; (6) transparency and accountability; and (7) legal compliance.

There are several personnel related actions in the Recommended Budget as presented in the accompanying salary schedules, including adjustments for certain classifications to keep the City competitive, addressing retention, recruitment, and compaction issues that have been impacting the City, as well as the addition of 5.5 full-time equivalent positions.

Elected and Council Appointed Salary Schedule

CalPERS requires publicly available salary schedules, including the elected and Council appointed salary schedule be duly approved and adopted by the employer's governing body. Employment agreements for the City Manager and the City Attorney, which include the agreed-upon compensation amounts, were approved by the City Council on December 15, 2021. There are no changes to the compensation amounts for the elected. The salary schedule for the Elected and Council Appointed positions is included as Attachment B.

Fiscal Policy Change

To begin funding the Public Safety equipment replacement, staff is proposing an amendment to the City's Fiscal Policy A.9 to automatically fund the Public Safety equipment replacement fund from 20% of the annual General Fund budget savings. The Recommended revised allocation from the annual General Fund budget savings, if any, will be as follows:

- a. 30% to the Unassigned General Fund Reserve
- b. 20% to Public Safety Equipment Replacement Fund

- c. 20% to Fund 308 Street CIP for pavement and rehabilitation of City streets
- d. 20% to Section 115 Trusts for OPEB and PERS Rate Stabilization Funds
- e. 10% to Fund 302 Park Maintenance for maintaining of City parks
- f. In addition, any funding to the Section 115 Trusts from the General Fund budget savings will be matched by 20% funding from the Enterprise Funds as this is the percentage share of the Enterprise Funds of the unfunded liabilities.

Community Funding

Annually, the City Council considers funding requests from local non-profit organizations that host community-wide events. In November 2021, City Council adopted Council Policy CP-21-02 (Attachment C), to establish a process for community organizations to request funding to support fee waivers, event sponsorship, and other funding requests from the City Council. On February 11, 2022, staff provided Community Funding Request Applications to organizations that have previously received fee waivers for facility use, event support, or program support from the City of Morgan Hill. The applications were provided via email to these contacts. The application and information about the process were also posted on the City's website, in the weekly 411, and on the City's Facebook page. Applications were due on March 18, 2022, at 5:00 pm.

Included in the recommended budget is \$200,000 for Community Funding. The exact dollar figures for each Organization are included as Attachment D (Recommendation column).

City Council Requested Follow-up

During the Budget Workshop on May 18, 2022, staff was asked to review a longer historical look at our General Fund Reserves as it relates to the Council's goal of 25% of General Fund revenue. The last time the General Fund reserve level fell below 25% was almost 10 years ago, in FY 2012-13.

Additional Appropriations to FY 2021-22

Additional appropriations are required in several funds due to unforeseen expenditures as described below:

Fund 306 Open Space and Agricultural Preservation - \$5,000: Unanticipated increase in weed abatement services.

Fund 315 Public Safety Facilities Impact Fee - \$800,000: The Design portion of the New Fire Department Project was moved up from year 3 to year 2 of the adopted Capital Improvement Program Budget. Additional appropriation is required.

Fund 355 Pedestrian and Traffic Safety - \$100,000: The RDCS School Safety Project for FY 2022 focused on the safety enhancements related to Britton Middle School. The project was slightly over budget, due to project administration costs as well as contractual costs for labor consultants related to prevailing wage assessments.

Fund 791 Employee Benefits Fund - \$100,000: Higher than anticipated leave payouts.

CITY OF MORGAN HILL

CITY COUNCIL POLICIES AND PROCEDURES

CP-21-02**SUBJECT: CITY COUNCIL FUNDING REQUESTS****EFFECTIVE DATE: NOVEMBER 3, 2021****REVISED DATE: NA****ORIGINATING DEPARTMENT: COMMUNITY SERVICES DEPARTMENT**

Purpose

The purpose of this policy is to establish a process for community organizations to request funding to support fee waivers, event sponsorship, and other funding requests from the City Council. The policy is intended to allow the City Council to fully evaluate all funding requests at one time along with budget appropriation.

Policy

1. Applicant Criteria
 - a. The organization requesting funding must be a nonprofit.
 - b. The program, event, or activity provides a direct benefit to the Morgan Hill community.
 - c. Programs in alignment with the City Council's Goals and Priorities shall be given priority. City Council priorities are established by the City Council in January of each year.
 - d. Each organization must submit an inclusivity statement describing how the organization and/or the proposed activity is inclusive of the entire community.
 - e. Existing programs and events may be given priority.
2. Application Availability and Deadline
 - a. Applications for the next Fiscal Year (July-June) will be available on the City's website annually in February.
 - b. Completed applications will be due annually in March.
3. Review and Approval Process
 - a. Applications will be reviewed by the City staff.
 - b. Funding applications and details will be included annually in the Budget Development or Mid-Cycle Budget Review process.
 - c. The City Manager will make recommendations on funding to the City Council based on established Council priorities and funding constraints.
 - d. The City Council shall award and include final funding within the Budget.
4. Reporting Requirements

- a. Within thirty days following the conclusion of the funded activity, the organization must submit a report to the City reporting out pertinent information related to the activity. For ongoing activities, an annual report must be submitted by July 30 for the prior fiscal year.
 - b. The report shall include a record of the use of City funds and statistics and information that provides details on the activity's impact to the community.
5. Late Requests
 - a. Requests received after the deadline shall not be accepted by City staff.
6. Council Member Initiated Event and Fee Waiver Requests
 - a. A member of the City Council may request a fee waiver or funding be provided for an event by applying with the above application process by the March deadline.
 - b. All Council Member initiated requests occurring after the March deadline must be provided to the City Manager 90 days in advance of the event to allow sufficient time to bring to City Council for approval.
 - c. The City Staff shall prepare a report for the City Council for approval of any Council Member initiated requests.

This policy shall remain in effect until modified by the City Council.

Community Funding

On February 11, 2022, staff provided Community Funding Request Applications to organizations that previously received fee waivers for facility use, event support, or program support from the City of Morgan Hill. The applications were provided via email to these contacts. The application and information about the process was also posted on the City's website, in the weekly 411 newsletter, and on the City's Facebook page. Applications were due on March 18, 2022 at 5:00 pm.

On April 20, 2022 the City Council reaffirmed the Community Funding Policy Priorities. Staff used the policy to prioritize and recommend funding to each organization. The City Council may follow these recommendations or make alternate funding awards by category or by individual applications.

As stated in the application, to be considered for this annual funding the following criteria must be met:

- a. The organization requesting funding must be a nonprofit.
- b. The program, event, or activity provides a direct benefit to the Morgan Hill community.
- c. Programs in alignment with the City Council's Goals and Priorities shall be given priority. City Council priorities are established by the City Council in January of each year.
- d. Each organization must submit an inclusivity statement describing how the organization and/or the proposed activity is inclusive of the entire community.
- e. Existing programs and events may be given priority.

The chart below shows the organizations that applied for Community Funding for Fiscal Year (FY) 2022-23. Two items are not included on the chart. Since April 20th, two applications were withdrawn. Additionally, one request at \$17,000 was for an art project, the Peace Monument, which City staff and the Library, Culture, and Arts Commission recommend be funded through the Art Fund. City staff recommends appropriating these funds from the Art Fund (Fund 260) from the Community Funding process.

There are 22 applications for funding totaling \$265,378. The recommended FY 2022-23 Budget includes \$200,000 for Community Funding. The table below recommends funding based on Council Policy within four categories.

Category 1: Blue – Past events and programs recommended for full funding.

This group includes past Community Funding recipients and events, partners where the City has previously co-sponsored the event, and/or events that are strongly aligned with Council priorities. Most applications requested small increases in Council funding from prior levels. One event, Freedom Fest, has requested a significant increase in funding (\$10,000) due to significant cost increases associated with public safety.

Category 2: Purple – Past partners recommended for partial funding

This group includes requests from two organizations requesting significant increases to funding. Due to budget limitations, the Healthier Kids Foundation is recommended to be awarded \$25,000, which is a \$5,000 increase from the previous year. South Valley Civic Theater is recommended for funding of \$12,000, an increase of \$2,000 from the previous year.

Category 3: Yellow – Fee Waiver Requests

This group includes recommended full waiver of City facility use fees for past and new events to be hosted at the Community and Cultural Center. These requests are recommended for full fee waivers. However, some applications requested funding in addition to the fee waivers. Due to limited resources,

only one application is recommended for additional funding (this event requires only a small fee waiver and staff recommends providing funding and the fee waiver totaling \$2,500).

Category 4: Green – New Funding Requests

This group includes funding requests for events and programs that have not received funding in the past. Due to funding limitations, each application is recommended for \$2,500 in partial funding.

Full applications are available by clicking the links within the table below.

REPORT NARRATIVE:

POLICY CONSIDERATIONS:

1. Should the City Council continue to monitor traffic patterns to assess effectiveness of Butterfield Boulevard signal optimization?
2. Should the City Council implement the Downtown Lane Reduction or place on a future ballot?

REPORT SUMMARY:

On [May 19, 2021](#), the City Council directed staff to move forward with the first step of

implementing a Downtown Lane Reduction with Place Branding/Beautification. On January 19, 2022, the Council approved an implementation schedule that included a Traffic Mitigation Plan that included physical improvements, signal improvements and a communications campaign to move traffic from Monterey Road to Butterfield Boulevard prior to the implementation of the Lane Reduction. The purpose of the plan was to move enough traffic off of Monterey Road through the Downtown to allow the lane reduction to be implemented without causing significant traffic delays and backups on Monterey Road.

Over a two-week period, finishing on May 9, City staff installed and configured 13 new traffic signal controllers to allow for the optimization of signals along the Butterfield corridor, allowing drivers to reduce travel times when using Butterfield. The new traffic signal controller installation was delayed 8 weeks due to supply-chain issues. To support the new traffic signal controller project, an education campaign was implemented encouraging drivers to use Butterfield Boulevard. The "Go Green on Butterfield" campaign included new signage, press releases, articles in the local newspapers, information via social media, the City's 411 newsletter, and the City's website. Signage included the use of three electronic message board signs and permanent roadway signage along Monterey Road.

After 2 weeks of traffic counts pre-optimization and one additional full week shortly after optimization, staff has learned that overall traffic volume has increased since the last formal traffic counts in 2015. During the test period, two of the traffic counters experienced data collection issues on some days, which resulted in staff only being able to obtain one week of data before the end of the school year. Due to the delay in receiving the controllers, additional counts will not be available until after school resumes in August. While the available data provides some positive signs of the ability to move traffic to Butterfield, it is far too early to understand the overall success of the Traffic Management Plan. Should the lane reduction move forward today, the current data suggests that significant backups and delays will occur on Monterey Road southbound each weekday evening. Staff recommends collecting additional traffic count data to better track the effectiveness of the signal optimization and communication campaign efforts. The traffic count data is available in Attachment A.

On June 8, 2021, a Notice of Intention for an initiative titled "Citizens' initiative amending the General Plan to require voter approval of any future Monterey Road Lane Reduction" was submitted. According to the Ballot Summary: "The measure is proposed to add a new policy to the Transportation Element of the City's General Plan. If adopted, the new policy would require voter approval in order to implement any future Monterey Road Lane Reduction through Downtown Morgan Hill." The initiative needed at least 2,796 signatures to qualify for the ballot. The signature threshold was achieved and verified for qualification by the Registrar of Voters. At the April 6, 2022 Council meeting, pursuant to Section 1405, the City Council voted to place the initiative on the November 2022 ballot.

Slowing down cars and making the Downtown safer for pedestrians, cyclists and vehicles is supported by many City guiding documents, including the General Plan, the

Downtown Specific Plan, and Vision Zero. The need for traffic calming measures throughout Downtown has increased due to the growing demand for outdoor dining and outdoor living. And while City staff continues to fully support the implementation of the Downtown Lane Reduction, it is recommended that additional traffic counts continue to take place to have more conclusive data on the success of moving traffic from the Monterey corridor to the Butterfield bypass. If the Citizen's Initiative passes in November 2022, the Council may wish to place a ballot measure at a future election asking the voters to support the Lane Reduction implementation. This action will honor the intent of the Citizen's Initiative while building trust with the community. Construction of the Hale Avenue Extension is underway and is scheduled to be completed in 2024.

Additionally, City staff intends to study the reduction of Monterey Road from Cochrane through Downtown to one lane in each direction. Currently, the southbound traffic is narrowed to one lane just past Cochrane to pass under the railroad line. Implementing the lane reduction along this entire segment of Monterey Road will create better traffic flow and cause less confusion. This effort, however, will need to be studied in the next Transportation Master Plan. Once environmental clearance is secured for this effort, City staff may recommend the implementation of the lane reduction between Downtown and Cochrane Road.

CONCLUSION

Over the last 20 years, the Council has approved numerous plans and strategies that provide a vision to create a thriving Downtown for businesses, residents, and visitors alike. These plans include the General Plan, the Downtown Specific Plan, the Downtown Placemaking Investment Strategy, the Downtown Station Area Master Plan, Vision Zero, and the Economic Blueprint.

The main goals of the Placemaking Investment Strategy and Vision Zero are to make Downtown the most walkable, bike-friendly, urban, family-oriented, and transit-oriented neighborhood in Morgan Hill. With this in mind, slowing down traffic is key to making Downtown a more vibrant, safer, and inviting destination to shop, dine, and gather.

Repurposing a lane of traffic for bikes and people will put people first and cars second, consistent with the City's Vision Zero. While the Downtown Lane Reduction continues to be a vital step towards making Downtown safer, building community trust is one of the City's key goals and fundamental to the success of the City's initiatives. Therefore, staff recommends holding off on implementing the Downtown Lane Reduction and continuing the evaluation of the Butterfield signal optimization efforts.

ADDITIONAL PROJECT BACKGROUND

The Downtown Placemaking Investment Strategy suggests "Make Downtown the most walkable, bike-friendly, urban, family-oriented, and transit-oriented neighborhood in Morgan Hill." The City has several guiding documents that provide guidance for Downtown development. Some key recommendations for Downtown within these guiding documents include:

- Slow traffic speed to make crossing easier and the district pedestrian-friendly
- Removal of speed bumps is recommended with road narrowing

- Bike lanes or bike “sharrows” are encouraged

The concept of traffic calming efforts in Downtown has been discussed and evaluated for over 20 years. The City’s guiding documents support such an endeavor. However, this topic has always been controversial in the community. In 2015, the City implemented a Monterey Road Complete Streets Pilot Project, converting one lane of traffic into a bike lane in an effort to slow down traffic and make the Downtown a more vibrant and inviting destination to shop, dine, and gather. Additionally, it was anticipated the project could improve safety for pedestrians and bicyclists visiting. While the project proved successful at accomplishing the goals of slowing down traffic and improving safety and vibrancy, City Council elected to return to the prior configuration of two travel lanes in each direction, while electing to make other improvements to the Downtown for increased safety. The Council noted that it would like the Project to be reviewed in the future upon completion of future congestion management projects, including the Hale Avenue Extension Project.

The COVID-19 pandemic has forced outdoor living, dining, and recreation, and communities throughout the nation are repurposing their streets to create more space for the community to gather safely. On May 19, 2021, the City Council approved moving forward with the first step in implementing the Monterey Road Lane Reduction and associated Place-Branding and Beautification effort in Downtown Morgan Hill. The Lane Reduction Project goals were to improve accessibility, increase safety, create additional space for community members, and businesses. The Place-Branding and Beautification Project goals were to use trees, planters, and other elements to support beautification and consistency throughout the Downtown.

City staff believe that the construction of the Hale Avenue Extension will significantly reduce the number of vehicles using Monterey Road through the Downtown, based on the traffic studies associated with the project. Hale Avenue is under construction and is estimated to be completed in late 2023.

COMMUNITY ENGAGEMENT:

Inform and Collaborate

The Lane Reduction Project has had a robust community engagement plan that included multiple community meetings, tours, townhalls, and the engagement of a 28-member [Working Group](#). In addition, engagement and outreach included notices via the City’s 411 newsletter updates, social media and the more recent “Go Green on Butterfield” education campaign.

ALTERNATIVE ACTIONS:

The City Council may choose to:

1. Implement the Lane Reduction through Downtown immediately, or
2. Hold off on placing a measure on the November 2022 ballot asking the voters to support the Downtown Lane Reduction, or
3. Direct staff to implement other traffic safety measures to calm traffic through

Downtown.

PRIOR CITY COUNCIL AND COMMISSION ACTIONS:

The Council previously acted on the Monterey Road Complete Streets/Lane Reduction Program on August 5, 2015. The City Council directed the re-establishment of two travel lanes in each direction following the trial of the Program. The Council did request the item be revisited at a later date, should circumstances change. Prior to August 2015, the Council made several actions leading to the Pilot.

On June 3, 2020, the City Council provided direction on the Monterey Road Complete Streets/Lane Reduction Program and business use of Downtown spaces. The Council did not elect to move forward with the Complete Streets/Lane Reduction Program.

Due to the COVID-19 pandemic and requests from local business owners, on May 19, 2021, the City Council provided direction for staff to return with the design of an Improved Lane Reduction Program and associated Place Branding Design for the Downtown. On August 18, 2021, the City Council authorized the City Manager to apply for and negotiate Transportation Development Act Grant Funds for bicycle lane improvements. On January 19, 2022, the Council voted on a Traffic Mitigation Plan and a Lane Reduction Implementation Schedule.

FISCAL AND RESOURCE IMPACT:

The City Council previously approved a total of \$241,000 for project implementation, including Butterfield Corridor Improvements, signage, and Downtown Lane Reduction improvements. ARPA funds as well as TDA Grant funds are anticipated to be used for this project.

CEQA (California Environmental Quality Act):

Project

The Transportation Element of the General Plan provides the option for the City of Morgan Hill to narrow Monterey Road from its existing four lanes to a two-lane arterial through Downtown. The Master Environmental Impact Report (EIR) for the Downtown Specific Plan adopted in 2009 and the Environmental Impact Review (EIR) prepared for the 2010 Transportation Element Update contain information about impacts and traffic levels of service conditions under both scenarios.
